All subscribers to THE CAPITAL JOURNAL who do not secure their paper regularly will notify this office...

GIBBS FOUND GUILTY.—The much talked off Gibbs murder trial has come to an end. The trial was concluded last evening at 9 o'clock...

OREGON ARRIVALS FOR ELEVEN MONTHS.—From January 1, to November 30, the number of callers at the Portland Board of Immigration Rooms was 32,678.

THE RAILROAD.—All the subscription papers for the railroad fund were delivered in person to the committee to-day, except three.

CLIPPING.—An enterprise is just in its incipient state in this city to build a ditch from Yamhill, near Sheridan, to this city.

NEW BRICK AND TILE FACTORY.—Messrs. Murphy and Henari have lately purchased the brick yard of H. Beck, in North Salem, and will run the same in connection with their present yard.

BUILDING NEARLY DONE.—The fine weather and plenty of brick and mortar are giving a great impetus to the building of the brick portion of Union.

COMING TO.—Salem, like Henry M. Stanley, has been in obscurity for some years past, but is now coming out from the dark and being a tremor with her which all the world is anxious to have.

PIONEER DAYS.—In a conversation with Capt. John M. Marden, a reporter of the Times-Mountain-er learned the following incident regarding the administration of justice in Wasco county.

KAISER DID BUY A DOG.—The story of the man who sold the present site of the city of Chicago for a plug of tobacco and a pair of gum boots is eclipsed by the chap who took a liking to a dog belonging to one Morgan, who at the time, which was several years ago, was marshal of Portland.

GLAD THEY ARE HERE.—A terrible explosion occurred recently at Oil City, Pa., being a large load of nitro-glycerine.

SAY, DON'T.—The JOURNAL fuel editor is beginning to feel like losing his religion. Some one has been making frequent visits to the JOURNAL wood yard, and the amount being borrowed (after dark without permission) is beginning to be enormous.

ACCIDENTAL SHOOTING.—Near Prairie City a few days since a fatal accident occurred, the particulars of which are as follows, says the Harney Item.

THE WOMAN.—The Albany Democrat thus happily points a species of humanity who is not in every community.

ADDITION OF INFORMATION.—The Pacific Pigeon Sound and Eastern Land Site and appropriation company filed articles of incorporation to-day.

WILL KILL THE TOWN.—It is said that the building of the street car line in Eugene will bring the city to its knees.

REMOVAL NOTICE.—On and after this date I will be found at 222 Commercial street, where I shall be glad to meet all my old customers...

THE ELEVATOR A SUCCESS.—The new elevator in the Chemekete was tested this morning, and worked with perfect success, running from the basement to the upper story in thirty seconds.

A CURIOSITY.—The man who doesn't want a railroad to the coast is not known in Salem. He would be a curiosity, and not a very popular one either.

IN BAD LUCK.—Geo. Goodhue's bad luck seems to have come all at once. Yesterday his wood scow was wrecked, this morning one of his horses got badly hurt, and the boys broke the engine.

AN ELEGANT SIGN.—Chas. Pugh has a very interesting and attractive hardware sign just from the hands of the designer, Mr. Lussler.

TO-NIGHT.—If you wish to pass a most delightful evening do not fail to attend the grand concert at the opera house.

COMING.—The San Francisco Examiner says the Jangler Concert Company of Chicago gave an entertainment last evening at Calvary Presbyterian Church.

COLLECTIONS.—Frank Davey will post books, make out bills and make collections, neatly, promptly and accurately.

ON THE MARKET.—The trustees of the Willamette university have put on the market their block of land on State street, joining Prof. Randles property.

MORE LIGHT.—The Electric Light company have a contract to light the Mute school buildings with 52 incandescence lights.

CHINESE PHRASES.—Allen Rhoden has shipped two fine pairs of beautiful Chinese pheasants to San Francisco during the past few days.

MANY ATTRACTIONS.—The various church organizations and societies of the city are making preparations during the holidays.

A CURIOSITY.—The building of the new railroad is not all talk, nor will it be a "paper road."

The opening of a new railroad here would mean open the celebrated Scotch Mills, and many other industries important to our city's prosperity.

The new railroad would not only be a benefit to every product in Salem, but to all adjacent property and farms for ten miles about the city.

Salem is not alone in pushing the railroad enterprise, but the entire valley of the Willamette is interested, and will put a shoulder to the wheel if need be.
