Is THOMPSON HEARTLESS .- There is a great deal of talk among democrats to the effect that D. P. Thompson is a heartless money-changer and millionaire. There is one little act of his which is not bruited abroad, but will be well remembered when brought before our readers. and which shows that Mr. Thompson has a heart with kind feelings when necessity becomes apparent. Three years ago last spring, the great mine disaster occurred at Nanaimo, by which several workmen lost their lives. Among these were ten members of the Ancient Order of United Workmen. This jurisdiction was not then as strong in members or financial standing as it has since become and it would take some time to collect the \$2000 for each of the families of the deceased, D. P. Thompson realized these facts and that the families had immediate need of the money, so the next day after the disaster he drew his check for twenty thousand dollars and handed it to the treasurer of the order at Portland, to pay the losses spoken of. Does this indicate heartlessness or a want of sympathy with the deserving? That act alone will go down with Dave Thompson as a solace against all the slanderwhich interested enemies may invent or circulate against him.

A GREAT EVENT .- In the exeitement of the campaign we know the ladies will not, though some or the gentlemen may, forget the Goltra-Macrum musical recital. These young ladies have undertaken to furnish our citizens an entertainment on a more generous plan than has ever been attempted by home talent. The number of performers and the richness of program are both worthy of comment. They have a large number of pupils and the best of cerned than many of the traveling clear of weeds as a well-kept flowershows that come along, that it senden. should merit the most generous support. The program is printed elsewhere.
