

SCIENTIFIC SQUIBS.

Self massage for the cure of dyspepsia is a new notion.

Wine is now aged by electricity, the wine by this means acquiring all the bouquet of old wine.

It is reported that the storage batteries on the Brussels tramway have deteriorated so that the cost is increased to nearly 11 cents per car mile, as against 10 cents for horse power.

The omnipresent microbe has been detected in bolla. This discovery shows that the method of poulticing is wrong, as the heat and moisture aid the development of the microbe. An antiseptic treatment is best.

It is a curious fact that a fat hog may kill and eat a rattlesnake with impunity, for the reason that the snake drives its fang into the fat, but does not reach the blood vessels. A thin hog has no such shield and must beware.

An agent of the forestry department, Mr. Parria, has reached the conclusion that the rings on trees are not an accurate record of the age of the tree. Mr. Parria has found twelve rings in trees only 6 years old, five in those 8 years old, and eleven in those of only 5 years.

Pyrofusine, the new tanning agent, is obtained by digesting coal tar with caustic soda at a boil, and neutralizing the resulting liquor with hydrochloric acid. The inventor claims it is only half as costly as the bark process and from 30 to 80 per cent. cheaper than the alum process.

According to an English authority, the world consumes annually 650,000 tons of coffee, which, at an average price of \$400, represents a value of \$260,000,000. Jamaica grows the best coffee, next in order come Ceylon and East India. Java, Brazil, Costa Rica and the Central American states have produced the largest crop.

A correspondent of The English Mechanic says: "I once asked a foreman in a well known lead foundry whether putting silver in a melting pot was of advantage. He replied, of great advantage—to the founder, as the silver sinks to the bottom; the founder pours off the copper and tin and when the silver has cooled, puts it in his pocket."

A Boston genius has been estimating the candle power of the moon. By comparison with an electric lamp of 400 candle power at a certain distance he finds the light of the moon to be 134,000,000,000,000,000. This, he calculates, is about the number of candles placed one half inch apart, it would take to cover one-half the surface of the moon.

In a recent Chinese procession at San Francisco there was a great dragon in effigy which was manipulated by electricity. On pressing a button the current caused the huge jaws of the monster to fly open, displaying frightful fangs and forked tongues darting fire. An other series of wires produced frightful convulsions and emitted sheets of fire from the nostrils.

THE LATEST IN JEWELS.

A daisy, having a topaz center and diamond paved petals, makes a beautiful brooch.

A saddle, below which is a riding whip and bridle, in repoussé, is a pleasing pattern to match boxes.

A leopard's head, handsomely marked, having lower eyes, is a pretty addition to an enameled scarf pin.

An oval shaped opal, around which is coiled a snake of Roman gold, is a novel design in scarf pins.

A dainty ladies' watch has a miniature painting in enamel on its back, surrounded by a ring of tiny gleaming pearls.

A peculiar brooch represents an alligator's head. The scales are turquoise and the eyes are rubies surrounded by diamonds.

A tiny bell of Roman gold, the exterior completely covered with forget-me-nots, is a pleasing pattern in queen chain pendants.

A small heart shaped watch case in dull gold, in the center of which is a bunch of anemone flowers and grasses, is much admired.

A pinwheel of dull gold emitting sparks of crimson enamel is a design in scarf pins which reminds us that the day of pyrotechnics is not far off.

A pretty scarf pin of sardonyx represents the head of a negro jockey. The cap is of gold, red and blue stripes being represented by rubies and sapphires.

An oxidized ivory bonbonniere recently seen here on the cover, in relief, a well executed mythological head. Around the rim at equal distances, were set six opals.

A pretty bracelet is of Roman gold, representing short sections of a hollow rod, held together by gold squares. Small gems are set in these rods which show on top of the arm.

A popular pattern in oxidized silver match safes is of a size ample to hold the ordinary parlor matches, while the design, in repoussé, represents a folded sail, a tiller and a coil of rope.

A watch shown by a downtown dealer would be entirely hidden by a twenty five cent piece. On the back, in straight lines, are set thirty-seven brilliant and thirty-two rubies.

DAUGHTERS OF EVE.

Mrs. Oscar Wilde is fond of yellowish green gowns.

Mrs. Cleveland has become an enthusiast on tennis playing.

The Women's Bicycle club, of Washington, has over seventy members.

Lady Randolph Churchill is now one of the leading authorities on dress in London.

Mrs. Henri Labouchere, wife of the editor of London Truth, is making political speeches in England.

The queen of Spain recently gave Sarah Bernhardt a bouquet tied in ribbon and secured by a splendid sapphire mounted with diamonds.

Mrs. Sereida G. Wallace, who is generally referred to as the mother of Gen. Lew Wallace, is in reality his stepmother. His mother died when he was a boy.

Gen. Boulanger's mother, who is a Welsh woman, is 94 years of age. She lives quietly at Ville d'Avray. Her son is very kind to her, and has always shown her a great deal of attention.

The king of Holland's heiress, the Princess Wilhelmina, aged 7 years, has been betrothed to the 15-year-old prince of Saxony. The marriage will unite Saxony and Holland.

The Garden of Eden, it is now asserted, was located in Central America. Mrs. Alice de Plongnon, wife of an eminent man of science, is the prophet of the new belief, and she claims to have found Maya writings which give the whole history of the human race, showing that America and Europe were then united by land which has since been submerged.

ROYAL BAKING POWDER

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the adulterated low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 105 WALL ST., N. Y.

DYSPEPSIA.

It is that misery experienced when we suddenly become aware that we possess a disordered arrangement called the stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Among a dozen dyspepsias no two will have the same predominant symptoms. Dyspepsia is active mental power and a bilious temperament are subject to Sick Headaches; those, fleshy and phlegmatic have Constipation, while the thin and nervous are abandoned to gloomy forebodings. Some dyspepsia are wonderfully forgetful; others have great irritability of temper. Whatever form dyspepsia may take, one thing is certain,

The underlying cause is in the LIVER,

and one thing more is equally certain, no one will remain a dyspeptic who will

SIMMONS' LIVER REGULATOR

It will correct Acidity of the Stomach, Expel foul gases, Allay Irritation, Assist Digestion, and, at the same time

Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm. M. Kassar, Fort Valley, Ga.

See that you get the Genuine, with red Z on front of Wrapper, and never buy any other.

J. H. ZEHLIN & CO., Philadelphia, Pa.

A Fortunate Druggist.

Mr. Edwin W. Joy for many years and now a progressive druggist on the corner of Stockton and Market streets in San Francisco, probably never dreamed of rivaling in wealth the medicine kings of the country. But various rumors having been floating around to the effect that he has struck it big, an Examiner reporter was detailed to unearth the cause, and after much difficulty unraveled the following story:

It seems that about seven years ago an English physician, a great student of botany, located in this city. His practice was not extensive, and yet the few cases that came to him attracted no little attention. His success seemed to be in the treatment of liver and kidney disorders, and vitiated blood. In fact his ability to cope with these common complaints was marvelous. He seemed almost infallible, and his quiet modest methods and his well-kept secret was as much a mystery as himself. After his departure about a year later Mr. Joy determined to fathom the secret, and copying all the prescriptions he had filled for the erratic doctor, he began a systematic analysis. In his examination he discovered running all through the prescriptions for liver and kidney troubles, vitiated blood and stomach disorders a couple of vegetable extracts indigenous to California, so simple and so well known under homely every day names to every school boy as to entirely dissipate the suspicion that they were the active principles involved. So certain, however was Mr. Joy that he had discovered the secret, that he embodied the new elements in a preparation of Sarsaparilla to disguise the name, and put it before his customers under the modest name of Joy's Vegetable Sarsaparilla. Immediately the same marvelous stories came back of its astonishing effects, and the mystery was solved, and the tale it has created has already caused it to sleep into prominence, and orders pour in daily from all over the coast. And thus another California industry leaps into existence.—J. F. Bonninger.

NOTICE.

COUNCIL CHAMBER.

Salem, Or., September 24, 1897.

Notice is hereby given to whom it may concern, that E. M. White, a read-in and property owner of the city of Salem, Oregon, in behalf of the Salem Improvement Union, has this day filed his petition praying an order of the common council vacating all of the streets between State and Capitol streets lying between State and Court streets in said city; and that Thursday, October 24, 1897, at 7:30 o'clock p. m., at said council chamber, has been fixed by the council as the time and place for considering said petition and taking action thereon.

E. M. WHITE, City Recorder.

NOTICE.

COUNCIL CHAMBER.

Salem, Or., September 24, 1897.

Notice is hereby given to whom it may concern, that A. B. Bush, president, and W. R. Freeman, secretary of the Salem Flouring Mills Company, on behalf of the Salem Flouring Mills Co., corporation doing business and owning property in the city of Salem, have this day filed their petition praying an order of the common council vacating all of Front street between Trade and Mill streets in said city; and that Thursday, October 22nd, 1897, at 7:30 o'clock p. m., at said council chamber, has been fixed by the council as the time and place for considering said petition and taking action thereon.

E. M. WHITE, City Recorder.

For the Public Good.

It is an indisputable fact that the hand-somest vestibule trains that are now run on the American continent are those on the Burlington route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all from the west. The first and second class coaches are magnificent, the reclining chair cars superb, the Pullman sleepers extremely luxurious, and as for the meals that are served in these place Burlington dining cars, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent. St. Paul over the Burlington route, you will get it, and you will always be glad of it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of The Burlington Route, between St. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 350 miles, amidst scenery of surpassing beauty. If you go via the Oregon Short Line or Southern Pacific, and your ticket reads via The Burlington Route from Chicago or St. Paul, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent. St. Paul over the Burlington route, you will get it, and you will always be glad of it.

OVER 6,000,000 people believe that it is the largest and most reliable house, and they use

SALEM!

INTERESTING FACTS ABOUT

Oregon's Most Lively City!

As we send this paper by thousands over the whole length and breadth of the land, many people who know Salem by its reputation will be pleased with a little history of its various attractions.

The citizens of Salem are a very proud people—proud of the beauty and fame of their city. With 15,000 population, possessing large wealth, we enjoy all the modern advancements of our sister cities like Portland, Seattle and Tacoma and San Francisco. Streets are lighted by electricity and traveled by horse cars. The most magnificent public water works supply pure water from the Willamette in plenty and most adequate fire protection. We have the district telegraph messenger service, letter carriers, two telegraph offices and two express companies.

PUBLIC SCHOOLS.

Fine structures abound throughout the city. The school buildings are numerous and large and the high school is as grand a pile as is often seen. The famous Cheimete hotel, built as a matter of pride by Salem's wealthy capitalists, leads all on the Pacific coast as a fine hotel. The state has located here extensive and imposing buildings, the State House, State Penitentiary, State Insane Asylum, State Blind School, State Deaf and Dumb school and the United States Indian Training School. Elegant private residences are common but of yet greater interest than these are the miles and miles of pleasant homes of our thrifty mechanics; therein lies the surety of our future.

CHURCHES.

All denominations have prosperous churches and fine houses of worship. The Women's Christian Temperance Association is firmly established and intends building a magnificent business block and is prospering. It has a fine library and reading room for public use.

NEWSPAPERS.

We have two daily newspapers. The CAPITAL JOURNAL is the less aged but a sprightly sheet which sprang at once into the full flood tide of success. Any new enterprise coming to Salem will find able supporters, if they are worthy of it, in the public spirited editors of our newspapers.

AMUSEMENTS.

The Reed's Opera House is a large and excellent one. There are numerous summer resorts, several fine parks, an excellent trotting course, bicycle clubs, social clubs, etc.

THE STATE FAIR

Meets here annually and is a great success. It attracts thousands of people from all sections of the country.

NO MALARIA HERE.

This is one of those clean, pure Western cities where almost no malaria now exists. Our death rate is way down in the bottom figures and we have no epidemics.

ATTRACTIONS.

Our natural scenery is Swiss-like. Mountains almost entirely surround us rendering drives outside the city very beautiful. Rivers and trout streams wood-lands, abound in every direction. City is practically free from debt and taxes are moderate. Our laboring classes never have resorted to strikes, boycotts or anarchism as wages are good, work plenty and want almost unknown. We have all the secret orders in this city that is possessed by any other city of twice its population, and all in a flourishing condition.

COME WITH US AND WE WILL DO YOU GOOD.

Salem is a good place to live in and it is a good place to do business in. Any new branch of trade will prosper here for facilities are ample and competent help plenty. We have all the motive powers—water, steam, gas and electric. Real estate may be had for factory sites at reasonable prices. People may live here with great economy, or in luxury. Our banking facilities are unsurpassed. We have a fine outlying district of farm lands. Old residents remain, there are almost no departures, and new ones are fast coming among us.

WHY NOT INVESTIGATE SALEM?

If you would learn more of the resources of Salem and surrounding country send for the CAPITAL JOURNAL, the best paper on the Pacific coast to-day for the money. It is reliable and stands on its own footing. Address the CAPITAL JOURNAL, Salem, Oregon.

J. L. MITCHELL, Manager.

JOHN F. STRATTON & SON

Business Can't Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have running ears.

When it is entirely closed, deafness is the result, and unless the inflammation is removed, and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by taking Hail's Catarrh Cure.

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by taking Hail's Catarrh Cure.

Price 75c. per bottle. Sold by all druggists.

F. J. Cheney & Co., proprietors, Toledo, O.

Disturbances of the peptic system, such as Diarrhoea, dysentery and cholera, promptly evicted by Wright's blackberry cordial. Sold by all druggists.

THE YACUINA ROUTE.
