This morning active operations were begun for the work of constructing the new bridge connecting Marion and Polk counties across the Willamette river at this point.

THE WEATHER.

The warm wave which has been so terrible in its effects upon working people in the East the past few days, has struck the Willamette valley, but with no sunstrokes or prostrations as accompaniments.

ASSAULT AND BATTERY.

Information was filed Saturday evening before Justice Goodell by W. D. Pettigell, of North Salem, charging Frank Carlson, a boy of 17 or 18 years old, with assault and battery on Pettigell's son, a lad of ten years.

STREET REPAIRS.

Street Commissioner Graham is having the bridge across Mill creek on 12th street replanked. This is a needed repair and will make that bridge much safer for the heavy travel on this thoroughfare.

PROFITABLE EXPENDITURE.

Salem and Marion County Advantages Heralded to Two and a Half Million Families.

The advertising committee of the board of trade have closed a contract with A. J. Wilson, a representative of Lord & Thomas's advertising agency, of Chicago, whereby a one inch advertisement will be run for a period of six months in thirty-two of the most widely read newspapers of the Eastern and Middle Western states.

The advertisement concisely states a few of the advantages of this valley and invites the reader to send a stamp to the Salem board of trade for special information and for an illustrated pamphlet giving a general description of the country and city. The advertisement will not appear in all the papers simultaneously, but will alternate among the papers named, thus reaching different localities at different times.

The amount subscribed toward this advertising fund for each month is now nearly \$300, three business houses subscribing \$25 per month each; two, \$20 each; three, \$15 each; five, \$10 each; sixteen, \$5 each; three, \$2.50 each; three, \$2 each; five, \$1.50 each; forty, \$1 each; twelve, 50 cents each, and two 25 cents each. The work of increasing the list is constantly going on and will be continued so long as a business man remains without doing his share, and it is hoped to have at command for the spreading of Salem gospel between \$500 and \$600 a month.

CORRECT TIME TABLE.

According to the new schedule which goes into effect to-morrow, the 1st of July, at 5 o'clock a. m., passenger trains will pass this point as follows:

Table with columns for GOING NORTH and GOING SOUTH, listing train names and times.

A MOUNTAIN TRIP.

Judge J. B. Waldo, of Macey, took the afternoon train for Portland. The judge is getting ready to take his regular annual trip through the Cascade mountains on a hunting, fishing and general pleasure tour.

FIRE PROTECTION.

There are thirty-five residences on the south side of the south branch of South Mill creek within the city limits that have not a particle of fire protection except what might be derived through a garden hose. The Journal is requested to ask the attention of the councilmen from the Fourth ward to this, that they may bring it before the council for consideration.

MAKING A TRACK.

A force of young men is at work to-day with hoes and rakes clearing off and leveling the old bicycle track in the west end of Willison avenue to have it ready for the races on the Fourth. It makes a beautiful, level course and is in a locality favorable for spectators. The track is one-sixth of a mile in extent and will afford the wheelmen a fine opportunity to display their skill.

SHOOTING AFFAIR.

Reports have it that several shots were fired Sunday night at a young man who has been paying attention to a young lady who resides near Brooks. Unless a crime has been committed or arrests follow, THE JOURNAL does not believe in giving much publicity to love affairs that are intercepted with fire-arms.

IMPROVED APPEARANCE.

The Chenekete hotel is taking on a much improved appearance through the application of the paint brush in the hands of a large force.

FINE HORSE SELL.

L. H. Rowland's "Bay Billy" was last Saturday sold to L. P. W. Quimby, the noted horseman of Portland, for \$100. He is a good one and considered cheap by those who knew him.

Slaughters in Goons.

Chadles and satines still being slaughtered at the Capitol Adventure Co. Bargains in dress goods and fancy goods.

The Best Light.

That is what we want on any subject, and two arc electric lights make a store at night just as bright as day. This is important in selecting clothes, and you get the benefit of it at Conrad's.

JULY FIRST.

Subscribers to the Daily JOURNAL who do not keep a business office are requested to have money due the carriers left at the place where the paper is delivered so they can get it on the above date.
