A FINE COMPANY.—The entertainment at Reed's opera house last night was exceedingly good.

CROISAN'S SUMMER RESORT.—The hotel of Sheriff Croisan, under the court house, is unusually well patronized for this time of year.

SERIOUS ACCIDENT.—The Oregon City Enterprise says: Mr. W. P. Austin, a well-known resident of Molalla, met with an accident last Saturday, which may prove fatal.

ARTICLES FILED.—M. F. Honan, B. W. Grandy, and J. K. Romig, have filed articles of incorporation with the secretary of state incorporating the LaGrande Hotel association.

THE LEADERS.—R. M. Wade & Co. are attracting attention by the large number of those leaders in creating home comfort—the "Garland" stoves which they are turning out even this early in the season.

SECURITY AND PEACE COMING.

The Contractors and County Courts Arriving at a Sensible Agreement for a Solid Pier.

Bridge excitement still ran high in the city after the full facts as they existed were made known in last evening's JOURNAL, and the general sentiment expressed was that the work should be discontinued until the proper means of getting a reliable pier can be determined.

The above gentlemen, accompanied by Mayor Williams, ex-County Judge Shaw, H. W. Cottle, Hon. Joseph A. Baker, R. S. Wallace and others, again went out and examined the work, but it seemed a little difficult to settle on the particular move necessary, all agreeing, however, that the pier as now started looked very flimsy for a structure of such great height and weight.

The conclusion finally reached, in which the officers from Polk county acquiesced, was that outlined in yesterday's JOURNAL, the construction of a crib outside the work now done and up to a level of its present height, making the pier of the shape originally designed.

In the meantime, until definite official action can be taken, the contractors have stopped work on the piers, a fact which is hailed with pleasure by the people.

It is pleasing to note also that the contractors show a disposition to listen to the reasonable demands of the people whose money is going into the structure, and in this there is wisdom, for there is no disposition here at present to be fooled with.

A DRUM CORPS.—There is now a movement on foot which it is hoped will result in the organization and equipment of a drum corps in our city. The G. A. R. and its auxiliary societies are raising funds for the purchase of instruments and uniforms, and they have assurances that the necessary artists can be enlisted from among the families of the fraternity.

CAPITAL MINING COMPANY.—The stockholders of this company, whose rich mines are located in the eastern portion of this county, held their annual meeting yesterday afternoon, electing directors for the ensuing year as follows: J. J. Murphy, J. G. Wright, Edw. Hirsch, S. F. Chadwick, W. J. Herren, W. W. Martin and B. F. Drake.

MY KINGDOM FOR A HORSE.—The following is taken from the Perrydale items of the Dallas Itemizer: "Gideon Stolz and wife, of Salem, are with us to-day much against their will. They stopped in town last night and through accident their horse got out of the feed stable, leaving them with no means of getting home until noon to-day.

THE VERY LATEST.—Something new and novel in ladies' caps and hats. Also a new line of P. Centimeter kid gloves at Chas. Calvert's. 8-15-17.

HAPPY REUNION.—J. O. Baker and wife went to Caldwell recently where they met General Bonham and wife, Mrs. Bonham being a sister of Mr. Baker.

The Teachers' Normal Institute, now in session at the East Salem school building, increases in interest as it grows apace. Sixty-five teachers are now registered, and several more are expected to enter next week.

By the time a score of teachers have expressed their opinion on a subject it is pretty thoroughly exhausted and little left to be learned of the particular part of the subject. The younger teachers, or pupils at the school, seem to have adopted the old adage, "that more is to be learned by listening than by talking."

Dr. L. L. Rowland took the afternoon train for a trip to The Dalles. Miss Daisy Settlemer is visiting in Tangent to-day. Senator J. B. Dimick, of Hubbard, is doing business in the city to-day.

A BIG CATCH.—A man came down from the North Santiam this forenoon on the O. P. with 200 pounds of very choice salmon trout, large fine looking fellows, about thirty in number, says the Albany Democrat. They were caught near Brown's mill, and it is a peculiar fact that they were captured in the saw dust region, about which there is some complaint. Men there who claim to know say it is not a fact that the saw dust drives the fish away.

GUARDIAN APPOINTED.—A petition was presented to County Judge Waldo to-day and granted for the appointment of J. L. Calvert, of Hubbard, as guardian of the person and estate of T. F. James, a wealthy and respected citizen of the same place, whose mind gives unmistakable evidence of failing. He is well advanced in years and his children, who are all grown, feared he might squander his means and took this apparently unavoidable step. Mr. Calvert's bond is in the sum of \$10,000.

COULDN'T STAND THE HEAT.—Some twenty-five of the patients at the asylum for insane are worked on the state farm about five miles southeast of this city and an excellent crop of grain has been raised there this season. While threshing there yesterday one of the patients, who was working on the stack pitching, became so weak and prostrated that it was necessary to haul him away in a wagon and some thought he was liable to die.

AWAY TO THE SEA.—Four of Salem's pioneers took the Roseburg express this forenoon for Newport and Seal Rock. The party was headed by John G. Wright as captain, and was composed of J. J. Murphy, and Mrs. Wright, Mr. and Mrs. J. G. Wright, Mr. and Mrs. J. J. Murphy. They will spend the first few days at Newport and then they will make their headquarters at Seal Rock, where they will stay the remainder of August.

IN PROBATE.—In the matter of the guardianship of Eva Parker, a minor, D. L. Remington, guardian, files his bonds to the amount of one \$1000, which are approved. In the matter of the estate of Francis Manning, deceased, petition of E. W. Manning appointed administrator, with bonds fixed at \$3000.

THE VERY LATEST.—Something new and novel in ladies' caps and hats. Also a new line of P. Centimeter kid gloves at Chas. Calvert's. 8-15-17.

OREGON WOOL.—Remember the Salem Woolen Mill store at 239 Commercial street has a full line of clothing, blankets and flannels fresh from their own mills. See the home product before buying. Prices as low as the lowest. 8-11-17.

NEWPORT.—Persons wishing one or more nice, furnished rooms at Newport, apply to editor JOURNAL.

EVERYTHING GOES WRONG. In the mechanism which the liver gets out of order. Constipation, dyspepsia, constipation of the blood, imperfect assimilation are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by a course of Hostetter's Stomachic and Regulator. The direct result is a disappearance of the pains beneath the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, faded look of the tongue, and regular habit of bowels, which characterize liver disorder. Sound digestion and a regular habit of bowels are blessings secured by the use of this celebrated restorative of health, which imparts a degree of firmness to the body which is its best guarantee of safety from malarial epidemics. Nerve weakness and over-excitation are relieved by it, and it improves both appetite and sleep.
