The Negro Vote.

RICHMOND, Va., May 11th.-W. worthy of a seat in congress, my aim it first rained and then turned into will be the disfranchisement of the a heavy snow storm. all of us know and feel that it was a but the present rainfall will save the eruel piece of injustice to us to put crops. the ballot into his hands in his preseut half-civilized state. All that is necessary is the repeal of the fifteenth amendment, and I believe there is a prospect of its repeal. The South has a large vote in the electoral college and representatives in congress based on the negro as a voter. The northerner thinks we don't let him vote as he wishes, and thus get an unfair voice in both those bodies. Well, let us give up that part of our tives in consideration of the repeal of the fifteenth amendment."

#### Portland Paragraphs.

PORTLAND, May 15.—The resolution passed by the Oregon & Transcontitental directors authorizing the ssuance of \$10,000,000 additional preferred bonds, afforded railroad men a good topic for discussion yesterday. All regard this action as the preliminary engagement of the great battle that will be fought for city, June 17th, The leaders of the contending forces in the great struggle will be Henry Villard and Elijah Smith, the present president of the company.

A decision was rendered in the of the United States against the steamer City Salem, charged with violating the passenger act by carrying more passengers than allowed by law. The suit was confined to one trip from the oaseball grounds to this city on the evening of July 4th last, at which time it was proven that she carried 323 more passengers than the law allowed. As the penalty is \$10 for each passenger carried in excess of the kwful number, the court gave judgment against the

NEW YORK, May 14.-John Allen horseback from this city to San Francisco, Platt is a well known orderly. Seven years ago he made a 1,200 mile horseback trip alone through Indian territory, Arizona and Texas. Allen, who is a millionaire twice over, has been ordered by his physicians to ride thirty miles a day. He has decided to go across the continent and expects to reach the coast by October. They will pass through Pittsburg, Wheeling, Co lumbus, Indianapelis, Hannibal and Leavenworth. At the latter place they will secure pack mules, guns, tevolvers and equipments necessary for crossing the mountains. The

#### trip, it is expected, will cost \$4000. Royal Prisoners.

LONDON, May 14.—Earl Dudley, Lords Lurgan and Paul, Baron Ferriers and a number of other gentlemen were arrested early yesterday morning at Field club and arraigned to-day at the Vine street police court to answer to the charge of gambling. The court was crowded almost to suffocation with people anxious to see the noblemen arraigned as criminals. Earl Dudley appeared heartily ashamed of himself and was eager to escape the notice of the

#### John Jasper's Work. RICHMOND, Va., May 14.—The

crowning event in the ministry of Rev. John Jasper, the famous col-ored preacher and noted expounder of "the-sun-do-move" theory, occurred Sunday. Ten thousand people crowded and jammed each other at the Richmond abutment free bridge to witness the baptizing of the 200 male and female converts of the great revival now in progress.

#### The Joggins Raft.

SAN FRANCISCO, May 14 .- A special from St. John, N. B., says the man who conceived the famous Joggins raft, Hugh R. Robertson, has recently returned from the Pacific coast, and says that it depends entirely upon the action of the Dominion government whether he will build rafts in Canada or on the Pacific slope of the United States. If electoral vote and these representa: the government should remove the export duty on plling and sawn logs he says that a company now being organized in England would build rafts in British Columbia. In the event of the government deciding otherwise the company will confine their operations to the American coast, in Washington, Oregon, California and Alaska for shipment to Southern states. The company would prefer the Pacific for its operations to the coast of Nova Scotia the control of the O. R. & N. Co., at the annual election to be held in this coast it is easier to cut and float logs. and New Brunswick. The reasons for this are that on the western In these provinces logs have to be cut in the woods, hauled to the coast, built into rafts and finally launched; while on the Western coast all that has to be done is to cut the trees on the banks, tumble United States district court in the them into the river and lash them into rafts.

### Albany Points.

ALBANY, May 15 .- No clue as to the whereabouts of James Bannon, the prisoner who escaped from the county jail, has yet been obtained. Sheriff Smallmon is still at Lebanon searching for him.

The ties and war served as General Grant's planking have been distributed along Lyon street, and the work is progressing rapidly,

### Missouri Politics.

WASHINGTON, May 14.-Many of the Western senstors who have been closely watching political affairs in Missouri are confidently expecting that state to go republican at the next election.

John D. Jaynes of Sedalia is one of the wealthiest and most influential republicans in Missouri. He says the fight between the Governor Francis and Senator Vest factions has split the democratic party in twain and that the sweeting strides tariff protection is making in the state will give the republicans a splendid opportunity to win a victory at the polls when the next election comes around.

### Selleng Liquor to Minors. BAKER CITY, Or., May 44 .- The

lax enforcement of the law relative to the selling of intoxicating liquors to minors, so long prevalent at this place, culminated in a most distressing accident here yesterday.

Some boys about 15 years of age procured a keg of beer, and went off to the country for a good time. They all got drunk on the beer, and in the general hurrah Charley Snow accidentally shot Mark Boid in the knee, inflicting a yery severe wound.

### Hill Vetoed It.

ALBANY, N. Y., May 14.-Governor Hill has vetoed the Sexton electoral reform bill, on the grounds that the requirements that none but officially printed ballots shall contain the names of all the candidates of all parties and combinations pretending to be parties, are cumber-some and unconditutional.
