The Value of Money.

The value of money in this country during its early days is probably well remembered by the old settlers, but their reminiscences would need the support of official record to be believed by some of these who dispose of their own dollars as though the only object wa to lighten their pockets of the metal burden. From one of the old documents of court recorded on file in the county clerk's office, the copy of the following note is extracted:

"Within sixty days, without grace, after date I promised to pay to the order of John Curray the sum of $2,500 with interest thereon from date until paid, at the rate of four per cent, per month, the interest payable monthly in advance, and if not so paid to become a part of the principal and bear thereafter the same amount of interest, compounding monthly for value received. T. A. MUDGE."

This note was given in 1856. In 1861 the note had not been paid, and Curray received judgment in the sum of $21,436.—Santa Rosa Democrat.

One Way to Lay a Ghost.

Bill skimmins buried his father in a most unhandsome way very near his barn, said the man at the stable. The neighbors thought it was a shame, and made a good deal of talk about it. One of them thought he would punish Bill by scaring him, and laid in wait for him near his father's grave on a dark night.

As bill went on his way from the barn the man rose up as if from the tomb and exclaimed in a ghostly voice, "I'm your father, Bill!"

"Who said you warn't?" Bill answered. "Git down there in your hole whar you belong!" and he struck him across the face with a bridle he was carrying such a rap that the would-be alarmist carried the scar for months.—Lewiston Journal.

A Boston newspaper thinks it high time that the expressions "the colored lawyer," "the colored artist," and the like were expunged from the vernacular phraseology, and says: "How would it look, for instance, to speak of Washington Flanders, Esq., the bald-headed bank president; or of Ulysses Flaherty, the bandy-legged broker; or of Cornelius Cronan, the cross-eyed correspondent of the Concord Chronotype?"

HE SENT IT EAST.

For a year I was troubled with pains in my back and side, and headaches, the result of liver and kidney trouble. I was attracted to Joy's Vegetable Sarsaparilla by the startling testimonials in the papers and which seemed so practical I was induced to try it, knowing that as it was purely vegetable, it would at any rate do no harm. It acted as a gentle laxative and after the second bottle my pains and aches disappeared and I felt like a new man. It did so much for me that I sent several bottles to my family in New Jersey, who also took it with the most satisfactory results.

A bushel of corn distilled will make four gallons of whisky. Government tax on four gallons of whisky, $2. The whisky made ripe by the new Jay-Eye-See rapid process sells for $4 a gallon, making $16 for four gallons. Of this $16 the farmer gets 25 cents, the government gets $3.60, the railroad gets $2, the manufacturer gets $4, the vender gets $6.25, the user gets hell.

EUPEPSY.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters—Entire satisfaction guaranteed, or money refunded.—Price 50cts. and $1.00 per bottle at Dan'l J. Fry's drug store.

It is asserted, denied and asserted again that a castor oil trust has been formed. The more plausible statement is the last. There are only seven mills in the country crushing oil from the castor bean, but it would not take a great deal of capital to start seven other mills.

Oregon is one of the most productive states in the Union. Its vast mineral regions contains gold, silver, copper, iron, and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Wee Pee State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by D. W. Mathews.

For the Public Good.

It is an indisputable fact that the handsomest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west. The first and second class coaches are magnificent, the reclining chair cars suburb, the Pullman sleepers extremely luxuriant, and as for the meals that are served in those palace Burlington dining cars—yum yum. The next time you go east to Kansas City, Chicago or St. Louis, if you mention to the ticket agent that you want your ticket to read from Denver or St. Paul over the Burlington route, you will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of The Burlington Route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 350 miles, amidst scenery that cannot be surpassed; or, if you go via the Oregon Short Line or Southern Pacific, and your ticket reads via The Burlington Route from Cheyenne or Denver, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent. For further information apply to A. C. Sheldon, General Agent, 85 First street, Portland, Oregon. 4-19d&wtf

THE VERDICT UNANIMOUS.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a botile at Daniel J. Fry's drugstore.

EPOCH.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is greatfully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at Daniel J. Fry's Drugstore.

A Fortunate Druggist.

Mr. Edwin W. Joy for many years and now a prosperous druggist on the corner of Stockton and Market streets in San Francisco, probably never dreamed of rivaling in wealth the medicine kings of the country. But various rumors having been floating around to the effect that he has struck it big, an *Examiner* reporter was detailed to unearth the cause, and after much difficulty unraveled the following story:

It seems that about seven years ago an English physician, a great student of botany, located in this city. His practice was not extensive, and yet the few cases that came to him attracted no little attention. His success seemed to be in the treatment of liver and kidney disorders, and vitiated blood. In fact his ability to cope with these common complaints was marvelous. He seemed almost infallible, and his quiet modest methods and his well-kept secret was as much a mystery as himself. After his departure about a year later Mr. Joy determined to fathom the secret, and copying all the prescriptions he had filled for the erratic doctor he began a systematic analysis. In his examination he discovered running all through the prescriptions for liver and kidney troubles, vitiated blood and stomach disorders a couple of vegetable extracts indigenous to California, so simple and so well known under homely every day names to every school boy as to entirely dissipate the suspicion that they were the active principles involved. So certain, however was Mr. Joy that he had discovered the secret, that he embodied the new elements in a preparation of Sarsaparilla to disguise the taste, and put it before his customers under the modest name of Joy's Vegetable Sarsaparilla. Immediately the same marvelous stories came back of its astonishing effects, and the mystery was solved, and the talk it has created has already caused it to step into prominence, and orders pour in daily from all over the coast. And thus another California industry leaps into existence.—*S. F. Examiner.*

Wright's Red Cross Cure unequaled for recent and chronic coughs and colds, and all irritability of the air passages. Sold by all druggists

It Is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

LITTLE WOMEN

are as a rule, possessed of happy dispositions but when these sweet dispositions become soured and irritable, in consequence of the long train of distressing features peculiar to female complaints, they are then not companionable to say the least. It is the duty, not only of little women, but of all women so afflicted, to bring about the subjection, and immediate removal, of these painful maladies. This is easily accomplished by the use of Dr. Pierce's Favorite Prescription, the great specific for "female weakness." It is a positive cure for the most flowing, painful menstruation, unnatural suppressions prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, and kindred ailments. All druggists.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a great revival of trade at Daniel J. Fry's Drugstore as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted.

LOST IN THE STORM.

One of our local editors clipped from a leading magazine extracts from a vivid description of a western blizzard which we have taken the liberty to publish and at the same time suggest to H. H. Warner & Co., the proprietors of the celebrated Warner's Safe Cure, the feasibility of taking therefrom an extract for the introduction of one of their telling advertisements. The following is the description:

"At the close of a dark day in January a solitary horseman wends his way across the open prairie in one of our western territories. He passes at long intervals the lone cabin of the hardy frontiersman. Two or three old settlers, of whom he has inquired the way, have warned him that a storm is approaching, and one of them, with true western hospitality, urges him to find shelter in his cabin for the night. But he declines the proffered kindness and urges his tired horse forward. * * * The sky grows suddenly dark. * * * He decides to seek shelter. * * * The storm increases in its fury. * * * The rider dismounts to warm his fast chilling limbs. * * * Can scarcely breathe. Blindness comes on. Drowsiness steals over him. The end is near. * * * He is lost in the blizzard."

There is no doubt that the terror which seizes the bewildered traveler is similar to that which overcomes one when he learns that he is suffering from an advanced Kidney Disease, and is informed that he is in the last stages of Bright's disease. At first he is informed that he has a slight kidney affection. Later he begins to feel tired. Slight headache. Fickle appetite. Failure of the eye-sight. Cramp in the calf of the legs. Wakefulness. Distressing nervousness. Rheumatic and neuralgic pains. Occasionally pain in the back. Scanty, dark colored fluids, with scalding sensation. Gradual failure of strength.

Any of the above symptoms signify Kidney Affection, but he is told that he is all right. His physician treats him for symptoms and calls it a disease, when in reality it is but a symptom of Kidney trouble. He may be treated for Rheumatic or Neuralgic pains, heart affection, or any other disease which he is most susceptible to. Finally the patient has puffing under the eyes, slight bloating of the ankles and legs. His physician may inform him that it is but the accumulation of blood in his ankles for want of proper exercise.

The bloat continues and reaches his body.

Then he is informed he has dropsical troubles, and is tapped once or twice. He notices it is difficult to breathe owing to irregular action of the heart, and finally is informed that he has a slight attack of Bright's Disease. Soon his friends are notified that his is an advanced case of Bright's Disease, and that he can live but a short time. His honorable and dignified physician asks for counsel. It is too late. Still he sticks to the old family physician, and the physician knows and has known from the beginning that the patient has been stricken with death for months, for he knows full well that the profession acknowledge they have no remedies for the cure of Kidney Disease.

At last the patient suffocates—is smothered—and dies from dropsical trouble. Or perhaps the disease may not take the form of a dropsical tendency, and the patient dies from apoplexy, paralysis, pneumonia or heart trouble. Or it may take the form of blood poisoning. In each form the end is the same. And yet he and his friends were warned by the proprietors of the celebrated remedy known as Warner's Safe Cure, of the lurking dangers of a slight Kidney affection.

The newspapers have published the dangers. Columns of facts have been printed of men dying from advanced Kidney Disease or Bright's Disease. His friends and physician look around with horror and regret for seeming neglect, but he is lost. He did not heed the warning that a storm was approaching. He declined the proffered hospitality, and reckless went forward into danger. He struggled manfully for a time, but his strength failed, he grew gradually weaker and he was lost to the world. Not in a blizzard, but from the terrible malady which is almost daily occurring in every community, and which is doctored as a symptom instead of what it is,—a mortal disease unless properly treated.

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at Daniel Fry's drug store.
