FINANCIAL CRISIS IN URUGUAY.

### Turkey Demands that England Fix a Date for Evacuating Egypt.

PANIC IN URUGUAY.

LONDON, Eng., July 8.—The Times has just received the latest advices from Buenos Ayers in reference to the financial crisis in Uruguay. The state of Uruguay legislature met in special session and on Sunday a bill was passed sanctioning suspending of specie payments for six months. This action has alarmed the merchants. The government fears that the people will not accept a paper currency, but desires to save the national bank if possible by the present intermediate measure. If this effort to assist the bank fails it will probably be forced to liquidate.

MONTEVIDEO TO-DAY.

There is an abatement in the financial panic. In order to stop the run on the banks the government issued a decree making yesterday a national holiday. One million five hundred thousand dollars in gold is on its way here from Buenos Ayres It is hoped that upon its arrival the financial distress will be relieved.

TURKEY MAKES DEMANDS.

LONDON, Eng., July 8.—The Turkish government has sent a new note to the British government demanding that it fix a date upon which Egypt be evacuated, and asserting that British troops without right are again occupying that country.

LONDON POLICE QUIET.

LONDON, Eng., July 8.—The police panic is subsiding. The two policemen who were arrested for assaulting superior officers yesterday have been sentenced to 14 days imprisonment. Quietness prevails among police force this morning and none of the men have gone on a strike.

THE FISHERIES WAR.

VICTORIA, B. C., July 8.—It is now officially announced that the statements in American papers dated Friday, that schooners arriving here and at Maple Bay for the purpose of resistance to American revenue cutters in Behring sea is entirely without foundation. Sailors generally are of the opinion that no seizures will be made this year.

KNIGHTS OF PYTHIAS.

MILWAUKEE, Wis., July 8.—The prominent features this morning of the Pythian conclave circles were the grand reception at the exposition building and opening deliberations of the supreme lodge. The exercises of welcome to the exposition building were opened by the mayor, who made the speech of welcome. The governor followed with a speech in behalf of the people of Wisconsin.

PORTLAND, Or., July 8.—News has just been received from Sellwood, one of Portland's suburbs, that Charles H. DETAILS OF THE SILVER BILL.

Washington special to the Oregonian, July 8:

After the first ineffectual conference of last Thursday the republican members decided an agreement could be more speedily reached by party consultation than a conference open to both parties. The conference substitute was completed in all essential points, save one, and sent to the printer yesterday, the one point left open relating to the amount of silver bullion to be purchased. Sherman, Walker and Conger thought 4,000,000 ounces monthly a fair compromise, but Jones declared for 4,500,000 ounces. Such was the state of affairs this evening, when the overture was again made to Jones to accept 4,250,000 ounces. The Western senators were in receipt of telegrams urging them to hold for the full amount of 4,500,000 ounces, and insists upon a speedy disposal of the bill. So the overtures were rejected, and when the proposition was made to take up the tariff bill in the afternoon the silver men manifested their power to check the flow of party legislation unless their demands were met. Soon afterwards the republican members of the conference again were called together. The words "five hundred thousand" were added to the 4,000,000 ounces contained in the printed conference substitute and the amendment completed.

The substitute provides the secretary of the treasury shall purchase from time to time silver bullion to an aggregate amount of 4,500,000 ounces or so much thereof as may be offered at the end of each month at the market price thereof, not exceeding $1 for 371 25-100 grains of pure silver. Treasury notes issued in payment to be redeemable in coin and legal tender in payment of all legal debts, public and private, except where otherwise expressly stipulated in the contract, and be receivable for customs taxes and all public dues.

Upon demand for dollar treasury notes the Secretary shall, under such regulation as he may prescribe, redeem such notes in gold or silver coin at his discretion, it being the established policy of the United States to maintain the two notes on a par with each other upon the present legal ratio or such other ratio as may be provided by law. The secretary of the treasury shall each month coin 2,000,000 ounces of the silver bullion purchased, into standard silver dollars until the first day of July, 1891, and after that time shall coin out of all silver bullion purchased as much as may be necessary to provide for redemption of treasury notes. The present law is repealed. The last section provides for covering into the treasury and held for redemption of national bank circulation.

### A Storm Injuries the New Custom House in New Orleans.

THE STORM'S TRACKS.

MINNEAPOLIS, Minn., July 8.—The storm which broke over this city yesterday at 9:15 a. m. was never equaled in this part of Minnesota, while $25,000 damage to property was done in this city, besides a number of people being injured. So far as reported there is no loss of life in this city.

The most serious damage to property was the blowing down of the foundry and house belonging to the Great Northern railroad.

Part of the roof and several chimneys were blown from the state normal school.

Considerable damage was done to the Grand Pacific, Cooke and Central hotels.

Two buildings near town were blown down and considerable damage done by rain.

A grain elevator at Hendricks, six miles east of here, is blown down and lies across the Northern Pacific railroad track.

MINNEAPOLIS, July 7.—A violent wind storm amounting in places almost to a cyclone, and accompanied by an extraordinary electrical display, passed over Lake Superior district early this morning.

At Houghton, buildings, trees, fences, etc., were demolished.

At Lake Linden, lightning struck the house of Jennie Vigneaux, destroying the house and seriously injuring two members of the family.

STORM AT NEW ORLEANS.

NEW ORLEANS, July 8.—A heavy wind and rain storm occurred here, damaging a number of buildings in the city, blowing down trees and fences and prostrating telegraph wires in all directions. Very serious damage was done in the custom house. Workmen were building a new observatory on the roof, and had torn up a portion of the roofing. Suddenly a remarkable downpour of rain flooded the interior of the building, pouring down from one floor to another and driving everybody out of the offices. The postoffices were among the offices flooded and damaged. At the same time wind blew the scaffolding down and the planking crushed through the plate glass light under the dome, timber and glass falling with a great crash into the rotunda. Many occupants of the building narrowly escaped injury. The damage will amount to many thousands of dollars.

## VETOES THE LOTTERY.

### Louisiana's Governor Was Not Bribed.

THE GREAT LOTTERY STEAL.

### Governor Nichols Reads a Scathing Rebuke to the Legislative Assembly.

BATON ROUGE, La., July 8.—Governor Nichols yesterday returned to the house without his approval the now famous lottery bill. In his veto message which is of great length he refers to his message at the opening of the session anticipating this legislation and urging its instant rejection for various reasons set forth. In the present message he says:

His views heretofore expressed not only remain unchanged, but his convictions have deepened and strengthened. The persistent efforts which have been made to present Louisiana as a pauper unable by and through her own legitimate resources to sustain and carry out the duties of her statehood are utterly without foundation. The state and the different parishes of this state were never since the late war in a better condition than they are to-day. Moving forward to an era of assured prosperity, suddenly the dark shadow of deep disgrace is thrown across their path, and the honor of Lousiana maintained in the past on the field and in council by patriotism and valor, and the sacrifices of her sons, living and dead, is to be tarnished forever; her position among her sister states to be tested not by what she has been, but in the dust as a degenerate partner in a gambling corporation designed, organized and carried out, not for her good or her advancement, but as I have before said, for the personal and selfish interests of a handful of men, many of them connected with darker days of the reconstruction period. I repeat, it is for them and to them we are selling our birthright for a mess of pottage. Who are the six unnamed who are to join with a seventh and known one to constitute the new lottery company? How comes it we are not informed as to their identity and enabled to know their antecedents and fix their records?

There is a world of meaning in that silence. In the most trifling affairs of life men seek to know with whom they deal. How comes it that in the matter of things of importance the general assembly has been willing, up to now, to close its eyes and move blindly in the dark? I say to this general assembly, in all earnestness, that should this measure be passed, we will enter upon a period of strife such as never has been seen before in Louisiana, and should this contemplated corporation be formed, upon an era of corruption and degradation, beside which the era of reconstruction will appear as one of honor and happiness. Let me say to you that should this measure be adopted and carried out, in my opinion no good will ever come of the money which we will receive as the price of our honor and our liberty. Extravagance, profligacy and corruption will assuredly follow its receipt, as night follows day. I believe at the end of twenty-five years we will not only find constitutional bonds outstanding to the utmost limit of our funding law, but I believe there will be an additional immense interest-bearing debt which by that time will have been acknowledged and provided for as to interest, but not as to capital, and that in those twenty-five years a vast amount of interest will have been paid unnecessarily, improperly and illegally. In whose hands those interest-bearing bonds will be found time will develop. At the end of twenty-five years there will be the same claim of the poverty of Louisiana and a claim on its behalf for a continued extension of the lottery.

Governor Nichols concluded with a most urgent protest against this assumed condition of poverty in the state, and says the bill will continue to meet with his most determined opposition. The bill was made a special order for this afternoon.
