"THE HAY MAKERS."—Prof. Parvin accorded a goodly audience assembled at the university chapel last night a great deal of pleasure in his presentation of Root's idyllic cantata by above title.

Salem's business streets are kept thoroughly sprinkled and dustless. The wife of Frank Wyatt, a farmer of Philomath, committed suicide with a pistol shot.

The Advent Christian campmeeting (not seventh day) will be held at East Portland, June 13th. The republican central committee of Nevada denounce Windom's attitude on silver as unrepentant.

A new building exchange organized in Portland accedes to the demands of the labor unions, and 300 men will go to work. The best excursion of the season so far will be had next Saturday, when the Baptist people go up the river on the steamer Undine.

Astoria lots are being auctioned off in the city this afternoon, not exactly for a song, but a tune by the band is thrown in with every lot. The grading of Chemeketa between Cottage and Summer streets has just been completed, and Mr. Graham, the road supervisor, deserves great credit for the manner in which he has improved it.

The Oregon Land Co. has just completed a bicycle track in Highland Park, and there is every probability of a race between the bicyclists of Salem, coming off Saturday afternoon. The Oregonian seems to be anxious either to not have Willamette university to move to Portland or else to destroy its influence as an institution. The feeling is probably reciprocal on the part of the University.

The cantata of the Hay makers at the University chapel last evening was witnessed by a good sized audience and was highly appreciated. Everything passed off smoothly. Especially the character assumed by Mr. Epley as Snipkins, the young man from the city. It is not often that the genus tramp rides in the festive Pullman car. He always rides when he wants to, of course, but his tastes are not quite so lofty. In fact, his ideas are quite lowly; a flat car—or even the under side of it—is more to his notion. But once in a while this gay and festive customer does things up in style, as for instance the ones who came through in the Pullman cars recently received here for the electric line. Inside the car was badly scratched up, and a fire had been made on the floor of the same. This car served as the kitchen, while the other was the parlor car, and fared a little better.

NEW TO-PAY.—Mr. J. E. Baker, recently from Blairville, Pa., has opened a cigar factory in the Bellinger block on State street. He will also sell tobacco and cigars. His two sons, Joseph H. and Harry D. are practical cigar makers as well as their father, and will work in the business. They will make cigars and put up smoking tobacco and build up a jolly big trade. Another addition to Salem industries.

ARTIST.—Miss M. Kirn has taken up rooms in the Cherrington Art Gallery, and will do work and receive pupils in portrait crayons, oil and water color painting. Miss Kirn has had samples of her work at the Red Corner drugstore, and has a choice collection at her studio, where visitors are welcome. d-1t
