New Use for the Phonograph. A new use for the phonograph has been discovered. A teacher of languages, whose admirable accent has brought him many pupils, resorts to the phonograph wherever he finds it, as an assistant tutor. For instance, he will talk slowly in Parisian French a page of some good author in that tongue into the phonograph and instruct his pupil to read the passage aloud while the phonograph prompts him with the proper pronunciation. After the tutor has retired the lesson remains intact upon the cylinder of the phonograph ready for further use. It can be seen how considerable the phonograph's aid is in this regard.—Pittsburg Dispatch.

The Christmas Feast. It is a beautiful arrangement derived from days of yore, that this festival which commemorates the announcement of the religion of peace and love, has been made the season for gathering together of family connections, and drawing closer again those bands of kindred hearts, which the cares and pangs and sorrows of the world are continually operating to cast loose; of calling back the children of a family, who have launched forth in life, and wandered widely asunder, once more to assemble about the paternal hearth, the rallying-place of the affections, there to grow young and loving again among the endearing memories of childhood.—WASHINGTON IRVING.

SALEM! INTERESTING FACTS ABOUT Oregon's Most Lively City!

As we send this paper by thousands over the whole length and breadth of the land, many people who know Salem by its reputation will be pleased with a little history of its various attractions.

The citizens of Salem are a very proud people—proud of the beauty and fame of their city. With 15,000 population, possessing large wealth, we enjoy all the modern advancements of our sister cities like Portland, Seattle and Tacoma and San Francisco. Streets are lighted by electricity and traveled by horse cars. The most magnificent public water works supply pure water from the Willamette in plenty and most adequate fire protection. We have the district telegraph messenger service, letter carriers, two telegraph offices and two express companies.

PUBLIC SCHOOLS. Fine structures abound throughout the city. The school buildings are numerous and large and the high school is as grand a pile as is often seen. The famous Chemekete hotel, built as a matter of pride by Salem's wealthy capitalists, leads all on the Pacific coast as a fine hotel. The state has located here extensive and imposing buildings, the State House, State Penitentiary, State Insane Asylum, State Blind School, State Deaf and Dumb male school and the United States Indian Training School. Elegant private residences are common but of yet greater interest than these are the miles and miles of pleasant homes of our thrifty mechanics; therein lies the surety of our future.

CHURCHES. All denominations have prosperous churches and fine houses of worship. The Women's Christian Temperance Association is firmly established and intends building a magnificent business block and is prospering. It has a fine library and reading room for public use.

NEWSPAPERS. We have two daily newspapers. THE CAPITAL JOURNAL is the less aged but a sprightly sheet which springs at once into the full flood tide of success. Any new enterprise coming to Salem will find able supporters, if they are worthy of it, in the public spirited editors of our newspapers.

AMUSEMENTS. The Reed's Opera House is a large and excellent one. There are numerous summer resorts, several fine parks, an excellent trotting course, bicycle clubs, social clubs, etc.

THE STATE FAIR. Meets here annually and is a great success. It attracts thousands of people from all sections of the country.

NO MALARIA HERE. This is one of those clean, pure Western cities where almost no malaria now exists. Our death rate is way down in the bottom figures and we have no epidemics.

ATTRACTIONS. Our natural scenery is Swiss-like. Mountains almost entirely surround us rendering drives outside the city very beautiful. Rivers and trout streams wood-lands, abound in every direction. City is practically free from debt and taxes are moderate. Our laboring classes never have resorted to strikes, boycotts or anarchism as wages are good, work plenty and want almost unknown. We have all the secret orders in this city that is possessed by any other city of twice its population, and all in a flourishing condition.

COME WITH US AND WE WILL DO YOU GOOD. Salem is a good place to live in and it is a good place to do business in. Any new branch of trade will prosper here for facilities are ample and competent help plenty. We have all the motive powers—water, steam, gas and electric. Real estate may be had for factory sites at reasonable prices. People may live here with great economy, or in luxury. Our banking facilities are unsurpassed. We have a fine outlying district of farm lands. Old residents remain, there are almost no departures, and new ones are fast coming among us.

WHY NOT INVESTIGATE SALEM? If you would learn more of the resources of Salem and surrounding country send for the CAPITAL JOURNAL, the best paper on the Pacific coast to-day for the money. It is reliable and stands on its own footing. Address the CAPITAL JOURNAL, Salem, Oregon. J. L. MITCHELL, Manager.
