FIREMEN'S BALL.

The Event a Most Enjoyable One—A Large Attendance—Good Music—Successfully Conducted.

It is over. The Firemen's ball a success. Tiger Engine company should feel proud this morning over the success met with by them last night.

The various committees appointed to look after the affair performed their work with such a thoroughness as was never seen before. The spacious hall was taxed to its utmost capacity. Dancers and spectators began to arrive shortly after eight o'clock and by nine standing room in the gallery was at a premium.

At 9:30, Everett's military orchestra, of Portland, struck up a lively air and it was but a few minutes until the floor was occupied by many dancers. The music was well received by all and the management of the ball felt gratified over their election of this splendid orchestra.

About 11 o'clock the spectators who came out through idle curiosity and for the purpose of "seeing who was there," began to disperse and the hall was left entirely in charge of the dancers. The attendance was one that speaks well for Salem as a public ball. The entire party was made up of perfectly refined ladies and gentlemen of good standing, and for a public ball was indeed a much better selection of personage than one could expect to meet.

The best of order prevailed and nothing transpired to mar the happiness of the occasion. At an early hour this morning a merry "good night" was exchanged, and the 800 Firemen's ball by Tiger Engine company declared a successful social occasion.

Space will forbid a mention of all who were present.

SKELETON ON THE BEACH.—A telegram to yesterday's Oregonian, supposed to be sent from Astoria, dated Feb. 29th, says: "To-night a man brought to town a skeleton said to have been found when on a cruise from the Willapa, on Shoal-water bay, to Astoria, and of which he said nothing till he came to this city. A ring worn on the third finger bore the engraving: 'To E. V. from E. B.' The remains are undoubtedly those of Miss Eva Burbank, a beautiful, popular and accomplished young lady who was drowned in the surf several years ago." The sad drowning of this lady is revived in the minds of many persons in Salem. She was drowned at Hiwaco about 10 years ago last July while in bathing.

A lady in the city who was a warm personal friend of Miss Burbank says that the initials "E. B.," as stated in the telegram do not correspond with the ring that was upon the hand of the unfortunate victim when she was drowned, and that she does not believe the remains are those of the person stated. Miss Burbank wore a number of rings, all of which she removed when she went in bathing, but one that was wished upon her hand. This she always kept in place by running a string through it and tying it to her wrist. This ring was given her by Mrs. Dr. Ward, then of Portland, but who died in San Francisco a few years ago. Her father was a prominent and wealthy man, and served as representative in the Oregon Legislature, and Miss Eva was his only daughter. One curious fact regarding her drowning was that the little town at which she was born in Washington, was completely washed away a few years before she met her sad fate.

A LEGAL HOLIDAY.—This being the 23d day of February, the birthday of George Washington, is a legal holiday and all public offices are closed to the transaction of business. At the state house and court house no papers are filed to-day and no appointments made, hence the industrious office forces will have a full opportunity to enjoy the glories of a great republic, the foundation of which was solidly laid by the man whose birthday we celebrate. During the one hundred and fifty-eight years since General Washington first beheld the light of day, the changes and achievements, scientifically, politically, socially and otherwise, have been marvellous and in no place on earth more so than upon this continent. This should be a sacred day with every American citizen, as indeed it is.

ANOTHER UNFORTUNATE.—Last evening's train brought to the city Deputy Sheriff Mischner of Portland, who had in charge Thos. Whalen, who will serve a term of seven years at the penitentiary for committing the crime of burglary.
