HOP GROWERS OF THE VALLEY.

A Shortage in This Year's Yield of About 5000 Bales. The Willamette Valley hop growers' association met in this city yesterday evening, with a large attendance from this county, Polk and Yamhill.

It was generally asserted that the vines are usually cut too early, which works injury to their growth. Several members were of the opinion that white help for picking is most profitable, the Chinamen being too independent and the Indians unreliable.

The standard box adopted by the association for picking is three feet long, thirty inches deep and eighteen inches wide, inside measure, holding nine bushels.

A committee was appointed to organize a mutual benefit insurance company, and will report at the next meeting, which will be held in this city on the last Friday in July.

LONDON, June 29, 1889.—The accounts lately received from the plantations are almost without exception favorable. There is a sprinkling of mould in a few districts, but is not considered of sufficient importance to materially effect estimates of yield.

It is a Curious Fact. That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good.

An old miner who was hanged by robbers in Idaho till he lost consciousness and was nearly dead, says it is a painless operation. When the rope is first drawn about the neck it hurts the skin, but as soon as the pressure on the brain begins the victim goes to sleep and knows no more.

Attendants and officers in prisons, poor houses and lunatic asylums need to be careful how they treat those committed to their care. They can never be sure that it is not a newspaper reporter they are maltreating, who will record their deeds in cold black and white, and who had himself locked up for that very purpose.

PURELY PERSONAL.

T. Patton and wife started this morning for a few days pleasure trip.

LOCAL SUMMARY.

Prof. Rork will conduct the funeral of Mrs. White, who died this morning at Turner. He goes to Turner this evening.

For your meat go to Lafore's today on State street.

Don't you forget that the Bon-Ton restaurant is the only place you can get a good square meal for the small sum of twenty-five cents.

There will be services at the Christian church to-morrow, morning and evening, Elder Scafoose occupying the pulpit.

Rev. T. L. Elliot, pastor of Unitarian church of Portland, will occupy the platform of the Unitarian society to-morrow, morning and evening. Persons of all shades of thought are invited to hear this ripe scholar.

We have eighty-six acres in a good state of cultivation, adjoining the thriving town of Gervais, at \$60 per acre, or choice of forty acres at the same price. Thirty acres of timber near by at \$30 per acre—a rare bargain.

Subject for discussion to-morrow morning at the M. E. church: "The recent great disasters—Johnstown and Seattle—and the lessons we should learn from them." Evening: "False Excuses," a lecture to the young.

Painless dental operations at Dr. T. C. Smith's, 92 State street.

Yesterday evening the horse of Capt. Lovell jerked away from Miss Lovell, who was holding him, and came tearing down Liberty street. Miss Lovell was thrown to the ground but luckily escaped without injury.

Variety is the spice of life, but for good live spices, pure coffee, a 1 tea, first-class groceries and fruits and vegetables in season the place to go is to the store of Squire Farrar & Co. Their dealings are honest and fair, Farrar, fairest.

Fourth of July Rates.

The Oregon & California R. R. will sell excursion tickets, from and to all points on the line at half fare, for the round trip. Tickets will be sold on July 2, 3 and 4, good to return up to and including July 6th, 1889.

Prospects grow brighter daily for the early construction of this motor line, which will be a grand thing for Salem and the eastern county.

The Silverton Appeal says: "Gen. Odell explained the plan fully and assured the people that the road would be built provided the requisite amount of land is listed. A preliminary survey will be run in about two weeks. Now that our people have the opportunity, why not secure this road. We feel certain that it will be a good thing for Silverton, viewed from any side, and if our people let it slip through their fingers for lack of encouragement, they will rue it."

WILL SHUT DOWN.

The Capital lumbering company will shut down this evening. Mr. Moores says they have just a few logs left, and perhaps they will be sawed up by noon to-day. As the river is so low that logs cannot be floated down, the mill will be compelled to lie idle until the water is high enough to raft logs down via the Lucklaumeit. It Salem had a flume from Mehana (as has often been talked of), she could have logs all the year round.

Inmates to the Asylum.

Christiana Elmer of Washington county was brought to the asylum to-day. She ran off one night and made threats that she would do injury to herself. Also W. H. Runby of Jackson county, age fifty years, was also brought to the asylum.

OCCIDENTAL JOTTINGS.

Lane county's oldest citizen is ninety-seven years old. His name is Hosea Brown and he lives in Siuslaw precinct.

The contract for the grading of ten miles of the Central & Gray's Harbor railroad has been let to Erickson & Son, and the work will commence immediately.

A man at Milton, Oregon, has quite a crop of cotton planted, all looking well. This may be the beginning of another profitable industry for this country.

The government work on the re-vestment above Corvallis is finished. It is believed that the tendency of the river to cut its way through that way will be effectually checked by the work.

Rattle snakes are rare in this section of the country, but they are plentiful above Eugene. A butte above Pleasant Hill in Lane county is called "Rattlesnake Butte," from the great number of these serpents that frequent the Butte.

A woman at Albany is raising a genuine coffee plant, which she has been raising at her home on the Albany prairie. The plant is quite a curiosity here, and the fact that it grows well speaks for the remarkable versatility of our soil, as well as the mildness of our climate.

At Independence a fakir is selling for \$5 each, membership in an association representing that Allen & Lewis, Charles H. Doid & Co. and other firms will sell farmers who are members goods at wholesale prices. He is selling quite a number of certificates.

It is not often we are privileged to see fine home-produced peaches in the market at this season of the year. Those brought in by Seufurt Bros., from their orchard above town, discount California fruit and show what can be done in Eastern Oregon, with a little effort put forth in the right direction.—Dalles Times.

A new coal field has been discovered within a few miles of Tacoma, comprising semi-anthracite and bituminous coals of a very superior character, and in apparently inexhaustible quantities. A party of mining men and capitalists from Kansas City have been making examinations of the country looking for coal, with most satisfactory results.

Four large whales were seen in the bay near Point Ellis says the Astoria Pioneer, blowing and thrashing around in the water. They appeared to be following up a school of sardines and would throw their huge bodies out of the water and exhibit an enormous expanse of mouth and gleaming white teeth. The sight was quite a remarkable one, as it is seldom they are seen so far from the ocean.

A gentleman claims to the Eugene Guard to have seen a singular-looking monster on the other side of the river, opposite the west end of Skinner's butte, the other day. He described it as about four feet in length, with a back four inches across like a snake, and a belly like a lizard. It had short droppers, with feet the size of a small hand, and in traveling, went part of the time on its feet, then crawled like a snake. It had a large mouth. When pursued it went into a hole.

The St. Louis Globe-Democrat has published a list of seventy-two men whose combined wealth could pay the national debt. That is, their consolidated wealth would amount to \$1,270,000,000. The Chicago Journal has been looking over the list and comes to this solid conclusion: "Aside from P. D. Armour, who is in the list for \$25,000,000, they have not contributed altogether, \$2,500 to the flood sufferers." All of which shows that the highest charity and best heart come from the middle class.

A GOOD CUP OF COFFEE.

Is a great attraction for a restaurant. The coffee drawn from Hellenbrand's Patent Coffee receptacle is one of the many Great Attractions of his eating parlors. Thousands of cups of his excellent coffee are sold every week. And as for oysters and meals he cannot be equaled in the state.

DIED.

WHITE.—Saturday at 6 a. m., June 29, 1889, in Turner, Mrs. H. B. White, aged about seventy-three years.

Mrs. White is the lady that was thrown from a buggy on last Thursday while returning home from the lecture. She was insensible to the last and passed away with very little pain. She leaves a husband and one child to mourn her loss. T. White who rents Ed Hirsch's farm about two miles from Salem is her only son.

The funeral will occur to-morrow morning at 11 o'clock. Mr. White is but little better to-day and it is doubtful if he recovers.

NOB HILL.

This new plat just put on the market is the most desirable now offered in Salem for building lots. They have no equal. The whole plat is in a fine state of cultivation, seeded in clover, with a good turf. No grubs, no stumps, no rocks or gravel, soil good, elevated and level, has a fine view of the city, surrounding country, the mountain ranges and snow-capped peaks. Pure cold well water. Is twelve blocks south of the Chemeke hotel and postoffice blocks. These lots are offered by Jones & Watson on installments, one-tenth cash and one-tenth in quarter yearly payments without interest until paid. These lots are now actually worth in cash more than the prices named for them on long time without interest. Several lots have already been sold on which fine residences will be erected, and a number more have been optioned. If you want one or more lots call on JONES & WATSON, who will show you the plat and the lots.
