THERE are 355 churches in Chicago, and yet—

A MAN in Texas has bored a well from which flows a liquid that makes all who drink it dance. In other states it comes out of a jug.

MISS BULL, of Alaska, who has entered the civil service at Washington, is the daughter of a Virginia confederate who, being a republican, was appointed to an office in Alaska by Mr. Hayes.

It is wonderful when you think of it that a large number of men have started out into the world without a penny and have worked their way up so that they are now nearly as well off as when they started out.

GEORGE FRANCIS TRAIN would not pay an old judgment obtained against him on another man's debt, contracted seventeen years ago, and in consequence was arrested in Boston and sent to jail. In that city men are still imprisoned for debt.

THE statistics of last year show that one railway passenger is killed in this country for each 51,000,000 of miles traveled, and one is injured for each 12,000,000 miles. Undoubtedly far more people die in bed, therefore beds are more dangerous—but perhaps we digress.

STATE FISH COMMISSIONER E. P. THOMPSON writes that the State Fish Commission is emphatically opposed to the introduction of catfish in any of the waters of Oregon for two good reasons: They are an enemy to our salmon and other food fishes. Second, our fish are superior to catfish in every respect, while the catfish has no commercial value. Mr. Thompson further says: "A great many persons have applied to us for catfish to introduce into lakes and streams, but for the foregoing reasons we have declined to furnish them."

THE meeting of the Collegiate Alumnae Association will be held in Buffalo, N. Y., early in October. The Women's Educational and Industrial Union has extended an invitation to the officers of the association to hold their meetings in the pleasant parlors of the Union. The object of these annual meetings is to bring together college-bred women, to discuss topics of vital and timely interest to them, and if possible to increase the desire for a collegiate education among women. At the October meeting, one of the sessions will be open to outsiders. The Union will tender a reception to this association, which includes some of the finest women in the country.

JIMMY HOPE, the famous bank burglar is again out of prison, but not out of confinement. He enjoyed his liberty just seven hours, and had not arrived home when he was re-arrested. This time it was on the old charge of robbing the Manhattan bank in New York City in 1878. He was arrested at that time but could not be convicted. The bank was robbed of nearly \$3,000,000, mostly in United States securities which was never recovered. This is believed to be the most gigantic bank robbery ever executed. Several others were convicted of participation in the robbery, among whom was Johnny Hope, the old man's son. It has always been the belief of the public that the old man hid the securities, and it is with a view of recovering them now that he is held. New bonds were issued to replace the stolen ones by a special act of congress, but as the numbers on the stolen bonds have been forgotten by brokers they could easily be negotiated. Hope has been committed to the Tombs to await the action of the District Attorney, though it is considered very doubtful if sufficient evidence can be secured at this late day to convict him. The then president of the bank is dead; Johnny Hope is in Sing Sing, "Banjo Pete" and Policeman Nugent are in Trenton. (N. J.) prison; and the old janitor who was gagged, could not identify him. Altogether it looks as if the police would have to give it up as a bad job and give the "old man" a little of what his name calls for.

THE able democratic editors who are saying so much about the extravagance of the present administration should remember that not a dollar has been voted by congress for any purpose since Harrison was inaugurated. All the disbursements that are now being made are based upon appropriations voted by the late democratic house and approved by President Cleveland.

MISS GRACE H. DODGE, whose term of office as New York school commissioner expires this fall, has spent the summer at Riverdale-on-the-Hudson and made frequent visits to New York to look after the interests of the Working Girls' Clubs, in which she is deeply interested. She has been on several excursions with her girls, as she terms them, and has provided means for many a poor woman to have a fortnight's outing in the country.

Rare Postage Stamps. A discovery was made here that will be of great interest. It consisted of three government postage stamps, issued according to the law by the postmaster at St. Louis, for the state of Missouri, in 1845, the denominations being two of the ten cent and one of the twenty cent series. These stamps were issued in five, ten and twenty cent denominations, and are among the rarest and most valuable to stamp collectors of all those issued by authority of the government for use as postage. J. H. Wymer was postmaster of St. Louis in 1845, and gave the order for the plates to J. M. Kershaw, a local engraver. The five and ten cent stamps are found on two varieties of paper. The twenty cent were printed from an altered plate of the five cent, and are perhaps the rarest stamps known. The stamps bear the arms of Missouri, with "St. Louis" above and "Postoffice" below, are rectangular in shape, and printed in black on blue paper.—Galena, Ills., Cor. Chicago Herald.

A Fisherman's Smart Trick. A party of four state-captol anglers went up the river the other day to catch some fish. They agreed that whenever one should land fish each of the others should pay him a quarter. One of the quartet was especially unlucky in his piscatorial venture, and was soon out of pocket \$4.25 and down to his last quarter. He wanted to break up the compact, but the others wouldn't let him. Just then he stole one of the fishes caught by another of the party, slipped it upon his hook and into the water. He soon landed it with a great deal of splutter and noise, and received six bits. When the others were not looking he replaced it on his hook and again went through the act of landing a fish. He managed to work the dodge until he had not only got back his \$4.25 but broke the rest of the crowd.—Sacramento Union.

A Vegetarian Cat. E. J. Cable has a cat which is really remarkable. His fur is sable, blacker than the blackest midnight, and he is the only vegetarian cat we ever knew. When any of the family are peeling potatoes he "cuts up" at a great rate until he is fed some raw potatoes. He usually eats from one to three. He also eats apples, but his favorite dish is muskmelon. If a muskmelon is brought into the house secretly he will know it as quickly as most cats would if it were raw beef. He will jump up, mew, and run around after a piece of it and act as wildly over it as most cats do over mice.—Litchfield Inquirer.

Louisiana Creoles. The usual impression obtained concerning Creoles is that they are all of them possessed of dark and swarthy complexions, hair black as the raven's wing, and eyes of "ebon darkness." A New Orleans acquaintance says that many have lily-white complexions, golden locks, and "eyes of heaven's own blue." The Creole girl is usually refined and dainty, sensitive and sympathetic, light hearted and sunny tempered. She is usually brought up quietly, and she is content to remain at home. Of course the majority of Creole girls are dark—they are nut-brown maidens.—Denver News.

AUNTIE PERPLEXED. "For heaven's sake what does your mother do to you children that makes you so hungry?" "Please, auntie, she gives us Joy's Vegetable Sarsaparilla and its awful food." T. S. Milton, of 511 Post street, San Francisco, writes: "I had been ailing for weeks with a disorder of the liver and kidneys. Finally my wife, becoming frightened, procured a bottle of 'The California Remedy'—Joy's Vegetable Sarsaparilla. It cured me right up. In fact I do so much for me that I save it to my children, with the most satisfactory results."

WILHELM, the violinist, is an accomplished whistler. No professional whistler can get with lips and tongue the tone that he can. It is like the notes of his violin. Only on rare occasions does Wilhelm treat his friends to a whistling performance, and those who have heard him may consider themselves fortunate.

Dr. William R. Harper, of Yale, is a young man, being still in his thirties. He is round-faced, smooth-shaven and black-haired. The only ornament he wears on his face is a pair of gold spectacles, which, his friends say, make him look like Mr. Pickwick.

WE desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Sold by Daniel J. Fry, druggist.

MONMOUTH NOTES.

A great demand for houses by new comers. Prof. Stanley returned from Portland, via Salem, Saturday.

Mr. S. Trombo and family, of Palouse City, Washington, are visiting relatives here.

The Monmouth cornet band occupies a room in the opera house building for practice.

A very novel entertainment will be given at the opera house here, on Saturday evening, the 12th inst.

The new bank building material is nearly all on the ground and several workmen busily engaged.

Normal school is progressing nicely, also the new building for the same is nearly ready for the roof.

B. L. Lucas, of this place, now visiting in Illinois, writes home that he is enjoying himself finely.

Rev. H. W. Laye, of this place, and Rev. D. M. Doty, of Independence, exchanged pulpits, Sunday evening.

Rev. P. R. Burnett returned home from California on the 3d inst., after a stay of four months. Glad to have him among us again.

F. S. Barzee, manager of the Farmers' Supply Depot company, went to Portland, to-day. He will add many new features to his already numerous lines of goods.

The long talked of street railway between this place and Independence is fast narrowing down to the cherished thing of bygone days, but the thing now is an aerial line (in our minds).

The rain falleth and the farmer smileth, The ground squirrel seeketh his hole; The Chinaman heep hunt job goblin, And the Josh takes in the toll.

EUPHEMIST. "This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum, and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50cets, and \$1.00 per bottle at Dan'l J. Fry's drug store.

Manufacture of Cow-Bells. There are four establishments in this country devoted exclusively to the manufacture of cow-bells, two being in Collinsville, Ill. One hundred and fifty dozen are turned out daily, and thousands of them dangle from the necks of cows all over the prairies of North and South America. The manufacture of cow-bells is entirely different from the manufacture of other bells. Instead of being moulded, the metal is rolled into sheets, cut into symmetrical polygons, which, when folded, are pressed into their well-known form. After being riveted they are packed in clay and brought to a white heat. When suddenly cooled these steel bells are found to be not only tempered, but beautifully bronzed.—Engineering.

THE VERDICT UNANIMOUS. W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Daniel J. Fry's drugstore.

The True Elixir Of Life Hood's Sarsaparilla

Hood's Sarsaparilla purifies the blood, builds up weak and debilitated systems, gives strength to weakened nerves, overcomes that tired feeling, tones the digestive organs, invigorates and regulates the kidneys and liver, expels disease, and gives vigorous health. Young people say: "It's the best medicine we ever took." Old people say: "It makes us feel young again." So good a medicine may well be called "the true Elixir of Life."

Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

At a recent fair held in Marion, Mass., in aid of the Marigold club, of that town, Mrs. Cleveland played the role of "postmistress," and it is needless to say that there was a run on the postoffice. The letters delivered by the fair postmistress were above the average of interest, many having been written by well-known literary men and clever people generally.

A WOMAN'S DISCOVERY. "Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at Daniel Fry's drug store.

Mr. Turner Brakeley, of Borden-town, N. J., who spends his winters in the pines of that state, has made a series of 150 photographs of charcoal-burners, who ply their trade in his neighborhood. The photographs show that those who look for them can find picturesque studies even in the Jersey pines.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, letter chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Daniel J. Fry, druggist.

The Best Residence Localities

In the city of Portland and other prosperous towns are those owned by men or corporations who have the disposition and ability to improve them.

HIGHLAND ADDITION

—IS OWNED BY—

THE OREGON LAND COMPANY!

And this Corporation is determined to

Make It The Most Attractive Addition

To the city of Salem. They have at this time fifteen teams employed and the contemplated improvements have scarcely begun. It is intended to make the drive leading from Commercial street through Riverside and Highland additions and around Highland Park

THE FINEST DRIVE IN THE STATE

Of Oregon. The line of the Salem Street Railway Company runs through the middle of this addition, and no lots will be more than two blocks distant from the line. Highland Park will in the near future be

THE MOST POPULAR RESORT

ABOUT THE CITY OF SALEM.

Lots in Highland Addition are High and Dry and Well Located; Most Excellent Drainage

The soil is black and rich. From all points a fine view is obtained of the public buildings and our highest mountain peaks. Arrangements are already being made for the location of two churches in this addition, and a number of residences are soon to be built. Buildings only of the best class will be permitted. Residence lots within the limits of the city of Salem are worth on an average over \$1000. We can sell you better lots in Highland addition for one-third of the money, and being directly on the line of the street railway they are practically not half so far from the public buildings and the business part of the town as the majority of the so-called "inside lots."

Buy a Lot in Highland Addition for Three Hundred Dollars,

And let some other fellow pay \$1000 for an inferior lot not so well located. With the difference of \$700 you can build a beautiful cottage, or put it out at a rate of interest that will buy you nearly two thousand street car tickets every year.

NEW VARIETY STORE!

A first-class Variety Bazaar will be opened up in the new brick building just east of Dr. Rowland's, on Court street.

A Select Line of Variety Goods

Are expected immediately direct from the Eastern markets that will be sold at astonishingly
