THE MOTOR LINE.—The survey-ors for the Salem and Silverton motor line camped on the banks of Pudding river last night and will to-day try and locate a crossing over said river. The place that is the most convenient and best adapted lies about three-quarters of a mile below the county bridge across the river. The survey has been definitly settled up to this point, and when the crossing is located there the grounds beyond will be very easy to locate. More than likely the permanent survey will be completed by the latter part of next mind, week, when the plans and specifi-cations, together with the proper contracts will be drawn up and let then work will be commenced immediately on the construction of this line which, when first prorun out to Silverton, make a business or friendly call and be back in the city all inside of 120 minutes. Good for the Motor Line.
