Tea Good Things to Know. 1. That salt will curdle new milk; hence in preparing milk porridge, gravies, etc., salt should not be added until the dish is prepared.

2. That clear boiling water will remove tea stains and many fruit stains. Pour the water through the stain, and thus prevent its spreading over the fabric.

3. That ripe tomatoes will remove ink and other stains from white cloth; also from the hands.

4. That a tablespoonful of turpentine boiled with white clothes will aid in the whitening process.

5. That boiled starch is much improved by the addition of a little sperm, salt or gum arabic dissolved.

6. That beeswax and salt will make rusty flatirons as clean and smooth as glass. Tie a lump of wax in a rag and keep it for that purpose. When the irons are hot rub them first with the wax rag, then scour with a paper or cloth sprinkled with salt.

7. That blue ointment and kerosene mixed in equal proportions and applied to bedsteads is an unfailing bedbug remedy, as a coat of white-wash is for the walls of a log house.

8. That kerosene will soften boots and shoes that have been hardened by water, and render them as pliable as new.

9. That kerosene will make tin teakettles as bright as new. Saturate a woolen rag and rub with it. It will also remove stains from varnished furniture.

10. That cool rain water and soda will remove machine grease from washable fabrics.—The Sanitarium.

It should be generally known that Dr. Henley's Dandelion Tonic increases a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and wakefulness and will infuse new life and strength into the weakest invalid. Sold by D. W. Mathews.

"Please, ma'am, will you give me an old suit of your husband's clothes? I am one of the Johnstown flood sufferers." "Poor man! Of course I will. Come right in. So you were in that dreadful flood, were you?" "No, ma'am, but my wife sent all my clothes to the people who were."

This is the season of the year when the raw, cold winds cease and have with the hands and complexion. Soft white hands and a clear "peachy" complexion can be assuredly preserved by the frequent application of Dittard's Specific. If rubbed into the skin well it leaves no greasy surface. The skin absorbs it. Sold by D. W. Mathews.

She—Speak out, Mr. Prudence, if you have anything to say. He—No, thank you. There's a phonograph hid under the center-table, your little brother is under the sofa, the hired girl is listening at the key-hole and your mother is looking over the transom. The only thing that restrains me is my doubts as to the whereabouts of your father.

Oregon is one of the most productive states in the Union. Its vast mineral regions contains gold, silver, copper, iron, and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Web Foot State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by D. W. Mathews.

An Ungainly Creature. Man is an ungainly creature at the best. His head is an irregular spheroid, his eyes are not alike or of equal efficiency, his whiskers won't grow uniformly. One shoulder is higher than the other, one hand or foot larger—and this is on opposite sides—his hips (if he has any) are unequal in shape. The calves of his legs are not twins in anything but age; and without his tailor, hatter and bootmaker he is a sorry looking animal.—Ogden Argus.

Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewert, Deatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles." Try it. Sample bottle free at Daniel J. Fry's drugstore.

An exchange speaks of a "new tobacco center." An old tobacco scenter is the man who smokes a vile cigar in the parlor.

The immediate symptoms of Dyspepsia, or Indigestion, are a distressing sense of weight, oppression and fullness in the stomach; heartburn, loss of appetite, flatulency, belching, flatulency, nausea pains in the shoulders and breast. Dr. Henley's Dandelion Tonic promotes healthy digestion and removes all unhealthy symptoms. Sold by D. W. Mathews.

Ordered that this list be published as by law required. Done by June term, 1889. T. C. SHAW, County Judge.

If you have a discharge from the nose, offensive or otherwise, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull or debilitated, pain or pressure in the head; take cold easily, you may rest assured that you have catarrh. Thousands of cases annually, without counting that of the above symptoms terminate in consumption and end in the grave. No disease is so common, more deceptive, less understood or more unsuccessfully treated by physicians. The manufacturers of Dr. Sage's Catarrh Remedy have, for many years, offered a standing reward of \$500 for a case of Nasal Catarrh, no matter how bad or of how long standing, which they cannot cure. Remedy sold by druggists at 50 cents.

POOR PEOPLE'S CHANCES. Some years ago a city missionary was crossing one of the parks in New York on the Sabbath day and said to a lad, "What are you doing here, breaking the Lord's day? You ought to be at Church and worshipping God instead of breaking the Sabbath in this way." The poor lad in his rags looked up at the city missionary and said: "Oh, sir, it's very easy for you to talk that way, but God knows that we poor chaps ain't got no chance."

The sentiment seems to be growing that in the United States the time has arrived when "the poor chaps don't have no chance."

There is some truth in it. The poor are not shut out from making a livelihood, but the gulf between riches and poverty continually grows more difficult to cross. As the country becomes densely populated keen business competition decreases the chances for accumulating wealth by ordinary business methods.

But the same conditions vastly improve the chances for great success to those who can strike out in new paths, can furnish something to the world that others cannot.

True merit, in commodity or ability, will win easily and with grand results in this country, if the masses can be induced to recognize it. This recognition can only be accomplished by what are sometimes sneeringly alluded to as advertising methods.

What a marvelous success has attended the thorough introduction to the world of the merits of that wonderful remedy for kidney disease—Warner's Safe Cure. Hon. H. H. Warner first came to know of its curative power by being restored to health from what the doctors pronounced a fatal kidney trouble. He concluded the world ought to know of it and in the ten years since he began his manufacture he has spent millions of dollars in advertising the Safe Cure.

His methods have been ingenious—sometimes, perhaps, open to criticism, but they had a purpose, which has been accomplished.

But mark! he never would have secured a four fold return of the vast sums thus expended if the real merit of the remedy had not been fully proven to the millions of people reached by his advertisements.

Ten years of increasing success of Warner's Safe Cure is the first, legitimate and pleasing advertising, by which the people were made acquainted with the remedy. Second, to the true worth of the remedy, proved by actual experience, showing it to be the only specific for kidney disease, and all diseases growing out of kidney derangement.

Mr. Warner has something the poor can't wait to tell them so, then proceed to their satisfaction—success follows as a matter of course.

LITTLE WOMEN

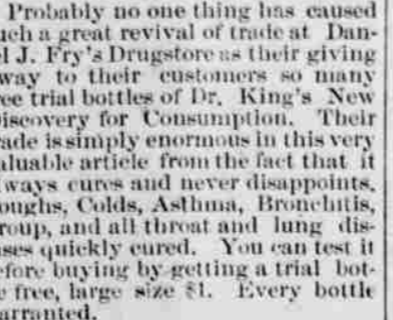

are as a rule, possessed of happy dispositions but when these sweet dispositions become soured and irritable, in consequence of the long train of distressing features peculiar to female complaints, they are then not companionable to say the least.

It is the duty, not only of little women, but of all women so afflicted, to bring about the subjection, and immediate removal, of these painful maladies. This is easily accomplished by the use of Dr. Pierce's Favorite Prescription, the great specific for "female weakness." It is a positive cure for the most flowing, painful menstruation, unnatural suppressions, prolapsus or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, and kindred ailments.
