STATE.

IMPORTANT DECISION AGAINST THE STATE.

PORTLAND, Or., July 28.—In the U. S. circuit court this morning, Judge Deady, in the case of McCouaughy vs. Gov. Penney, overruled the demurrer to the amendment to the bill. This decision virtually ends the suit and perpetually enjoins the state from giving title to forty-two thousand acres of land situated in Lake county and known as swamp land.

CHINAMAN HEAP SICK—DROWNING IN THE WILLAMETTE.

ALBANY, Or., July 28.—A Chinaman employed on the narrow gauge railroad nine miles east of this city committed suicide last night by hanging himself to an oak tree. He was found dead this morning. He had been sick.

R. D. Murray, a farmer living at Spring Hill, five miles north of this city, was drowned last night while in swimming in the Willamette with a number of other men. The body has been recovered.

FIRE AT OREGON CITY.

OREGON CITY, Ogn., July 28.—Green Brothers' general merchandise store was burned yesterday. The building was a two-story brick and was completely gutted. The loss is ten thousand dollars with an insurance of seven thousand. It is supposed the fire was caused by spontaneous combustion.

FARMER INJURED AT AURORA.

AURORA, Oregon, July 28.—Andrew Snyder was severely hurt at the depot here this morning by the north bound passenger train. Mr. Snyder was driving across the track on a wagon and did not see the train which suddenly rounded the curve just south of the depot. The train struck the rear end of the wagon and smashed it all to pieces. Snyder had his collar bone dislocated and was severely bruised in other parts of the body.

CHURCH DEDICATION AT DALLES.

The new \$5000 Methodist church at Dalles was dedicated yesterday, the services being attended by an immense crowd embracing all denominations in the city and surrounding country. One pleasant feature of the occasion was the clearing of the church from debt. Before proceeding with the ceremony, Presiding Elder Wilson announced that some \$1500 remained unpaid on the edifice and he would not dedicate it until a sufficient sum was pledged to wipe this out, so he proceeded to take in subscriptions and in less than an hour over \$1000 was raised. An interesting program followed, splendid music being provided for the occasion under the management of Prof. Wolf, of this city, director of the orchestra. Rev. P. S. Wilson, P. E., preached an eloquent sermon in the morning. In the evening at 7:15 there was a delightful song service and at 8 o'clock evening service. At the song service Mrs. C. G. Coad, Mrs. W. S. Farrington, Mr. A. V. R. Snyder and Mr. F. H. Morrison sang beautiful solos, and numerous other pleasing selections were rendered. The whole was very interesting and Dallas people feel highly pleased over the event. The Presbyterians contemplate commencing a new church there in a short time.

FOREIGN.

THE REVOLUTION SPREADING IN ARGENTINE REPUBLIC.

BUENOS AYRES, Arg. Rep., July 28.—The revolutionary movement continues to spread. Fighting between the government troops and the revolutionists to day has been desperate. The government forces were defeated and a thousand of them killed or wounded. The navy has joined the revolutionary movement. Insurgent artillery bombarded the government houses and barracks to-day. A twenty-four hours' truce has been arranged.

TELEGRAPHIC COMMUNICATION CUT OFF.

BUENOS AYRES, July 28.—The authorities have notified all telegraph companies whose lines connect with lines in that country that telegraph communication will be suspended until further notice.

WAR IN BUENOS AYRES.

WASHINGTON, July 28.—A telegram was received this morning by acting secretary of state from Minister Pitkin at Buenos Ayres, stating that a revolution of arms was in progress and the army was divided and a siege had been declared.

STEAMER WRECKED.

BOSTON, July 28.—The steamer, D. H. Miller which arrived here from Baltimore, reports that on the 26th when off F.ve Fathom bank lightship, she picked up two boats containing twenty men from the crew of the British steamer Charles Morgan, which sailed from New York to Vera Cruz last week. The Morgan was sunk by an unknown schooner on the 26th.

AFFAIRS IN ARGENTINE REPUBLIC.

LONDON, Eng., July 28.—The British minister at Buenos Ayres sent a dispatch to the Foreign office last night that the revolution is proceeding and there had been heavy firing. The dispatch further says an armistice had been arranged until tomorrow. The town is temporarily quiet. Previous to arranging an armistice the war ships which had just joined the revolutionary movement bombarded the loyalist strong hold.

AN AWFUL DISASTER IN ENGLAND.

MANCHESTER, Eng., July 28, 520 P. M.—A fearful accident has just happened in New Manchester ship canal. Two workmen's trains, through some unexplained stupidity of switchmen, collided and ten workmen were instantly killed and sixty others injured, of whom twenty it is said will certainly die. The news spread through the city and the greatest excitement prevails.

LATER—Of sixty injured it is now believed at least thirty are fatally hurt.

MISCELLANY.

OPERATIONS OF THE REAL FISHERS.

SAN FRANCISCO, Cal., July 28.—The schooner, Dashing Wave, arrived yesterday from San Point with a cargo of codfish, salmon, and fur. Capt. Gaffney reports that the sealers this year will rendezvous at the northeast harbor of Koniakoi Island instead of at San Point.

Among the sealers, the Sutherland

had arrived with about nine hundred skins, and others from seven to thirteen hundred each. Most of the American sealers went to Victoria to deposit their catches July tenth. July tenth the Rush arrived at San Point and left several days later for Oumak. There were one hundred and eighty-seven others caught by the fleet.

ACCIDENTS.

TERRIBLE TUMBLE DOWN A CAN-YON.

NEVADA, Cal., July 28.—Michael Jennings, aged 61 years, while carrying mail from Washington to Omega, fell with his horse from a narrow trail down into Missouri canyon, a distance of three hundred feet. The man and horse were frightfully mangled.

WASHINGTON.

MISSOURI REGIMENT PENSIONED.

WASHINGTON, July 28.—The senate bill to pension all surviving officers and men of Powell's battalion, Missouri mounted volunteers, raised during the war with Mexico, has passed.

FIRES.

NOT A BUSINESS HOUSE SAVED.

SPOKANE FALLS, Wash., July 28.—No additional particulars of the Wallace, Idaho, fire have been received. It is known, however, that every business house in the town was destroyed.

PARAGRAPHS.

Wallace, the richest of the Cour d'Alene mining camps, was literally wiped out of existence by a fire Saturday night. Every business house in the town is reported destroyed and the loss will reach half a million dollars. Wallace is situated about 110 miles south-east of Spokane in a deep canyon in the Rockies, and was among the richest mines in the United States.

CROP-WEATHER PULLETIN.

The State of the Oregon Weather and Crops for Week Ending July 26—All Good.

WEATHER.

The week has been marked by continued high temperature ranging from 50 to 70 degrees along the coast, from 48 to 95 degrees in interior valleys and from 50 to 110 degrees east of the Cascade. There has been an entire absence of clouds, except along the coast, where fogs, as usual, were frequent; no rain is reported to have fallen within the state.

CROPS.

The weather has been very favorable to harvesting operations, which are in full way throughout the state, the weather was favorable to late spring grain, hops, fruit etc.

The fall wheat is reported to have a fine large and plump berry; as little threshing has been done, so far, the yields cannot be given. One report from Washington county says, "One field of 60 acres has been cut and threshed which yielded 45 bushels per acre.

At Gervais on the 24th the first wheat was received at the warehouse, from Mt. Angel, on the same date last year the first wheat was received at the same place.

It is estimated that the entire section of country within 20 miles of Astoria, Umatilla county, will yield, on an average from 35 to 50 bushels of wheat per acre. In the French prairie, Marion county, the wheat is generally better and larger yield than ever before. Crook county has an increased acreage of wheat and they expect to raise sufficient wheat for local demand. In section south of the Blue mountains crops are all reported good. Union county has the brightest of prospects. Morrow county will have the best grain crop ever produced. Sherman, Gilliam and Wasco counties will have more than average crops. The entire Willamette valley sends in the most excellent reports as to wheat prospects, and Southern Oregon will have fully an average crop. Hops are flourishing, good yields and prices are expected. Large quantities of fruit are being shipped. Prunes, plums and pears are especially plentiful. The melon crop will be unusually large. The flattering prospects for a bountiful harvest, indicated the past few weeks are now about to be realized.

PARDON GRANTED.—Fred Van Wagner received a full pardon from Governor Penney this morning. Van Wagner was convicted of larceny in the circuit court of Marion county in 1888 and having served his full sentence was pardoned on the recommendation of the district attorney in order to restore him to citizenship.

DON'T BE DUPED.—Thousands are, or are likely to be, by the flashy, fraudulent advertisements of "The Original Webster's Unabridged Dictionary," which is offered for three or four dollars. If any of our readers wish to invest in a purchase which they will be likely afterward to regret, they will do so after being fully notified.—Buffalo Christian Advocate. The genuine modern Webster is on sale at T. McF. Patton's, Salem. 11.

WANTED.—Blackberries and Bartlett pears. We are now ready to make contract for next season's crop of vegetables, fruit and berries. Salem Canning Co. 7:19-41

A BAD CASE.—Yesterday Sheriff Furnish and two guards brought from Umatilla county to the asylum, Frank Kissinger, who was such a raving and violent maniac that handcuffs and ankle manacles had to be used, and then he was difficult to handle. His trouble is the result of being bitten in the hand by a poisoned dog while the animal was in the last throes of agony. The dog was dead before his jaws were released from the hand. Kissinger went into Pendleton to get the wound dressed and was stricken with the malady suddenly.

The Best Light.

That is what we want on any subject, and two arc electric lights make a store at night just as bright as day. This is important in selecting clothes, and you get the benefit of it at Conrad's.

WHY DID HE GO?

A St. Louis Merchant's Trip to the Postoffice, and the Result.

California's hot season is beginning to take hold of St. Louis. J. V. Barrett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to visit Jay's Vegetable Sanaparilla in sick headache. Its effect was such a gratifying surprise that he went over to the postoffice and told his friend, Thom. F. Culkin, agent of the registry division, who was also worried with headache. The following letter details his friend's experience also:—

St. Louis, Mo., Feb. 20, 1890.

Dear Sir, You ask me, did I act on your advice? I did, and have to thank you. For years I have suffered from indigestion and headache. Taking your advice, I purchased a bottle of Jay's Vegetable Sanaparilla. But I had feared it would not do anything with impunity, and have been since nearly cured, and with a headache of long standing. I give you credit for your advice and Jay's Vegetable Sanaparilla. Yours truly,

THOMAS F. CULKIN,
Reg. Div. of Postoffice, Postoffice.

A Cure for Sick Headache.

This distressing complaint is due to an inactive or sluggish liver of condition which deranges the stomach and disturbs the nervous system, causing dizziness and an oppressive dull pain in the head, and so on. One of Dr. Cass's Improved Liver Pills will remove any of all the poisons that have accumulated and regulate the bowels. While these pills are small, easily taken and do not excite the system, they are a sure and safe remedy for all cases of sick headache. 6-20-90

WANTED

1000 Families to Settle in the Town of Aumsville.

Aumsville is located in Marion county, Oregon, 14 miles south-east of Salem, in the midst of a rich grain, fruit and stock country. The country tributary to Aumsville produces 400,000 bushels of grain yearly, 200,000 bushels of fruit and vegetables, and supports thousands of head of stock. Among its other advantages Aumsville has three miles of valuable water power, a large fertilizer rock quarry on what is known as the Hutter place, one mile west of town. It has good shipping facilities, having one railroad and will soon have two more. It has a good 100-barrel roller process flour mill, several good stores, blacksmith shops and fine houses, all in a prosperous condition, a good opening for a woolen mill, fruit dryer and cannery, a tannery and large boot and shoe factory, a large cheese factory. Any man of company starting such an enterprise here could easily obtain milk of 1000 cows.

To anyone who will start a factory of any kind in Aumsville, the people will give every encouragement in their power.

There is also a good opening here for a weekly newspaper.

Parties looking for a new home or business location should not fail to see Aumsville. Prices of property are reasonable, and now is the time to locate, for in five years there is bound to be a city here of 10,000 inhabitants. 6-20-90
