Tipping in England. The complaint of the traveler against the English system of tips waxed every year more bitter. It has become impossible for persons of moderate means to visit at large establishments, no matter upon what footing they stand with their owners, because it costs so much to fee the servants. "I came away from England without going to see my sister," a gentleman said recently, "because I will not submit to the tipping. Her husband has a big establishment, and it would make all the servants think she had shabby relatives for me to go there and not do the conventional thing, and that I will not submit to. When they stayed with me about three weeks, and when they were going away he wanted to fee the servants, and I told him that that was an insult to me. I said that it was an intimation that I could not or would not have him properly served without his paying for it, and that in America it was a point of honor with us to see that our hospitality was not paid for by the guest. I don't think he liked the way I put it, but he could not think of anything to say."

A Nest of Counterfeiters. ELPASO, Texas, July 12.-A nest of counterfeiters was broken up here last night and they were captured across the river in Mexico. Excellent specimens of spurious Mexican coin and American money were recovered, together with an extensive plant of dies and molds.

A Terrible Fire. RUTHEVES, Ont., July 12.-The Excelsior gas works were discovered to be on fire yesterday. It is still burning, and everything near is being consumed. The fire cannot be stopped, and will have to burn itself out.

Rumored Consolidation. NEW YORK, July 11.-It is rumored in Wall street that the Postal telegraph company has been consolidated with the Western Union, and an advance in telegraphic rates is expected. It is also said that at the time the Nevada bank lost an immense sum of money through a wheat deal, Mackay sadly needed ready cash, and had a lengthy interview with Western Union officials. Since then he has had plenty of available money. At that time a fierce rate war was in progress, but now it is announced a working arrangement has been reached by which rate cutting can be ended. Postal officials deny that Mackay has sold out, and the Western Union refuses to confirm the rumor.

Whipped Him Fairly. ST. LOUIS, July 11.-Kilrain and party arrived here this morning. Kilrain looks badly, but he is as far from the grave as before the fight, in so far as the injuries received in the battle are concerned. His face is badly bruised, both eyes blackened, lip cut, but not severely, and his jaws give evidence of the taps.

To Raise the Quarantine. WASHINGTON, July 11.-Some days ago the state officials of New Jersey notified Secretary Rusk of their intention to raise the quarantine against pleuro-pneumonia. To this the secretary to-day made a vigorous protest. In case the local quarantine is raised, the secretary gives notice that he will at once establish national regulations to effect the desired end.

Go-As-You-Please Marriage. NEW YORK, July 11.-Mrs. Mary H. Plunkett and A. B. Worthington, the leading Christian scientists who were recently married by their own peculiar method after Mrs. Plunkett had, without the court's aid, but by mutual agreement, been divorced from her husband, have published a justification of their conduct.

POINTS FROM LINN'S CAPITAL. A Big Mill For the Santiam-Railroad Surveyors. ALBANY, July 12.-The Pacific land company, a syndicate of Michigan capitalists, a member of which is Governor Alger, has three mills running in Washington territory and proposes erecting three as large ones in Oregon. One of these is to be built on the Santiam, just where is not yet known, but probably pretty close to the Oregon Pacific. Captain Stone, who is in the city representing the company, is a shrewd man and keen observer and knows the business thoroughly. He says the Santiam offers one of the grandest water powers to be found anywhere. The mill building will cover a space 600x300 feet and will have a capacity of 600,000 feet a day, making it the largest mill in Oregon. It will take a twelve double engine or 1800 horse power to run it, and will, in connection with the business, require the service of several hundred men. The plant will represent several hundred thousand dollars in money.

Surveyor W. B. Barr, of the Albany & Astoria railway commenced the work yesterday of preliminary survey of the line. He has a party of fifteen men. They will start near the ferry and will be run on a direct line through the northwest corner of Benton county, through Polk and a portion of Yamhill counties, to Tillamook, probably connecting there with the Astoria & South Coast railway. The definite location of the route is the work undertaken by the surveyors, after which the company will secure the right of way.

Ellensburg Rebuilding Rapidly. ELLENSBURG, W. T., July 11.-The loan offices have been crowded all day with people anxious to mortgage property for money to rebuild. There is a disposition on the part of the agents to give all a fair show. The leading agencies have no hesitancy in negotiating long loans at 8 and 9 per cent. net on gilt edged business property, some even going as low as 7. Contracts for brick buildings to-day has increased the total to 4000 feet of frontage, an increase of 1000 feet since yesterday. People who had frame shanties bringing good rent before the fire, and who refused to build, are now taking hold as vigorously as the most enterprising citizens.

Sullivan Released. NASHVILLE, Tenn., July 12. Yesterday evening Judge McAllister of the circuit court heard the arguments in Sullivan's petition for a writ of habeas corpus. In rendering his decision the judge was very emphatic in his declaration that to hold Sullivan longer would be a most arbitrary act on the part of the court; that the officers had arrested him without a warrant or the authority of the law; and that the misdemeanor was not extraditable by the laws of the Tennessee courts and by the precedents of Governor Tyler. He therefore ordered Sullivan released.

News From Chicago. CHICAGO, July 12.-The American league this morning issued circulars calling for reorganization of united order of deposits. Judge Tuttle refused to notify the injunction against the board of trade so as to permit adoption of fifteen minute rule in reading quotations. It is likely that Mayor Cregier will veto the franchise of the Standard oil company.
