HOPPER BROTHERS, Editors.
The possibilities of Oregon are simply
beyond comprehension at the present day.

WHAT DID IT COST?

What? That editorial in the "Oregonian,"
it says the grand jury of Marion
county, found nothing to condemn
in the management of the state as-
ylum for the insane.

What did it cost?
The Oregonian having hid its
readers and misrepresented the
grand jury of Marion county to the
whole state, the democratic paper
of Oregon spread the lie to all their
readers. The Albany Democrat
prints the following under this head-
ing:

THE ASYLUM IS ALL RIGHT.
The Salem JOURNAL's big head-
line about the insane asylum should
disappear. At their suggestion the
grand jury investigated the asylum,
and they found that the inmates
appeared to be as comfortable and
happy as that unfortunate case of
humanity could be expected to be
found, and also said that for a grand
jury to report it clean and new
would fall far short of giving the
expressions of this grand jury.

Could any report be less truthful
than that?
White-wash is very cheap in
some Oregon newspapers. No
doubt it comes high in the "Or-
egonian." In the meantime the peo-
ple are noting what papers conceal
the facts.

Is the Democratic Party the Friend of
the Poor Man?

New York World (Dem): Says
Mr. Calvin S. Brice, in his Colum-
bia interview:

I confess my surprise at the course
of the New York World, for its ed-
itor knows me personally, and
ought to know better than to sup-
pose me capable of the things his
paper so freely and recklessly
charges.

The world know Mr. Brice as a
sharp, shrewd, successful man of
affairs. He is a credit to Wall street
and his class. It knows 100 hon-
orable intelligent democrats in
Ohio, any one of whom has rendered
the democratic party and the
cause of true democracy ten times
as much service as Mr. Brice, but
these men are poor, comparatively,
and they have no chance of ad-
vancement to that senate so long as
a man like Mr. Brice can be found
to make liberal expenditures for the
party. Mr. Brice's best and most
ardent friends based his claims to
the Ohio senatorship in a recent con-
test upon the fact that he (Brice)
had been spending money for the
party in Ohio for years. Without
this liberal investment of money,
Mr. Brice would have had no more
chance of securing a senatorship,
than Fred Blanker, the perennial
sergeant-at-arms of the legislature.
He never made a great speech, he
never uttered a political thought, he
never was identified with legislation,
and he has no more claim to be re-
garded as a statesman, than the
man who blacks his boots. This is
what the World has said of Mr.
Brice and what it will continue to
say unto the end.

Woman labor is not so well paid
as male labor. Yet women work-
ers manage to save more than male
competition. This saving habit of
female employees is forcibly illus-
trated in the last report of saving
bank commissioners of Massachusetts.
It appears that out of 902,376
deposits made during the year, 434,
219, or a trifle less than one-half,
were made by women. The total
amount deposited was \$67,609,338,
the female depositors being credited
with \$29,803,001. Considering that
male employees outnumbered women
workers in all trades where the
highest are paid, this showing is
certainly creditable to the fair
daughters of toil.—Walla Walla Un-
ion.

According to the Iowa Dairy
Commissioners' report there were
in operation in the whole state 603
creameries, and they produced over
41,000,000 pounds of butter. The
average net price received for this
butter by the owners of the cream-
eries was 22 cents. Four years ago
the first separators were regularly
used, and now there are over 500 in
the state. The northeastern part of
the state has fully four-fifths of all
the creameries and makes more than
that proportion of the butter. There
is one county, Monroe, without a
single one and forty counties with
one and two each. In the last year
there were 75 new ones established,
and the business is rapidly increas-
ing.

A foot of snow fell last night at
Snohomish, Cal., and still falling.

OREGON CLIPS.

The Oregon steamer Columbia is
in dry dock at San Francisco.

E. H. Flegg is about to move his
Hillsboro Democrat to Forest Grove.
Sarrafale and D'Albert, the emi-
nent European violinists play at
Portland Feb. 24 and 25.

There will be no wheat to speak
of in the Petaluma country, of Cal-
ifornia, if the dispatches are to be be-
lieved.

Jacob Frazer and T. T. Bourke
are to be administrators of the un-
fortunate young Frazer's estate.
Bonds, \$3000.

It sufficient acreage of vegetables
and fruits can be obtained the Salem
cannery will distribute \$30,000 to the
Willamette valley farmers.

Burglars gagged and bound a Har-
risburg druggist by name of Damon
Smith Thursday night, and made
him open the safe. They escaped
with \$300 and a gold watch.

The Astoria Pioneer says: William
Reid indicates his faith in the rail-
road by sending down \$25,000 with
which to pay off obligations, which
sum has been in the city for several
days.

A tramp, giving his name as
"Doc," broke into J. F. Barker's
residence, at Roseburg, Or., last
Tuesday afternoon, and was cap-
tured. He was near Dillon's station,
with nearly all the valuables he had
stolen.

Geo. Salmarsh, who shot himself
and wife at Albany died Thursday.
The woman will recover all right
enough. She will not be as pretty,
but will be wiser, and will prob-
ably have a whole great big lot of sense
more than she had before.

Astorian: The combine is getting
in its work on every industry. It is
the lumber, saw and door and
glass factories, and is now bearing
down on the woodman's axe. It is
reported that a scheme is on foot at
Astoria to control the axe business
throughout the United States.

PORTLAND, Feb. 20.—The jury in
J. W. Ralston against the Portland
& Willamette Valley railroad, in
which the plaintiff sued for eleven
thousand two hundred and fifty
dollars for injuries sustained by
him while traveling in the cars,
awarded twenty-one dollars dam-
ages.

General John E. Ross died at his
home, near Jacksonville, of heart
disease, February 17. General Ross
was a member of the Oregon State
Pioneers' Association, and an In-
dian war veteran. He has lived in
the vicinity of Jacksonville for
nearly forty years, and was one of
the bravest and most valiant of Or-
egon's frontier defenders. He leaves
a wife and nine children.

Pendleton Tribune: A subpoena
has been ordered served upon the
editor of the CAPITAL JOURNAL of
Salem to compel him to tell what
he knows about the alleged irregu-
larities of the state asylum for the
insane. The editor of the JOURNAL
appears willing to do so without be-
ing compelled, and has already con-
tributed some details which if true
should be the cause of a few changes
in the management of that institu-
tion.

Astoria Columbian: Clear, sunny
weather in the winter months in
Oregon is not very highly appre-
ciated by the average citizen. The
gentle falling of the rain is music
and the softness of the air in the
moist weather is like a lover's em-
brace to those who are fully accli-
mated. It is the stranger or the
eccentric individual who salutes
one on such days as yesterday with
"Isn't this glorious weather?"

One by one the higher institutions
of learning are throwing open their
doors for the admission of female
students upon an equal footing with
males. The foolish prejudice which
existed against it some years ago is
constantly getting less, and the
young ladies have fully proven that
they are as capable as their brothers
of higher education. Woman's
sphere of action and usefulness is
fast widening.—Polk county Item-
izer.

Prineville News: There is no de-
nying the fact that considerable
stock have died in this county this
winter, but the losses are no worse
so far than they have always been
during the severe spell of winter
weather. We'll still have thousands
of cattle, horses and sheep left next
spring, and next year's increase will
fill up the open ranks made by this
winter's losses.

Baker City Democrat: Attorney
W. F. Butcher, of Athena, is a de-
fendant, together with Sheriff
Brown, of Ellensburg, and Sheriff
McFarland, of Walla Walla, in a
\$20,000 damage suit, brought by
Wm. Anderson, Adams' shipping
merchant. It seems that the war-
rant issued for Anderson's arrest
and served by the sheriffs men-
tioned was insufficient, and that An-
derson, taking advantage of the loop-
hole, has sued his captors for false
imprisonment. Mr. Butcher, be-
ing attorney for the prosecution,

was made a party in the case. He
says he does not object to paying
his portion of the \$20,000, if An-
derson will apply it to paying his
debts; \$6000.00 is nothing to
"Butcher" and he is willing to pay it
to avoid trouble.

State Superintendent, Hon. E. B.
McElroy, has appointed a committee
of five consisting of Prof. J. B.
Hornor, of Roseburg; Prof. Frank
Rigler, Oregon City; Miss Ella C.
Sablin, city superintendent of Port-
land schools; Prof. D. W. Jarvis,
of Athena City, and Superintendent
C. H. Whitney, of Baker county,
to secure attendance from Oregon to
the National Educational Associa-
tion which convenes in the city of
St. Paul, Minn., July 4th.

Jefferson Review: Men cannot
afford in their business plans and
methods to be disloyal to personal
honor, and to the primary principles
of justice, as between man and
man. Men cannot do good honest
work for themselves and absorb all
the results of it. Their work, of
very necessity, must be helpful to
others. In advancing their own in-
terests they must necessarily ad-
vance the interests of every other
industrious and honest man in the
community.

THE SCOTT MURDER.—Excitement
is running very high around West-
land, and all through Yamhill
county over the murder of Mrs.
Scott. The coroner's jury is still in
session, and the yard around the
house is constantly full of people.
Persons are examined one by one
in secret and very damaging facts
are being developed. The shot
found in the wound are found to be
mixed No. 5 and 6, such as a neigh-
bor swears he mixed for the younger
Scott last fall for grouse shooting.
A boy of ten years old also swears
that young Scott was away from
home the morning of the murder
from 4 to 7 o'clock. Both will prob-
ably be arrested to-night.

CLEAR YOUR FACE.

It is now known that a pim-
ple on the face is not the result of
blood disease, but is caused by
impure blood. Impure blood, how-
ever, is not the cause of the pimple,
but the result of it. The pimple is
the result of impure blood, and
