The Chinese Labor Question.

Highest of all in Leavening Power. - U. S. Gov't Report, Aug. 17, 1930.

ABSOLUTELY PURE

There is nothing comparative or hesitating in their language when the official analysts, chemists and scientists speak of the quality of the Royal Baking Powder. "As good as," "harmless," "pure" are tame phrases to describe the superlative merits of this great baking powder. Whenever actual, scientific, practical tests are made, it is emphatically declared superior in its leavening strength, purity and wholesomeness. Witness the report of Prof. Wenzell, of the College of Pharmacy Department, University of California:

#### SAN FRANCISCO, Oct. 19, 1889.

From actual analysis made by me, I pronounce the Royal Baking Powder to be the Strongest and Purest Baking Powder before the public.

It is entirely free from alum and other additions injurious to health.
