For the Public Good.

It is an indisputable fact that the handsomest vestibule trains that are now run on the American coatinent are those on the Burlingion route, leaving from Union depot in Denver, also St. Paul, immediately on arrival of all through trains from the west. The first and second class coaches are magnificent, the recining chair cars suburb, the Pullman sleepers extremely luxuriant, and as for the meals that are served in those palace Burlington dining crrs-yum yum. The next time you go east to Kansas City, Chicago or St. Louis, if you mention to the ticket agent that you want your ticket to read from Denver or want your ticket to read from Denver or St. Paul over the Burlington route, you will get it, and you will always be glad of

will get it, and you will always be gad on it.

If you go via the Northern or Canadian Pacific, the elegant vestibule trains of The Burlington Route, between 8t. Paul and Chicago, or St. Louis, will carry you along the eastern shore of the Mississippi river for a distance of 359 miles, amidst scenery that cannot be surpassed; or, if you go via the Oregon Short Line or Southern Pacific, and your tiexet reads via The Burlington Route from Cheyenne or Denver, you will pass through all the thriving cities and towns located in what is popularly known as the Heart of the Continent.
