Preserving Eggs.

There are many ways in use by dealers for the preservation of eggs. The method most practiced throughout the country is the pickle of lime and salt, but even in this there is no exact agreement as to the proportions to be used. The following is one of the formulas used: Take one bushel unslacked lime and eight quarts salt to sixty-five gallons of water. Slack the lime with a portion of the water and salt. Stir it, and when well settled and cold draw off the clear pickle into the preserving cask to the depth of fifteen inches and put in as many eggs as the pickle will cover; at the same time pour in some pickle that is a little milder, so that the fine lime particles floating in it may close the pores in the shells.

Continue in this way as every lot of eggs is added, and not put in lime enough to settle in a thick sediment at the bottom and hold some of the eggs fast. Keep in a cool place, always covered a few inches with the pickle. When within a few inches of the top cover the eggs with a cotton cloth, and on it spread two or three inches of fine lime that has settled in making the pickle, which should come up high enough to cover this lime.

The Age of Modern Man.

People are fond of saying that "Mankind is growing wiser and weaker." But is it really so? Let us glance at the facts. According to the latest statistics there are more centenarians now living than at any previous time in the history of the world. Why? Because of the great discoveries in medical science which afford him immunity from diseases that formerly devastated mankind. Greatest of them all is Dr. Pierce's Golden Medical Discovery, the best blood-purifier and renovator of the age. Scrofula, fever-sores, tumors, unsightly ulcers and eruptions vanish like magic beneath its beneficent influence.

A Georgia Lady's Vivid Imagination.

A lady of Cone was left alone a few nights since, all of her family having gone to a dance a few miles off, thinking probably of the good time the dancers were having, when a spool of black thread jumped from the basket to the floor and began to dance a jig. It spun out into the middle of the floor, jumped a foot or so high, and kept up the dance until nearly all the thread was wound from the spool. The lady looked on quite fascinated at the antics of the spool, and then got near, stood over it to keep it in motion, but could not discover anything. She picked it up, rewound the thread, and has been trying to solve the mystery with some of her friends for some time, but the puzzle remains unraveled yet.—Widex (Ga.) Watchman.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, letter chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box.

For sale by Daniel J. Fry, druggist.

A man can enjoy himself at a public dinner without getting so full as to be obliged to put on his hat with a shoe horn next day.

A box party is not a pugilistic soiree, as may be supposed from the phrase. It is a talking match, conducted while the play goes on.

Electric Bitters.
This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malaria fevers.—For cure of Headache, Consumption and Indigestion try Electric Bitters—Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and \$1.00 per bottle at Daniel J. Fry's drugstore.

The National confectioners' association proposes to refine its own sugar and become independent of trusts.

Cotton will cover an acreage for 1889 of 20,309,480. The condition is generally reported as very satisfactory.

The consolidation of four of the largest breweries in Brooklyn is remarkable because it was accomplished with American, not British gold.

For the Public Good.

It is an indisputable fact that the handsomest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west. The first and second class coaches are magnificent, the reclining chair cars superb, the Pullman sleepers extremely luxurious, and as for the meals that are served in these famous Burlington dining cars—yum yum. The next time you go east to Kansas City, Chicago or St. Louis, if you mention to the ticket agent that you want your ticket to read from Denver or St. Paul over the Burlington route, you will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of the Burlington route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 500 miles, amidst scenery that cannot be surpassed, or if you want to see the heart of the country, the Burlington route from Cheyenne or Denver, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent. For further information apply to A. C. Sheldon, General Agent, 30 First street, Portland, Oregon. —J. H. D.

Ordered that this list be published as by law required. Done by June 10th, 1889. T. C. SHAW, County Judge.

If you have a discharge from the nose, offensive or otherwise, partial loss of the sense of smell, taste or hearing, eyes watering or weak, feel dull or debilitated, pain or pressure in the head; take cold easily, you may rest assured that you have Catarrh. Thousands of cases annually, without manifesting half of the above symptoms terminate in consumption and end in the grave. No disease is so common, more deceptive, less understood or more successfully treated by physicians. The manufacturers of Dr. Sage's Catarrh Remedy have, for many years, offered a standing reward of \$500 for a case of Nasal Catarrh, no matter how bad or of how long standing, which they cannot cure. Remedy sold by druggists at 50 cents.

EPOCH.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and it is the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1.00 per bottle at Daniel J. Fry's drugstore.

A Fortunate Druggist.

Mr. Edwin W. Joy for many years and now a prosperous druggist on the corner of Stockton and Market streets in San Francisco, probably never dreamed of rivaling in wealth the medicine kings of the country. But various rumors having been floating around to the effect that he has struck it big, an Examiner reporter was detailed to unearth the cause, and after much difficulty unraveled the following story.

It seems that about seven years ago an English physician, a great student of botany, located in this city. His practice was not extensive, and yet he was called to him attracted no little attention. His success seemed to be in the treatment of liver and kidney disorders, and vitiated blood. In fact his ability to cope with these common complaints was marvelous. He seemed almost infallible, and his quiet modest methods and his well-kept secret was as much a mystery as himself. After his departure about a year later Mr. Joy determined to follow the secret, and copying all the prescriptions he had filled for the erratic doctor, he began a systematic analysis. In his examination he discovered running all through the prescriptions for liver and kidney troubles, vitiated blood and stomach disorders a couple of vegetable extracts indigenous to California, so simple and so well known under homely every day names to every school boy as to entirely dissipate the suspicion that they were the active principles involved. So certain, however was Mr. Joy that he had discovered the secret, that he embodied the new elements in a preparation of Sarsaparilla to disguise the taste, and put it before his customers under the modest name of Joy's Vegetable Sarsaparilla.

Immediately the same marvelous stories came back of its astonishing effects, and the mystery was solved, and the talk it has created has already caused it to step into prominence, and orders pour in daily from all over the coast. And thus another California industry leaps into existence.—S. F. Examiner.

Wright's Red Cross Cure, a valuable after recent and chronic coughs and colds, and all irritability of the air passages, sold by all druggists.

It is a Curious Fact
That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of using Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite, and giving a healthy tone to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

LITTLE WOMEN

As a rule, possessed of happy dispositions but when these sweet dispositions become soured and irritable, in consequence of the long train of distressing features peculiar to female complaints, they are then not companionable to say the least. It is the duty, not only of little women, but of all women so afflicted, to bring about the subjection, and immediate removal, of these painful malaises. This is easily accomplished by the use of Dr. Pierce's Favorite Prescription, the great specific for "female weakness." It is a positive cure for the most flowing, painful menstruation, unnatural suppressions, prolapsus or falling of the womb, weak back, "female weakness," intermenstruation, retroversion, bearing down sensations, chronic congestion, inflammation and ulceration of the uterus, ovaries, and kindred ailments. All druggists.

THEIR BUSINESS BOON.

Probably no one thing has caused such a great revival of trade at Daniel J. Fry's drugstore as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

20 HOUSEHOLD SHOULD BE WITHOUT

The majority of the ills of the human body arise from a diseased liver. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any other agency on earth. USE THAT YOU GET THE GENUINE.

POOR PEOPLE'S CHANCES.

Some years ago a city missionary was crossing one of the parks in New York on the Sabbath day and said to a lad, "What are you doing here, breaking the Lord's day? You ought to be at Church and worshipping God instead of breaking the Sabbath in this way." The poor lad in his rage looked up at the city missionary and said: "Oh, sir, it's very easy for you to talk that way, but God knows that we poor chaps ain't got no chance."

The sentiment seems to be growing that in the United States the time has arrived when "the poor chaps don't have no chance."

There is some truth in it. The poor are not shut out from making a livelihood, but the gulf between riches and poverty continually grows more difficult to cross. As the country becomes densely populated keen business competition decreases the chances for accumulating wealth by ordinary business methods.

But the same conditions vastly improve the chances for great success to those who can strike out in new paths, can furnish something to the world that others cannot.

True merit, in commodity or ability, will win easily and with grand results in this country, if the masses can be induced to recognize it. This recognition can only be accomplished by what are sometimes sneeringly alluded to as advertising methods.

What a marvelous success has attended the thorough introduction to the world of the merits of that wonderful remedy for kidney disease—Warner's Safe Cure. Hon. H. H. Warner first came to know of its curative power by being restored to health from what the doctors pronounced a fatal kidney trouble. He concluded the world ought to know of it and in the ten years since he began his manufacture he has spent millions of dollars in advertising the Safe Cure. His methods have been ingenious—sometimes, perhaps, open to criticism, but they had a purpose, which has been accomplished.

But mark! he never would have secured a four fold return of the vast sums thus expended if the real merit of the remedy had not been fully proven to the millions of people reached by his advertisements.

Ten years of increasing success of Warner's Safe Cure in due first, to advertising and pleasing advertising, by which the people were made acquainted with the remedy. Second, to the true worth of the remedy, proved by actual experience, showing it to be the only specific for kidney disease, and all diseases growing out of diseased kidneys.

Mr. Warner left something the people want, and then he gave it to their satisfaction—success follows as a matter of course.
