shot," were the words following a pistol shot heard on C. street between Fourth and Fifth to-night at Ho'clock.

The victim, Enoch Crosby, a plumber, was on his way home, which is on the corner of Fourth and C. street, when he was foully murdered. He was just opposite Mr. Baker's house on C. street, when two men met him, and without saying a word one of them drew a revolver and as the victim turned to run, the fatal shot was fired.

His cries were heard by all those living in the neighborhood, and upon being asked what was the matter, be answered, "My God, I'm shot!" and started across the street. Immediately a number of men gathered around, and the victim was taken to the house of Mr. White, where he now lies without any hope of recovery.

The ball entered the back of the hip, and passing through the body, is close to the navel, having passed through the intestines. Mr. Crosby has been spitting and vomiting blood ever since lying down. Dr. Wintermute was called in, and did all he could for the patient.

The man attacked is a son of Capt. Crosby, and is about 26 years of age, and had only been in the city a week, having come here from Puy-

everything in their power.

From all facts it would seem to be a case of mistaken identity, as the victim was not asked to "hands up and deliver," or even told to stop, but upon sight was shot. The men but upon sight was shot. The men are supported by the standard of the stop of the standard of the stop of t doing it fled down C street, one turning and going down a steep enbankment. The other ran down the street and hid under the Congregational church, but by the time the officers arrived he had fled.

The young man and his family being well known here, there is a great deal of excitement, and are anxious to see all the guilty parties caught and brought to justice.

For the Public Good.

It is an indisputable fact that the handsomest vestibule trains that are now run
on the American continent are those on
the Burlington route, beaying from Union
depot in Denver, also St. Paul, immediately on arrival of all through trains from the
west. The first and second class coaches
are magnificent, the rec ining chair cars
suturb, the Pullman, sleepers extremely
inxuriant, and as for the neats that are
served in those palace Burlington dining

east to Kansas City, Chicago or St. Louis,
if you mention to the ticket agent that you
want your ticket to read from Denver or
St. Paul over the Burlington route, you
will get it, and you will always be giad of
it.

If you go via the Northern or Canadian

will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of The Burlington Route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 350 miles, amidst scenery that cannot be surpassed; or, if you go via the Oregon Short Line or southern Pacific, and your ticket reads via The Burlington. Route from Theyenne or Denver, you will pass throtagn all the thriving cities and towns located in what is popularly known as the Heart of the Continent. For further information apply to A. C.
