**KNIGHTS OF LABOR.**

**THEIR ACTION ON THE EIGHT-HOUR LAW.**

**Powderly Asks for a Reduction of Salary Which is Refused—A Sensational Suit—General Strikes not Endorsed by the Party.**

ATLANTA, Ga., Nov. 22.—Yesterday the convention of the Knights of Labor went into committee of the whole to consider the eight-hour movement. It was decided not to endorse a general strike.

Samuel Gomer, president of the American Federation of Labor, forwarded a letter to the convention in which he said his men were opposed to a general strike, but would undertake one unless the manufacturers agreed to a reduction of labor hours.

The following resolutions were adopted.

Resolved, That we coincide with the views of the president of the American Federation of Labor, and that no "general strike" be inaugurated upon May 1, 1890, and that the movement be confined to such trades as are in condition to put a plan in operation.

Resolved, That we call upon the president of the American Federation of Labor to indicate the trade or trades organized within the folds of that society which is or are prepared to successfully inaugurate the eight-hour movement on the 1st of May, 1890, confident that the Knights of Labor will lend their moral support to the movement in favor of such trade or trades.

In the Knights of Labor Convention to-day various standing committees made reports, among them the Committees on Insurance Law, Finance and Corporations. The Committee on Appeals and Grievances made its final report. The Finance Committee recommended a change so that in the future only actual car fare to and from conventions be paid. In the future all local assemblies attached to the grand Assembly will pay a per capita tax of ten cents per quarter instead of six cents as heretofore. The General Executive Board was empowered at its discretion to put on an assessment tax of not more than 20 cents for the next year. A resolution was passed declaring that the General Assembly favor an increase in the pay of printers' assistant in the Bureau of Engraving and Printing at Washington from \$1 25 to \$2 per day. A resolution was also passed recognizing election days as legal holidays and imposing a penalty on any employer violating it.

The General Assembly closed to-night. Mr. Powderly said, in his speech, that it had been the most profitable session ever held. The Executive board will select the location for the next assembly. Powderly asked to have his salary reduced from \$5,000 to \$2,500, but the Finance committee and assembly refused to allow it to be done.

**Around the World.**

ST. PAUL, Minn., Nov. 22.—Walter A. Bain, Percy S. Luke and James S. Luke of Victoria, Australia, reached St. Paul this evening. They are on a tour of the world from Melbourne, a bet having been made by Bryce Bain, proprietor of a Victoria sporting paper, and a Ballarat banker, that the trip could not be made under certain conditions in eight months. The two reached Tacoma on September 29th and started across the continent on foot, following the line of the Northern Pacific. The conditions of the bet are that every appliance may be used for traveling after reaching New York, but the journey across North America must be made on foot.

The bet is for £3000, and the pedestrians are due at the Auckland Club, in Melbourne, just eight months from the date of their departure. The travelers are in good health and are confident of success.

**The Nevada Line.**

SACRAMENTO, Nov. 22.—The report of the commissioners appointed by Surveyor-General Reichert to re-survey the boundary line between Nevada and California, has been handed in. By it California gains a strip over 200 miles in length and three-quarters of a mile wide, cutting through Lake Tahoe and going south till it strikes the Von Schmidt monument of 1873 on the Colorado river, which are found to be correct. The report will be submitted to congress, when it will probably take measures to establish a correct line according to the recent survey.

**KILLED BY HIS FATHER.**

**A Boy Accidentally Shot Near Spokane Falls.**

SPokane Falls, Wash., Nov. 22.—Ezra Baxter, a fifteen-year-old boy, living alone with his father in a cabin on the river bank below town, was shot dead last evening by the accidental discharge of a Winchester rifle in the hands of his father, Harmon Baxter.

While the boy was outside carrying in wood his father picked up a Winchester rifle, which was lying on the bed, to put in a rack, when the hammer caught in the bed clothes, causing the gun to be discharged. The ball passed through the wall and struck the boy in the head, passing clear through. The boy uttered an exclamation and fell, expiring in three-quarters of an hour afterward.

Baxter is an invalid and the boy supported him by doing odd jobs about the city. Baxter came here a few months ago from Miller, Dak., where his divorced wife, who is married again, and several other children now live. He is heart-broken over the death of his son. He is confined in the city jail pending an investigation by a Coroner's jury.

**A SERIOUS FIRE.**

**In the Western Union Telegraph Building at New York.**

NEW YORK, Nov. 22.—A fire was discovered in the tower of the Western Union building, above the Associated Press office, at 3:40 a. m., and now, at 4 o'clock, the flames are gaining headway. Not a drop of water has been gotten on the flames yet, and the prospects are serious.

The firemen are now dragging a line of hose into the Associated Press windows on the ninth floor. Three times before the hose had broken while being hauled up.

At 4:20 o'clock the axemen have just begun work in the tower. The flames are increasing in intensity and a great crowd has assembled in the street.
