

A Tickling Contest.
Two young men at Echo had a tickling contest until one was almost tickled into eternity. They poked one another in the ribs with much amusement, until one noticed with alarm that his companion's eyes were fixed and staring and his limbs rigid, like those of a corpse. He was horrified beyond measure, and hastily alarmed the neighbors. Means were at once taken to resuscitate the young man, but it was only after a liberal use of water and much rubbing that he regained consciousness and opened his eyes.

When a father in Madagascar gets the notion that his daughter ought to marry he puts a rope around her neck and leads her forth, and the first young man he offers her to has got to take her or pay a forfeit.

Deafness Can't Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by taking Hall's Catarrh Cure.

A specimen of fine opal [ixil] in size, evidently a water-worn fragment, was found near John Day river, in Crook county, Oregon. It is transparent, grayish white in color, with red, green and yellow flames. The play of colors equals in beauty that of any Mexican material, and it is the first opal found in the United States that exhibits color. Undoubtedly, better material of the kind exists where this was found.—Scientific American.

This is the season of the year when the raw, cold winds create havoc with the hands and complexion. Soft white hands and a clear "peachy" complexion can be assuredly preserved by the frequent application of Dutard's Specific. If rubbed into the skin well it leaves no greasy surface. Onion bouquets are the latest fad in the shape of floral offerings to musical talent. One of the popular bass singers received a bouquet and picked them up with as great nonchalance as if they had been the choicest roses.

Oregon is one of the most productive states in the Union. Its vast mineral regions contain gold, silver, copper, iron, and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Web Foot State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by D. W. Mathews.

It is an indisputable fact that the hand-somest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west. The first and second class coaches are magnificent, the reclining chair cars, suburban, the Pullman sleepers extremely luxurious, and as for the meals that are served in these fine Burlington dining cars—yum yum. The next time you go east to Kansas City, Chicago or St. Louis, if you mention to the ticket agent that you want your ticket to read from Denver or St. Paul over the Burlington route, you will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of the Burlington Route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 600 miles, amidst scenery that cannot be surpassed. Or, if you go via the Oregon Short Line or Southern Pacific, and your ticket reads via The Burlington Route from Cheyenne or Denver, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent. LITTLE WOMEN

are as a rule, possessed of happy dispositions but when these sweet dispositions become soured and irritable, in consequence of the long train of distressing features peculiar to female complaints, they are then not companionable to say the least. It is the duty, not only of little women, but of all women so afflicted, to bring about the subjection, and immediate removal, of these painful maladies. This is easily accomplished by the use of Dr. Pierce's Favorite Prescription, the great specific for "female weakness." It is a positive cure for the most flowing, painful menstruation, unnatural suppressions, prolapsus or falling of the womb, weak back, "female nervousness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, ovaries, and kindred ailments. All druggists.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a great revival of trade at Daniel J. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

VIVID WRITING.

A little descriptive piece entitled "Over the Guns," from the Detroit Free Press, of which we give a paragraph, reminds us that great advertisers, like H. H. Warner & Co., proprietors of Warner's celebrated Safe Cure, might get a hint from it.

Here is the paragraph: "Shoot to the right or left, over the guns or under them. Strike where you will, but strike to destroy. Now the hell surges down, even to the windows of the old farm-house—now back under the apple trees and behind them. Dead men are under the ponderous wheels of the guns, mad devils are slashing and shooting across the barrels. No one seems to know friend from foe. Shoot, slash, kill and—

"But the hell is dissolved. The smoke is lifting, shrieks and screams grow fainter, and twenty or thirty living men pull the dead bodies away from the guns. Three hundred dead and wounded on the single acre. They tell of war and glory. Look over this hell's acre and find the latter." And in just as deadly a strife, though noiseless, are men falling at our right and left to-day. Is it war? Yes, war of the blood. Blood loaded with poison through imperfect kidney action. And there is no power to stop this awful slaughter? Yes, Warner's Safe Cure, a tried specific, a panacea that has brought life and hope to hundreds of thousands of dying men and women. Be enlisted therefore, in the great army of living men and women who have been rescued from disease and premature death, and be eternally grateful that the means of life can so easily be yours.

A FAMOUS BATTLE-GROUND.

On the banks of the Tippecanoe, a small stream which enters the Wabash River in Indiana, was fought the terrific battle of Tippecanoe.

In this great struggle of frontier times, the allied western Indians under the leadership of Elskatawa, the "Prophet," were defeated in November, 1811, by the Americans under the command of Gen. Wm. H. Harrison.

It was a desperate, hard-fought battle, and much depended upon the result.

Had the Indians been successful, all barriers of defence for the early settlers would have been overthrown and the early town-hawk would have been active in the rapid extermination of the remaining pioneers. On the other hand the fortunate termination of the contest put an end to further attempts at open warfare by the Indians. The rich territory, so long overrun by hostile savages, was thrown open for settlement, which rapidly occurred as soon as the news of the great victory became widespread.

Naturally great praise was rendered to the success and intrepid bravery of Gen. Harrison and he was honored in many ways. He afterwards served as Commander of the Army of the Northwest, and when Indiana was admitted to Statehood, he was selected to represent the State in the United States Senate. In 1840 he was elected President and his unfortunate demise occurred shortly after being inaugurated.

The forty-second anniversary of the Battle of Tippecanoe found the gallant grand-son of "Old Tip" leading his forces to a great political victory which resulted in the selection of Gen. Ben. Harrison as President of the United States.

The Harrisons have been a hardy race of men, sprung from old log cabin stock, which is a sufficient guarantee of its genuineness wherever found. Realizing the truth of this, great effort has been made to rediscover some of the secrets contained in the old log cabin stock of useful articles, and as the result, the famous Old Log Cabin Sarsaparilla, universally regarded as the best Spring tonic and blood cleanser has been found. Not satisfied with the world-wide esteem which is held for Warner's Safe Cure, the only cure for kidney diseases, the proprietor is willing to do all that is possible to establish Warner's Log Cabin Sarsaparilla as foremost among household articles on account of its purity and effectiveness.

After all, each individual has, at all times, the great battle of life or death to fight, and for security attention must necessarily be given to the best weapons which science can offer humanity in the great contest.

If you have a discharge from the nose, offensive or otherwise, partial loss of the sense of taste or hearing, eyes watering or weak, feel dull or debilitated, pain or pressure in the head; take cold easily, you may rest assured that you have caught thousands of cases annually, without manifesting half of the above symptoms terminal in consumption and end in the grave. No disease is so common, more deceptive, less understood or more successfully treated by physicians. The old log cabin Sarsaparilla has been used for many years, offered a standing reward of \$500 for a case of Sarsaparilla, no matter how bad or how long standing, which they cannot cure. Remedy sold by druggists at 50 cents.
