SALEM, OREGON, MONDAY, FEBRUARY 10, 1890.

NO. 294.

What is the Matter With SALEM?

HAS THE BOTTOM DROPPED OUT?

One would think to read the advertisements of some of the merchants that this is a very poor place to do business in. They are continually SELLING OUT AT COST. How do the keep up? Are they supported by charity, or are they and their advertisements frauds?

Hear the Truth!

Salem is a prosperous and growing city, and all its merchants are doing well and making money, and any right-minded man knows that when a merchant advertises to sell "at cost," that it is always at what it "costs the buyer." Men do not go into business for fun or for their health, but to make money.

The Capitol Adventure Company

never advertise to sell off at cost, yet we are constantly 20 to 30 per cent. lower than any other house in Salem. Why? Because we buy from first hands and for cash, and get our goods cheaper. Now during the months of January and February only we propose to reduce our prices on all good and show the people of Salem and the surrounding country how we can SELL GOODS and not

"Sell at Cost"

TO DAY'S TELEGRAMS.

GREAT RAINS. HAWAII, Feb. 10.—Advices just received report the greatest rain storm on the island of Kauai known, there for twenty years. One foot of rain fell in less than two days. The rice crops, trees and houses were completely washed away.

THE SIOUX RESERVATION. CHAMBERLAIN, S. D., Feb. 10.—Fifteen hundred men, women and children arrived here yesterday by train and prairie schooners, anticipating the issuance of the president's proclamation to-day, opening the Sioux reservation. Three companies of United States troops are patrolling the east bank of Missouri river with about 200 Indian police regulars and special. There will be great difficulty in preventing people from crossing before land is thrown open for settlement.

LANDSLIDE AT LOS ANGELES. LOS ANGELES, Cal., Feb. 10.—About 9 o'clock last evening a large landslide occurred on the north side of Bellevue avenue, between Castelar and Rosas streets. Several hundred tons of earth sliding down into the street and covering the sidewalk for four and five feet. It is reported that an unknown man was buried by the slide. It will take several days to clear away the earth and determine whether any one is buried below.

RULES OF THE HOUSE. Especially Adapted to Check Dilatory Tactics.

WASHINGTON, Feb. 6.—In the new rules of the house, which were revised by the republican caucus yesterday, rule 21 omits the provisions of the old rule forbidding amalgamation of two pending resolutions and treating the river and harbor and post-route bills as petitions in their introduction. Another important step to prevent filibustering is found in rule 22, which has reference to the introduction of bills. Under the former rules one member would on Monday prevent the transaction of business by introducing bills and reading them in full. Under the present code no provision is made for bill day on Monday, and when other public business is pending bills will be read by title only.

In rule 23, section 21, which requires the committee of the whole to rise when without a quorum, a clause is inserted after the word "quorum," as follows: "which shall consist of 100 members." What may be a charge full of significance, occurs in section 3 of the same rule, requiring certain measures to be considered in committee of the whole. This is in the opening sentence which reads: "All motions or propositions originating either in the house or senate involving a tax or charge upon the people, all proceedings touching appropriations of money." The words, "originating in the house or senate" are newly inserted, and would appear to recognize the long-disputed right of the senate to originate tariff and appropriation bills.

Another important change in the line of expediting business occurs in section 4 of the same rule, which prescribes the order of business in committees. The change reads: "Or such order as the committee may determine, unless the question to be considered was determined by the house at the time of going into committee." The effect is to relieve the house from the necessity of laying aside bills and proceeding in order, which offered large opportunities for obstruction. Another change in the same direction is in section 6 of the same rule, which permits the committee of the whole to limit or close debate without rising or going into open house for an order, and forbids debate on a motion to close debate. Radical changes are made in the order of business, etc.

The democratic caucus last night listened to the new rules expounded by ex-Speaker Carlisle. There was much indignation at the obnoxious features, but it was decided that if the republicans give time for consideration and some for debate when called up for action, the democrats would interpose no unusual obstacles.

YOUNG MEN'S INVESTMENT CO.—The board of directors of the Young Men's Investment company will meet at the business office of the JOURNAL to-morrow evening at 7 o'clock sharp. Business of importance is to be transacted and a full attendance is necessary.

A YOUNG GIRL POISONS HERSELF.—In the Oregonian of the 4th inst. was a special telegram from Tacoma which read as follows: "Tacoma, Feb. 3.—Maude Bowers, better known as Jessie Forest, a white girl, aged 15, committed suicide to-night at the Globe lodging house by taking an overdose of morphine. Her mother, for the past ten years, has been living a life of shame and came here a short time ago from Salem, Oregon. Up to a few months ago the young girl led a virtuous life, notwithstanding her associations, but finally she fell and took up with a negro, as did her mother. Salem got too hot for them, and they came to Tacoma, where the guilty liaison was continued. It is understood that the girl was infatuated with her dusky lover, who had promised to marry her. Failing to do so, the girl became despondent, and three weeks ago attempted to kill herself. Since then she has repeatedly threatened to make way with herself, being unwilling to continue her life of shame. The paranoir of her mother is in jail, while her own betrayer is either in Salem or Wala Wala." All the parties in the above case are known in Salem. The young girl was quite handsome and while here led a virtuous life, notwithstanding her mother was of a very low type. The negro who figured in the case is supposed to be "young McClelland" who made himself quite conspicuous while here by drawing a revolver on Robert Ford Jr. one night. It is said he is now languishing in the Wash. state prison for stealing some jewelry, etc.

THE MAIL BLOCKADE RAISED. Scenes at the Postoffice Yesterday Morning—Two Wagon Loads of Mail Arrive. Yesterday morning about ten o'clock people began to arrive at the postoffice and by 10:30 the number congregated around that vicinity numbered up into the hundreds. About 11 o'clock a boat was sighted, coming across the river heavily loaded with mail. It arrived at the postoffice shortly after eleven o'clock and postmaster Gilbert with his able force of clerks were soon at work on the two wagon loads. The letter mail was not as large as was looked for and was soon distributed. The sight around the lock boxes was an animated one. As soon as a letter was placed in a box it was eagerly sought by the happy recipient, and after the distribution of several thousand letters, the various boxes looked as empty as before.

NEW INCORPORATIONS.—In the secretary of state's office to-day were filed articles of incorporation of the Salem Canning company, with Geo. W. Johnson, T. McF. Patton, R. S. Wallace and E. H. BUILDING THE BRIDGE.—J. H. Albert built the bridge on Winter street across South Mill creek south-west of his residence about two years ago, and it shared the fate of like structures through the recent flood. Since the waters sufficiently subsided he has had a substantial foot-log built to meet temporary wants, and to-day he has had a fore engaged moving the body of the old bridge, which is intact and only a short distance off, back to its old place, when he will have it rebuilt more solidly and securely than ever. This is the kind of enterprise that will help the city out of its pressing emergencies.

CIRCUIT COURT.

The Grand Jury Drawn and Instructed by Judge Boise. Circuit court commenced its February term at 1 o'clock this afternoon, with Judge R. P. Boise, presiding, and attending thereon. Capt. F. J. Babcock, clerk; E. M. Croisan, sheriff; W. M. Hilleary, court bailiff, and D. M. Morris, grand juror bailiff. In the absence of District Attorney Hewitt, George G. Bingham, deputy.

The following were drawn as grand jurors: Silas A. Jones, J. W. Crawford, S. R. T. Jones, L. W. Evans, Jesse Looney, Daniel Durbin, G. M. Fry, and Silas A. Jones was appointed foreman. Judge Boise, after swearing them in, gave the jury a plain, intelligent statement of their duties, counseling them to present indictments wherever sufficient conclusive evidence of crime is produced, but cautioning them to present no frivolous charges nor allow persons to air their petty grievances at the expense of the state. He instructed them to hear testimony on both sides so far as within their reach and to find no indictment until the testimony at hand would be sufficient, if produced on trial, to cause them as good citizens to convict the accused. He instructed them especially to look into the matter of selling liquor without license, and, as provided by law, read to the jury the section of the statute in relation to libel, and that in relation to prize fighting.

THE COURT DOCKET.—Settled and dismissed; Goodhue vs. Simmons et al; Capital National bank vs. Chittenden; Hughes vs. Dorrance et al; Capital Lumbering Co. vs. Wischer; Mitchell vs. Extime; Minto vs. Gorman; Shepard vs. Parrish.
