NO 94 STATE STREET SALEM, OREGON

A County Road.

NORTH SALEM, Nov. 22, 1889.
EDITOR JOURNAL: I see that the morning contemporary says: "At present the road leading north from the city to the fair ground runs diagonally across the lots in bad shape. Judge J. B. McClaine is now circulating a petition to have the road straightened and to conform to the streets as laid out on the plat. The petition will be presented at the January term of the county court and the prayer of the petition should be and undoubtedly will be granted."
Now, in the opinion of your humble servant, the petition should not be granted. Nobody is injured by the present location of the road, all the town lots that have been sold along that road have been sold with the full knowledge of the location of the road and the prices paid and the valuation placed upon them were based upon the condition surrounding each lot.
Judge McClaine's interest in the land covered by the road was surrendered over thirty-five years ago, not as a donation to the public but as a highway tending to enhance the value of his adjoining property. The public has been called upon to improve this highway and make it a public convenience; a great amount of labor has been expended upon it and it is now the property of the public and is a public convenience. The county court will be doing an injustice to the public if it authorizes the closing up of this principal highway into the heart of the city. The property holders along the road have no claim for a change while the public has a right to demand that there be no change. OLD SETTLER.

THEY MEAN BUSINESS.—The State Exchange of Salem, meets at 4 p. m., to-day, to consult as to the publication of a pamphlet setting forth the advantages of Salem and the surrounding country. An invitation has been extended to the advertising committee of board of trade to be present. The Exchange is determined to contribute towards advertising Salem. Salem needs this trait of public spirit—the more the better for our city.

All may possess pearly white teeth, pure breath and healthy gums by using Wright's Myrrh Tooth Soap. Removes tartar, prevents decay. Sold by all druggists!

JOHN HUGHES,

Dealer in Groceries, Paints, Oils and Window Glass, Wall Paper and Border, Artists' Materials, Lime, Hair, Nails and Shingles, Hay, Feed and Fence Posts, Grass Seeds, Etc.

LATEST BY TELEGRAPH.

MONTANA LEGISLATURE.

Prospect of a Better Contest Between the Parties.

HELENA, M. T., Nov. 25.—The legislature meets at noon to-morrow. Probably two-thirds of the members are already here, accompanied by a large sprinkling of State politicians. Both sides are holding caucuses to decide upon the course of action. It is believed that there will be equal parties at the House and that neither party will have a quorum in the Senate. The Democratic County Commissioners yesterday created a sensation by taking possession of the legislative halls, expelling the janitor and putting new Yale locks on all the doors and also placing watchmen to guard all the approaches to the hall.
State Auditor Kenney, whose duty it is to call the House to order, today demanded the keys of County Commissioner Knight. The latter refused but promised to admit Kenney at any time.

To-night Governor Toole issued a proclamation saying that only members of the legislature with county certificates will be admitted to the hall to-morrow, to which the executive holds the keys. The republicans will march to the hall in a body, and if refused admission on the certificates issued by the state board of canvassers will repair elsewhere and organize for business.
At 11:30 p. m. Auditor Kinney furnished the newspapers with a notice addressed to the members of the house of representatives, notifying them to meet in the Iron block on Main street at noon to-morrow, where he will open the session. News of this soon spread and the democrats are jubilant. Captain Smith still holds the court house and has largely increased his guard. Hundreds of strangers are in town and it is understood that the democrats are ready for a fight, if necessary to-night.

THE WEATHER.

Snowstorm and two Trains Wrecked in Montana.

MISSOULA, Mont., Nov. 23.—There was quite a fall of snow yesterday. Two wrecks occurred on the Northern Pacific yesterday, one freight train being wrecked by the spreading of the rails, and another running into a work train. No serious damage was done in either case. One brakeman was slightly injured.
NEVADA CITY, Nov. 22.—By a sudden rise of Deer creek this afternoon the trestle supporting the big pipe carrying water for power for the mining works was swept away for a stretch of sixty feet, and cabins on the flat floated off. All work in the mine is suspended till a new pipe can be put in. The loss to the company is over \$6000. The rainfall this afternoon was 1.4 inches. The total for the season is 21.25 inches. The weather is unsettled.

ANDERSON, Nov. 22.—At 9 o'clock this morning the storm broke, with the wind blowing strong from the northwest. During the five days' rain 3.34 inches fell, making 15.72 inches for the season. The snow on the lower ranges has been washed away, leaving none below the regular snow line.

FRESNO, Nov. 22.—It began raining at 4 o'clock this afternoon and continues at intervals. Grain men consider the season a propitious one and say that a much larger acreage will be sown this season than last.

CHAMPION SULLIVAN.

He Says He is Really Anxious to Meet Jackson.

SAN JOSE, November 24.—The San Jose Athletic Association offers \$15,000 to Sullivan and Jackson to fight under their auspices. The association means business and is ready to put up the money promptly.
BOSTON, November 22.—"Jackson's friends," said Sullivan, "have not enough confidence in his ability to whip me, so if I should stick to the amount that I first named there would be no fight, I am really anxious to meet Jackson, and for that reason I have made up my mind to fight him for a purse of \$15,000, but I should prefer to fight him in the California Athletic Club, as there will be more money in whipping him there than in any other place. I will be ready to take up any and all bets, whatever the amount may be. If the California Athletic Club will not offer \$15,000, I will consider the offer of the San Jose club."

A Faithless Wife.

NEW YORK, Nov. 24.—James Smith, a letter carrier, this afternoon shot his two baby girls, aged 2 years and 11 months respectively, and then tried to kill himself. The oldest child is dead and the baby is dying, while Smith only succeeded in inflicting a flesh wound on himself, the bullet directed at his stomach having been deflected by a button. Smith contracted consumption during the great blizzard, and the doctors had told him that he could not live later than next spring. To add to his misery his wife deserted him and the children two weeks ago without warning or cause, and Smith was driven desperate. His wife, it is said, has been found of male companions.

A Collision at Sea.

NEW LONDON, Conn., November 24.—The revenue steamer Dexter arrived here this morning with Captain Jenny and fourteen of the crew of the Old Dominion line steamer Manhattan, and also the dead body of Chief Engineer Hayden.

The captain reports that the steamer was bound from New York for West Point, Va. On Wednesday morning, when off Fenwick island light, on the coast of Maryland, she was run into by an unknown four-masted schooner and the Manhattan sunk soon after. Those brought here on the Dexter all managed to get into the life-boat. The rest of the crew and three passengers, nineteen all told, got on a life-raft.

PROVIDENCE, R. I., November 24.—

The purser and seven other Manhattan survivors who were on the life-raft, were picked up by the schooner Tuttle on Wednesday and arrived in this port to-day.

About the Streets and Railways.

EDITOR JOURNAL.—The mayor and the horse railroad Co. construe the city ordinance requiring track to be laid even with the surface of street to mean such surface when graded. The members of the council understood, and understand it to mean the surface as it is. A proposition follows to require abutting property to improve the streets of the city—where the railroad crosses a sink in the surface the adjoining lot-holder to fill it up to the raised track. There is a good deal of personal and private interest being served and seeking to be served here in the name of public interest and public enterprise.

For thirty years the city has been casting gravel upon the center of Commercial and State streets, until finally there was a good winter track over them. The street railroad company took possession of that track on both streets in mid-winter, and drove the public off to the engravelled sides. And the street commissioners have spent the summer mainly in hauling gravel to raise the sides to the railroad track, so that wagons could cross from side to side—the railroad company doing no part of the work that should have been wholly done by it.

The street work of the town has thus far been almost exclusively done on a very few streets. Now it is proposed that this street work for all the town shall be done at the expense of the abutting property—streets that the city has improved, and those it has neglected, alike. Indeed if any, are so improved, all must be, for the city cannot justly compel the property of one street, or one block to improve, and improve another out of the common treasury, at the expense of all.

A railroad through a street is an obstruction to its use for other travel, and charters should not be granted for them except where the public convenience requires. It is not necessary for such convenience that roads should encumber adjoining streets, as Chemekeet and Center. In the matter of street railroad franchises the council is not properly guarding the present and future interests of the town. All that is required is for the companies to ask and it is granted, or if not granted is taken. And if public rumors to be believed steps are being taken by parties seeking self interest to so direct the approaching the city election that no conditions will hereafter be imposed or questions asked. The Council should guard with jealous care the interest of

THE PUBLIC.
