THE QUESTION SETTLED. This is a faithful picture of the establishment of Thomas Price & Son, at 524 Sacramento St., S. F. As the leading chemist of the west, they were asked to settle the question as to what sarsaparilla was in fact purely vegetable. We present their report. "We have made careful chemical analyses of several well known brands of sarsaparilla, and have found them all with the single exception of Joy's to contain iodide of potassium. As a result we are enabled to pronounce Joy's to be the only purely vegetable sarsaparilla now on the market, which has come under our observation." Modern medicine has proven that all ordinary face eruptions are caused by indigestion and sluggish circulation, which call for vegetable alternatives. Instead of mineral blood purifiers like iodide of potassium, Joy's Vegetable Sarsaparilla is the first to discard the old notions and proceed under the modern theory. Its cures are the talk of the hour.

Spring Fever. At this season of the year the most vigorous and hearty people often have a feeling of weariness, tired and worn out, with little or no reason to do anything, and many break out in pimples and boils. What you require is a mild tonic, medicine that will act gently on the liver and blood, and for this, nothing equals Dr. Gunn's Improved Liver Pills. They give activity to the liver, purify the blood and by their mild, tonic action, new vitality and strength to the entire system. Sold at 25 cents a box by Smith & Steiner.
