Iron Horse Talk. The Dallas Itemizer, in speaking of the proposed Salem, Dallas & Luckiamute railroad, says: "The people of Salem, Dallas, Falls City, and the intermediate country are in dead earnest about building a railroad."

More Aid Needed. A great calamity has fallen upon Ellensburg, W. T., in her complete destruction by flames. The loss is fully \$2,000,000 and many people have lost their all and are in a destitute condition.

A Good Showing. "Did you notice that most of the sales of real estate of recent date are made to parties from the east who propose making their homes among us?"

Oregon Press Association. The Oregon press association will meet some time in August at Newport to devise ways and means for the furtherance of the mystic art.

Lots of Runaways. Salem seems to be the banner city of the coast for runaway accidents. As a rule they are the result of carelessness in the handling of horses.

Installation of Officers. This evening at eight o'clock at their lodge room in this city occurred the installation of officers of Olive lodge, I. O. O. F. All members and visiting officers are invited to be present.

No More Diphtheria. That terrible and death-dealing malady, diphtheria, has had its run on Howell prairie. Two members of the family of C. S. Morgan were carried off by it, and four others of the family had it in a most severe form, but have now about recovered.

Mr. Sheridan Very Ill. James Sheridan, who resides in East Salem, is growing very weak and his recovery is now a matter of serious doubt. His complaint is cancer and he is not far from eighty years of age.

The Name Changed. Rather than conflict with this paper George Rogers has decided upon calling his paper The State Democrat. Its publication day will be Saturday and the initial number will be given to the public on Friday next.

BIG FIRE AND NO WATER.

The Residence of Ed. Hirsch Consumed by the Hungry Flames. It was half past eleven o'clock last night when the deep tones of the fire bell rang out huskily upon the midnight air. Their summoning tones announced that a conflagration was in progress.

The fire was learned to be at the residence of Councilman Ed. Hirsch, to which place the steamers and hose carts hastened. This residence is at the corner of High and Union streets and by the time of the arrival of assistance the flames were leaping madly from the top of the house.

Capital engine was first of the steamers on the ground, but as her hose was attached to a rusty old hydrant her prompt arrival was of not much avail. The North Salem hose cart has the honor of having the first stream on the blaze, but as there was not enough city pressure to throw the water over four or five feet, the stream could not be placed to do any good.

The electric lights went out promptly on time, just as the hose was being reeled up. And after the fire was all out, and while one line of hose was putting out a few stray sparks, the city water works had heard there was a fire, so to speak, and then they put on some pressure.

If Salem must depend on such a low pressure in case of a sea of flame she had far better place a cistern at every second corner and let the city water crawl along for domestic purposes. Had there been any pressure on last night this fire could have been conquered in a few minutes from the time the first stream was on, but there was none and the poor water service is responsible for the destruction of the residence.

Most of the clothing, trunks, furniture, etc., in the upstairs rooms was saved and the loss will not be heavy. The house was the property of Mrs. Hermann of Portland.

For Nashville, Tenn. Prof. E. B. and Mrs. McElroy, Miss Linnie Lewis and F. C. Perrine started this morning for Nashville, Tenn., where they will attend the National educational association. Aside from the above named, Oregon will be represented at this association by no less than thirty teachers, some of whom are: Prof. M. L. Pratt of Astoria, Prof. D. W. Jarvis of Athena, Prof. H. W. Herren of Portland, President Van Scoy of Salem and Prof. Van Scoy of Jefferson.

The Capital City Band. The people of this city wish to have a good band and the young men of Salem who are now members of the band are trying to get up a first class band. The citizens should help them in their struggle and subscribe a small amount each toward securing a good leader. When Prof. Coomer was leader of this band it was one of the best in the state and the boys are all very good players but need instruction to help them out. The citizens subscribed enough to build a band stand in Wilsons avenue and now they ought to help the boys to get a teacher.

The Fly Crop.

The common fly lays more than 100 eggs, and the time from egg-laying to maturity is only about two weeks. Most of us have studied geometrical progression. Here we see it illustrated. Suppose one fly commences "to multiply and replenish the earth" about June 1st. June 15, if all alive, would give 150. Suppose 75 of these are females; July 1st would give us, supposing no cruel wasp or other untoward circumstances to interfere, 11,250 flies. Suppose 5025 of these are females, we might have, July 15th, 343,720 flies. It might cause bad dreams if carried on further.

What is the most money ever made by a tug in one trip? was asked by a New York Sun man of an old tugman in South street. "The very largest money ever obtained was when two tugs picked up a derelict off Sandy Hook. She was in good condition but had been abandoned by her crew who were panic stricken. She was drifting ashore and the courts allowed her a salvage of \$28,000 for the two, or \$14,000 for a day's work each. But that wasn't a towing job. The biggest price ever paid by a ship for towing at this port, so far as I know, was when a ship captain had beat his way up to the light-ship after a long winter voyage from Manila. Reaching this point with the harbor before him, the northwest wind became a gale he could not face, and he saw the shores of Staten island fade and thought that he had Bermuda hard abroad. He couldn't stand that prospect and was compelled to pay \$1,500 by a heartless tug captain of about my size and disposition."

A Umatilla county farmer bought some "English Mould" wheat at an enormous figure. His neighbors all poked fun at him for being so easily swindled. Now the wheat has come up, 110 grains to the head, large, plump kernels, finest thing out, and the farmer has put the price at \$10 a bushel for seed wheat, and his neighbors are going to buy.

A Great Battle.

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. A good reliable medicine like Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore peace and bodily health for many years. Try this peculiar medicine.

MARIT WINS.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Sold by Daniel J. Fry, druggist.

A SAFE INVESTMENT.

A GOOD CUP OF COFFEE.

Is a great attraction for a restaurant. The coffee drawn from Hellenbrand's Patent coffee receptacle is one of the many Great Attractions of his eating parlors. Thousands of cups of his excellent coffee are sold every week. And as for oysters and meals he cannot be equaled in the state.

THAT TIRED FEELING.

Attends nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's sarsaparilla is just the medicine needed. It tones and builds up every part of the body and also expels all impurities from the blood. Try it this season.
