The Firemen's Association.
TACOMA, (W. T.), Sept. 16.—The Northwest Firemen's Association convened at 11 o'clock to-day. President Hall being absent, second vice-president was in the chair. Committee on credentials were appointed and reported forty-five members present. The question was asked by the Albany delegates which would be preferable for Albany to put in an electric alarm system or buy a chemical engine was freely discussed and unanimously decided in favor of alarm.

Twelve hose teams will be here tomorrow morning, assisted by professional runners. Races begin at two. Pool selling is lively, with no particular team in choice. It will be one of the grandest contests ever experienced on the Pacific coast. Salem is not represented in the hose race.

Sugar Market Union.
NEW YORK, Sept. 16.—The eighth annual convention of the Sugar Makers' International Union assembled at Tammany hall this morning. There are 135 delegates from all parts of the United States and Canada present. This morning an adjournment was taken after a brief session until 2 p. m. Important matters are to be considered in the convention, which will last a week if not longer.

Fell From a Belfry.
FRISCO, Cal., Sept. 16.—Henry, the 17-year-old son of George E. Church, fell from the belfry of the K street school house this morning and was instantly killed. The school house was occupied for the first time this morning, and the boy was running about the building and stepped on a loose board, causing the accident.

Neagle Discharged.
SAN FRANCISCO, Sept. 16.—In the United States circuit court this morning Judge Sawyer decided that the federal court has jurisdiction in the case of U. S. Marshal Neagle, charged with killing Judge David S. Terry, and ordered Neagle discharged from custody, the shooting being justifiable. The decision seems to meet with the opinion of all sound-thinking people.

A Hoodler Returns.
CHICAGO, Sept. 16.—Johnny Hanigan, ex-county commissioner, accused of hoodling, and who ran away from Chicago two years ago to escape prosecution, has returned from Canada. He walked into court this morning and asked to be allowed to give bail. The judge held him in \$1000.

Returning to Work.
LONDON, Sept. 16.—Most of the strikers resumed work this morning. It is expected that work on all the docks will be in full way to-morrow. Thousands of unemployed dock laborers are waiting at the gates of the docks and threaten violence against the men employed to take their places, whom the dock companies refuse to discharge. It is thought, however, that no trouble will take place, but everything quietly settled.

PURELY PERSONAL.
—G. W. Dimick, of Hubbard, is in the city.

—Mrs. E. P. Hodnett, of Portland, is in the city attending the state fair.

—Thos. Paulson and wife are taking in the fair to-day.

—Senator Cauthorn of Benton county, is in the city taking in the fair.

—Max M. Shillock, of the Oregonian, is in the city attending the state fair.

—Hon. Van B. DeLashmutt, mayor of Portland, is in attendance at the state fair.

—Senator Thomas Tongue of Washington county made the JOURNAL branch office a pleasant call to-day.

Nearly an Accident.
Late last evening three ladies were at the depot at the fair grounds and as the train started for Salem one of the ladies got on the step and another lady, in trying to step on, lost her balance and fell backwards and would have probably been drug under the train and killed had it not been for a gentleman standing near who caught her and succeeded in pulling her away from the cars. The names of the ladies were not learned. The accident at the time caused considerable excitement.

ADDITIONAL CITY NEWS.

THE FIRE BELL RINGS.
The Fire Alarm Sounded Last Evening and was Promptly Answered by the Fire Department.

Last evening just about 6 o'clock, as people were fairly returning from the state fair, that awful noise made by the ringing of the fire bell was heard, and in less time than it takes to tell it, the fire department was on hand to check the flames.

The alarm was turned in from the Star chop house, on Commercial street, just between State and Ferry streets. It started from a gasoline stove which was being operated by Newton German, who allowed the gasoline to flow all over the stove before he alighted it. The consequence was, when a match was touched to it a large flame burst forth and in a few minutes the whole room was one blaze of fire.

Both engine companies were soon on the ground, but the Tiger's were the first to appear on the scene and had a hydrant stream on the flame which subdued them with but little loss. Had it not been for the prompt work of the gallant firemen that old row of frame buildings would to-day be laying in burning embers. Salem can boast of one of the best fire companies on the Pacific coast, with no exceptions. Its department is made up with as many and gallant a set of boys as ever breathed the exhilarating air of that country bounded by the Atlantic on the East and the great ocean know as the Pacific on the West. Their prompt answer to the alarm last evening at such a time shows that they are to be depended on at any hour of the twenty-four.

Boys, the JOURNAL says three cheers for you, anyhow.

Their Platform.
Owing to the State Fair and other important business, the JOURNAL has not been able to report the proceedings of the "Union Party" that met in Salem on Saturday and yesterday. The platform or the declaration of their principles adopted by them reads as follows:

"Alarmed by the aggressiveness of giant trusts, monopolies and the liquor traffic, working for the pauperization and degradation of the producing masses, they propose to have all class legislation in the interests of capitalists repealed; that the government should prohibit the liquor traffic; should issue money in necessary quantity without intervention of banks; should regulate corporations and prevent unjust exactions and discriminations; should restore to the public domain all unearned land grants, to be reserved for actual settlers, prevent corporations from holding land and aliens from acquiring it; should require ten years' residence and a knowledge of our institutions as condition of citizenship, and provide that citizenship should be the qualifications of votes; should declare trusts conspiracies and punish them accordingly; should provide for arbitration to prevent strikes, protect employes, provide equal pay for equal work for both sexes and foster labor, agricultural and co-operative associations; and should not permit the issuance of non-taxable bonds."

Tear Them Away.
The Baker City Revelle says would it not be well for our city council to order the removal of a number of old wooden awnings that now disgrace Main street before they break down under the weight of a snow fall and hurt somebody? Salem is now nursing a badly injured man back to life and may possibly have to pay more for his broken legs and jarred liver than it would have cost to tear away the rotten mass of lumber that waited till he got under it before it took a tumble. You are right, Brother. Salem does not seem to realize the importance of removing those old shells, however.

Will Show To-Night.
The Big Four minstrel company in spite of having lost their orchestra, will give a performance at Reed's opera house to-night. They have secured the services of the local orchestra, and two full dress rehearsals were held to-day with the new music. Although the work is all new to our home orchestra, they "catch it" quickly, and an excellent performance is promised for to-night. A full brass band accompanying to-night's performance was at the fair grounds during the afternoon.
