### South Salem Hights

Here Stretches Out Before You a Panorama,

### THE TRANSCENDENT BEAUTY AND GRANDEUR

Of which enralls the beholder with bewildering admiration and wonder. #### Albany Points.

ALBANY, May 18.—It is stated on good authority that a telegram has been received by the Oregon Pacific company at Corvallis from Vice President and Manager Wm. M. Hong, who recently went to New York city to consult with President Hogg, to the effect that he would leave that city at once for Oregon, and that arrangements had been made for the immediate resumption of work on the line eastward from this city. It has been expected that this road will be completed into Eastern Oregon this summer, and the early resumption of work on the road would certainly indicate that this much and more will be built this year. Mr. Eckleson and a party of surveyors have been in the field before the summit for several weeks. In examining the foundation of the warehouse at Muddy Station yesterday to see if any repairs were needed there was found between the joists a satchel containing a first-class kit of burglar tools, consisting of eighty pieces, all in the best of order.

Archie Hammer, who was injured falling from a scaffolding, is in a precarious condition. He continues out of his mind most of the time, and just how the case will terminate cannot be foretold.

Thirty-five sacks of gold ore went through Albany from Riddells, bound for San Francisco, via Yaquina.

#### Autopsy Held While Alive.

The wife of Washington Irving Bishop, the deceased mind reader, stoutly affirms that the autopsy recently was made while Bishop was in a trance. She characterizes the autopsy as a horrible butchery.

"Do you mean that he was alive when the autopsy was made?" she was asked.

"I certainly think so. He had a cataleptic attack once in Malta, but it lasted forty-eight hours and he was given up for dead. He has told me hundreds of times never to let a knife touch him until he was decomposed, as he had a horror of being buried alive, and I consider that autopsy to have been acruel, shameless outrage, to say the least."

"What motive could they have had?"

"They wanted his brain, and seeing him insensible, wanted to be the first to look at it. It is horrible! horrible!"

#### Cherokee Matters.

ST. LOUIS, May 17.—Latest information from the Cherokee nation is to the effect that Chief Mays has taken no action in the matter of furnishing facilities for the transaction of business by the Cherokee commission, which is expected to meet there on the 20th inst. to negotiate for the purchase of Indian lands. He refuses to call a national council to consider the matter, but says he will submit to that body at its regular session in November any proposition that the commission may make.

#### A Disastrous Storm.

KANSAS CITY, May 17.—A heavy rain storm passed over this section to-day, doing a great deal of minor damage in this city and in Kansas City, Kas., where several streets and sewers were badly washed out. The railroads are all badly demoralized, and not a road has sent in a train exactly on time to-night.

#### Disastrous Fire.

COUNCIL BLUFFS, Ia., May 17.—One of the most disastrous fires for years visited Council Bluffs this morning, destroying the steers meat packing house, containing one million pounds of meat. The loss is \$200,000.

#### Electric Fire Engine.

BELLEVILLE, Conn., May 17.—An inventor has discovered a plan for operating fire engines by electricity. He proposes to have the engines rigged with electric motors, and take power from electric light dynamos.

#### Striking Miners.

BERLIN, May 17.—Negotiations between the mine owners and striking miners looking to the settlement of their disputes, have been suspended owing to the Kraber mine owners declining to negotiate.

#### The Interstate Commission.

WASHINGTON, May 17.—The interstate commerce commission has issued a circular to the labor organizations of the country, soliciting information concerning the question of federal regulations of the safety appliances of railroads.

### Portland Paragraphs.

PORTLAND, May 18.—The German song birds have arrived. They came in on a delayed train late Thursday evening, and were at once taken to the Exposition building where every preparation for their comfort had been made.

The reception committee of the pioneer association for Marion county—the celebration of which association will be at Portland on June 18th—consists of Mrs. E. M. Waite, Mrs. I. N. Gilbert, Mrs. W. H. Odell, Mrs. George A. Edes, Mrs. Z. F. Moody.

Complaint is made of the dangerous way in which the little steamers Alarm and Cyclone are run. Every trip is a race, and run in a most reckless manner at that.

#### Hope Nearly Gone.

ASTORIA, May 17.—The Manzanilla, which arrived in this afternoon, reports leaving the Coquille river at 4:30 yesterday afternoon. When eleven miles off shore she passed large quantities of wreckage and picked up a life preserver of the Alaskan. There was no sign of any of the boats. Captain Richardson reports terrific weather all through the trip, which was made to supply the Southern Oregon coast light-houses with supplies and put down buoys.

#### Poisoned by Ice Cream.

NEW YORK, May 17.—A New Haven special says: "South Glensburg has been having a May festival in the interest of St. Luke's Episcopal church. Last night there was the largest attendance since the fair began, and the many quarts of ice cream, particularly vanilla, that disappeared was both surprising and pleasing to the managers.

After returning from the hall to their homes over a hundred persons who had eaten ice cream at the festival were taken ill.

#### Conference of Sugar Merchants.

TRIESTE, May 17.—A conference of Austrian and Hungarian sugar merchants was held to-day and resolutions were adopted urging the government to withdraw from the London sugar bounties convention.

#### Bayard's Engagement.

WASHINGTON, May 17.—The Evening confirms the rumored engagement of ex-Secretary Bayard to Miss Clymer, daughter of Dr. Clymer of Washington. The wedding will occur early in the summer.

#### CONDENSED DISPATCHES.

The New York legislature killed the dressed beef bill.

Strikes are spreading to an alarming extent in all parts of Germany.

Manella Hermann of Oregon has been appointed chief of division in the pension office.

The emperor of Germany is again troubled with his head and fears are entertained that it will become serious.

Secretary Blaine said in an informal way that President Harrison will govern in a non-partisan manner.

The Shah of Persia, journeying from Teheran to St. Petersburg, is meeting with a grand reception in Russia.

Good grain, grass and fruit lands. Sightly and healthy location, good neighborhood and good road to Salem. Can be divided into smaller farm units with pure spring water on each. Don't monkey with the real estate agent's buzz-saw, but come right to the farm (it will cost you nothing to stay all night), see my neighbors, get the uninfated facts and save fees. Price \$50 per acre. Terms reasonable. For particulars see Charlie Robertson, Grange store, Salem.

JOHN P. ROBERTSON.
