### LATEST BY TELEGRAPH.

**Both Cables Broken.**  
LONDON, Sept. 15.—The Western Union cables have snapped in twenty fathoms of water, just off Flenish cape, close to the American coast. The company, however, is continuing to accept messages, sending them over the Anglo company's cables. This break leaves the Western Union absolutely without any direct cable connection. It is the first time since they were laid that both cables have snapped. To make matters worse, the dock strike has prevented the telegraph steamer Faraday from going to sea with new cable to splice the breaks. This delay means much, for under the most favorable conditions it would probably take at least a month to repair the damage, and if it is not done before November the work may have to be delayed until next spring. The cost of repairing the cable will be over \$7,500 a day from the time the Faraday sails.

**The Victory Celebrated.**  
LONDON, Sept. 15.—The workmen of London held a monster demonstration in Hyde park this afternoon, to celebrate the victory of the dock laborers. Burns was the chief speaker, and was greeted with deafening cheers. Burns declared that the strike now so happily concluded was only a preliminary skirmish with which was opened the great battle yet to come. A federation of labor would forthwith be organized throughout England, and once it was completed war would be carried into Africa. The thanks of the whole civilized world, he said, were due to the generous contributors to the strikers' relief fund, and the victory of the men was in no small measure due to their timely aid.

Before going to Hyde park, the dockmen formed in procession and marched to the Mansion house, where they were reviewed by the lord mayor and lady mayoress. The men as they passed the balcony upon which the lord mayor and his wife stood cheered enthusiastically. The Australian flag had the place of honor in the line.

**Murdered by Her Uncle.**  
PHILADELPHIA, Sept. 15.—Startling developments have been made in the murder case of Anna Le Coney, who was murdered in her uncle's house at Merchantsville last week. Chauncy Le Coney, her uncle, and Garrett Murray, a colored barber, have been arrested and charged with the murder. Miss Le Coney had worked several years for Richard Le Coney, another uncle, who died last spring. His estate was indebted to her several thousand dollars for back wages. The theory of the state is that Chauncy Le Coney killed his niece to save the money to himself and other heirs. It is believed that the girl's clothes were afterward arranged to give the impression that some of the negro hands had murdered the girl in an attempt upon her honor. Murray is charged with being an accessory to the crime.

**Senator Spooner's Illness.**  
HUDSON, Wis., Sept. 15.—The illness of Senator John C. Spooner will in all probability prevent his taking part in the campaign in the new states. The senator had expected to deliver four or five speeches during the campaign in the territories, but as the elections are to be held in less than three weeks hence, it is extremely doubtful if he will be able to fill any of the political engagements that had been made for him. Should he take the stump at all now, it will be in Dakota only.

**An Interesting Discovery.**  
SACRAMENTO, Sept. 15.—The legislature at its last session appropriated \$5000 for the purpose of examining and correcting the survey of the state line between Nevada and California. Deputy surveyors have been at work in the field for some time, and have ascertained and will report that the survey is incorrect. They find the difference to be nearly sixty miles in width as it now stands. This quantity of territory is lost by the state of California and gained by the state of Nevada.

**Another Dishonest Man.**  
ST. LOUIS Sept. 15.—A special from Texarkana, Ark., says: J. Weiss, who for ten years was a resident here as a music teacher, school keeper, pawnbroker and jeweler, and lately president of the Texarkana Savings bank, but more recently an advertised lumber dealer and a large stock holder in the Mat-

thews lumber concern, has decamped, going to, no one knows where, and carrying with him, it is alleged, funds of other parties, estimated all the way from \$30,000 to \$50,000.

### ADDITIONAL LOCAL NEWS.

**Delinquent Musicians.**  
The much talked of Big Four minstrel company arrived this morning in force, but by one of those mistakes that cannot at times be avoided, the entire band and orchestra missed the Portland train. This part of the company traveled apart from the performers and by some means failed to catch the train in time. Levinson says time, tide and the Southern Pacific wait for no man, and grimly announced that rather than give a show without their own orchestra they would wait for its arrival. In consequence, no performance will be given this evening, but the engagement will open to-morrow instead. All tickets sold for this evening's performance will be good for to-morrow evening, and ready to be exchanged either at the box, office or Patton's book store.

**Here It Is.**  
The first copy of the illustrated weekly of the Pacific Coast has reached our table, and we must say that it surpasses all our expectations. No pictorial journal in the world is superior to this elegant number of the West Shore, and the thought that it is to be a weekly visitor is a very pleasant one. The number before us contains a graphic sketch, in colors, entitled "Running a Gauntlet of fire in the Cascades," and is a very striking and artistic picture of a railway train dashing through a forest fire. There are a number of other illustrations and illustrated articles, but by far the finest picture we have seen in any journal is the beautiful engraving which occupies two pages in the centre of the number, with the title of "Last Day of the Season." In its drawing, grouping and coloring it is simply superb.

**All the News.**  
The JOURNAL will report each day's races and publish the result of the races on the same day that they occur. Remember the JOURNAL has two reporters constantly on the grounds and all news that takes place will be published on the same day that it occurs. The JOURNAL can be found on sale at Roach & Speight's cigar store on the grounds, also at the branch office in the clerk's building on the grounds, besides for sale by the dozen or so carriers. Remember that the result of each day's races will be published on the same day the races occur.

**Who Are They?**  
\$500 reward. Mrs. H. M. Fletcher, of Spokane Falls, W. T., desires Oregon papers to inform Uriah E. and Zeoth F. Arnberg that a large sum of money awaits them, and if their claims are not presented within six months the money will go to their sisters, Mrs. H. M. Fletcher and Miss Jennie L. Arnberg. Uriah was last heard of in Australia eleven years ago, and Zeoth was last heard of in Washington territory three years ago. Five hundred dollars reward will be paid for positive information of their whereabouts.

**Bound Over.**  
Jack Barney and Geo. Barrington the two fellows who broke into Holverson's store Friday night had their examination to-day at nine o'clock and were bound over until the grand jury meets in the sum of \$1000 each which they failed to give and will board at hotel de Croisan's until the grand jury does meet.

**THEIR BUSINESS BOOMING.**  
Probably no one thing has caused such a great revival of trade at Daniel J. Fry's Drugstore as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.
