A LUCKY TRIAL.

The Good Fortune Which Followed.

It affords me great pleasure to send to you this voluntary statement of my experience in testing the merits of Joy's Vegetable Sarsaparilla. For the past five years I have been troubled with an exceedingly sluggish liver, including loss of appetite and distress after eating, pains in the back and kidneys, and boils around my neck and face. I tried many liver remedies, only getting temporary relief. I was recommended to try a bottle of "The California Remedy" Joy's Vegetable Sarsaparilla as a test, and while taking the first bottle I became convinced of its merits, for I could feel it was working a change in me. I took five bottles, and during that time my troubles left me. Everything is working full and regular, in fact it has cleansed, purified and braced me up generally. I feel like another man. You are at liberty to use this as you see fit, or can refer whom you please to

Oregon is one of the most productive states in the Union. Its vast mineral regions contains gold, silver, copper, iron, and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Web Foot State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by D. W. Matthews.

For the Public Good.

It is an indisputable fact that the hand-somest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west. The first and second class staterooms are magnificent, the free dining chairs served in those "free" dining cars, are—yum yum. The next time you go east to Kansas City, Chicago or St. Louis, (if you mention to the ticket agent that you want your ticket to read from Denver or St. Paul over the Burlington route, you will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of the Burlington Route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river a distance of 350 miles, amidst scenery that cannot be surpassed; or, if you prefer to go via the Oregon Short Line or Southern Railway, your ticket reads via the Burlington Route from Cheyenne or Denver, you will pass through all the thrilling cities and towns located in what is popularly known as the Heart of the Continent. It is a Curious Fact

That the body is more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it'll do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

LITTLE WOMEN

are as a rule, possessed of happy dispositions but when these sweet dispositions become sources of irritability, in consequence of the long train of distressing features peculiar to female complaints, they are then not comparatively to say the least, it is the duty, not only of little women, but of all women so afflicted, to bring about the subjection, and immediate removal, of these painful maladies. This is easily accomplished by the use of Dr. Pierce's Favorite Prescription, the great specific for "female weakness." It is a positive cure for the most forcing, painful menstruation, irregularity, nervous prostrations or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, and kindred ailments. All druggists.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a great revival of trade at Daniel J. Fry's Drugstore as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

POOR PEOPLE'S CHANCES.

Some years ago a city missionary was crossing one of the parks in New York on the Sabbath day and said to a lad, "What are you doing here, breaking the Lord's day? You ought to be at Church and worshipping God instead of breaking the Sabbath in this way." The poor lad in his rags looked up at the city missionary and said: "Oh, sir, it's very easy for you to talk that way, but God knows that we poor chaps ain't got no chance."

The sentiment seems to be growing that in the United States the time has arrived when "the poor chaps don't have no chance."

There is some truth in it. The poor are not shut out from making a livelihood, but the gulf between riches and poverty continually grows more difficult to cross. As the country becomes densely populated keen business competition decreases the chances for accumulating wealth by ordinary business methods.

But the same conditions vastly improve the chances for great success to those who can strike on in new paths, can furnish something to the world that others cannot.

True merit, in commodity or ability, will win easily and with grand results in this country, if the masses can be induced to recognize it. This recognition can only be accomplished by what are sometimes sneeringly alluded to as advertising methods.

What a marvelous success has attended the thorough introduction to the world of the merits of that wonderful remedy for kidney disease—Warner's Safe Cure. Hon. H. H. Warner first came to know of its curative power by being restored to health from what the doctors pronounced a fatal kidney trouble. He concluded the world ought to know of it and in the ten years since he began its manufacture he has spent millions of dollars in advertising the Safe Cure. His methods have been ingenious—sometimes, perhaps, open to criticism, but they had a purpose, which has been accomplished.

But mark! he never would have secured a four fold return of the vast sums thus expended if the real merit of the remedy had not been fully proven to the millions of people reached by his advertisements.

Ten years of increasing success of Warner's Safe Cure he has done, first, to inform and please advertising, by which the people were made acquainted with the remedy. Second, to the true worth of the remedy, proved by actual experience, showing it to be the only specific for kidney disease, and all diseases growing out of kidney derangement.

Mr. Warner has something the people want, tells them so, then proves it to their satisfaction—success follows as a matter of course.
