WASHINGTON

AT LAST THERE IS A LIMIT ON TALK IN THE SENATE.

WASHINGTON, D. C., Sept. 4.—In the senate to-day the tariff bill was taken up under the agreement limiting discussion on each subject to five minutes for each senator.

WAR ON QUAY—A CONGRESSMAN ABANDONS THE SENATOR WITH VIOLENT LANGUAGE—QUAY UNDETERRED.

WASHINGTON, D. C., Sept. 4.—Yesterday in the course of a debate in the house Representative Kennedy used the following language in speaking of Senator Quay, of Pennsylvania: "Judah Iscariot of 2,000 years ago is to find a counterpart in the Judah Iscariot of to-day. Judah, who took thirty pieces of silver and went and hanged himself has left an example for the Matt Quays that is well worthy of their imitation. Some time since I stood in my place on this floor and denounced a senator because, when charged with corruption and branded with infamy, he did not rise in his seat and demand an investigation and inquiry that should establish the purity of his action and of his personal honor. One occupying a high place in the councils of the party to which I belong has suffered himself month after month to be charged with misdeeds for which, if guilty, he should have been condemned under the laws of his state and have meted out to him the fullest measure of its punishment. "I do not know that as a good republican leader he owed it to the great party at whose head he was either to brand them as infamous or to prove their falsity, or he owed it to that party to stand aside from its leadership. I don't know either, and for this I denounce him. The republican party cannot afford to follow the lead of a branded criminal."

THE STATUS TO-DAY.

Much indignation exists among republican senators over Representative Kennedy's attack on the senate as a whole and upon Senator Quay in particular yesterday. General consultations have been held but no plan of action has been agreed upon. A prominent senator said that if after a time the house took no action, the senate should pass a resolution calling the attention of the house to this highly unparliamentary proceeding, and then leave it to deal with the question as it saw fit. Quay said to a reporter that he had not determined what course to pursue.

MISCELLANY.

THE INDIANS HAD PROBABLY HEARD OF THE POOR WORK DONE IN OREGON.

OKLAHOMA CITY, Ind. Ty., Sept. 4.—Special agent Merritt and Indian agent Patrick arrived yesterday from the Kickapoo Indian village where the attempt was made to enroll the tribe. At a council of the head men held Saturday and Monday the Indians repudiated the census movement and they positively refused to be enumerated. Officials wired to Washington a statement of the facts and asked military aid.

CATHOLIC KNIGHTS OF AMERICA.

SOUTH BEND, Ind., Sept. 4.—The session of the Catholic Knights of America was given over to the uniform rank, it being the first annual encampment of the rank. The constitution, by-laws and rules of order were adopted, and the reports received from the committee appointed at last year's meeting at Indianapolis. The parade was participated in by a large number of members, and was a grand affair.

DROPPED DEAD.

CINCINNATI, Ohio, Sept. 4.—Ex-Governor E. F. Noye, dropped dead in the court house this morning of apoplexy.

GUATEMALA.

WASHINGTON, D. C., Sept. 4.—A telegram has been received at the state department from Minister Fisher at Guatemala, saying that the forces are being rapidly disbanded and that the peace will be formally declared next week. He says nothing in regard to the General Barranda incident or about any reported attack upon himself.

What Does It Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

CRIMINAL.

A PREACHER WHITE-CAPPED FOR PROPOSING TO A WIDOW.

KANSAS CITY, Mo., Sept. 4.—Marimony may lose a man his life. The White Caps last night so brutally beat and maltreated J. Z. Smith, a preacher who lives in Renoko, that his life is despaired of. Smith is sixty-five years of age and the only objection the white caps had to him was that recently he proposed marriage to a much younger widow in this neighborhood.

RODNEY ARRESTED.

CHICAGO, Ill., Sept. 4.—Some days ago the city police arrested one C. C. Rodney on a telegram from Chief of Police of Portland, Oregon, saying he was wanted for embezzlement. He appeared in court this morning on a writ of habeas corpus and was discharged from custody on the ground that the police had no right to arrest him without a warrant. The court demanded that Rodney bring an action for false arrest and Rodney's attorney said he would do so.

SEVEN COLORED WOMEN KILLED, NOT SKILFUL DOGGERS.

MACON, Ga., Sept. 4.—It is always the helpless women that get killed. While a colored excursion was on its way from Savannah to Albany a row arose over a woman's choice of escort. Fully fifty pistols were drawn and the firing became general. Seven women were shot dead and several were seriously wounded.

FOREIGN.

BRIDGE FALLS.

PRAGUE, Sept. 4.—The bridge over the river Moldau, on which a large number of persons stood and were watching the flood, collapsed to-day. Thirty persons were drowned.

ANTI-CHINESE DEMONSTRATION IN CANADA.

OTTAWA, Ont., Sept. 4.—Organized labor is awake in Canada. At yesterday's session of the Dominion Labor congress a letter from the Victoria, B. C., Trades assembly was read, calling the attention of the congress to the marked increase in Chinese immigration during the last year. It protested particularly against this immigration because of the immorality of this class and the congestion of the labor market caused by their presence. The letter asked for legislation as exclusive as that of the Australian colonies.

ACCIDENTS.

GAR VICTIMS.

NEW YORK, N. Y., Sept. 4.—This morning three men were suffocated by gases in a large cesspool on Staten island which they were engaged in cleaning out.

TRAINS WRECKED.

MANNINGTON, W. Va., Sept. 4.—This morning a freight train ran into another train on the Baltimore and Ohio railway. Engineer Cornell and an unknown man were killed. Sixteen cars were piled up and the wreck took fire. The cars and their contents were almost totally destroyed.

POLITICAL.

KANSAS REPUBLICANS.

TOPEKA, Kan., Sept. 4.—The republican state convention this morning nominated S. G. Stover, treasurer. The platform favors protection as expounded by Blaine. Demands a service pension, a deep water harbor on the gulf of Mexico, endorses President Harrison's administration and endorses prohibition.

PARAGRAPHS.

There is a strike on the Panama Railway.

New York wants a recount of the census alleging 200,000 short.

Henry Hammill, a wealthy pioneer of Los Angeles is dead.

At Richmond, Ky., Ballard Branton was shot and killed by G. W. Nanspila. Both were prominent politicians and the affair has created great excitement.

A fire at Brooklyn N. Y., yesterday destroyed several factories and a wholesale grocery, causing a loss of \$200,000. The greatest losers were Diabro Brothers, grocers.

The worst fire ever known at Hiawatha, Kansas, broke out yesterday morning in a lively stable de-roying two and a half blocks in the business center of the city, and causing a loss of at least \$150,000.

Governor Hill has accepted the invitation of the Irish societies of New York city to preside at the commemorative exercises in honor of the late John Boyle O'Reilly, to be held at the Metropolitan opera house in New York Sep. the 8th.

Thomas Hunt, a pioneer of Marion county, lost his life near Butteville on the 3rd, by being pitched from a wagon.

Kate McCre, supposed to be insane, has been locked up in the city

prison at San Francisco to await examination. She threatens to kill Alexander Lynott, a hackman who claims to be entirely ignorant of the woman's animosity.

The anniversary of the battle of Sedan, which resulted in the surrender of Napoleon and his army of 90,000 men to the Prussians in 1871, was celebrated throughout Germany in the usual manner. All newspapers, even those which were formerly bitter enemies, joined in the unanimous chorus of praise of Bismarck.

A short sharp earthquake is reported from Gilroy, Cal.

Ellis Walker, a pioneer of '43, was found dead at his room in Portland. The Portland exposition is being advertised on a small scale.

THE UNIVERSITY NON-SECTARIAN.

Willamette University is no more Methodist than Harvard is Unitarian, or Yale Congregational, or Princeton Presbyterian, or Columbia Episcopal. All of these great institutions are named and yet they are as free from denominational bias in their institution as Michigan or Cornell. When Lewis a few years ago indulged in his sarcasm about Presbyterian psychology and high church physics and Baptist hydrostatics he provoked a laugh without promoting the truth.

The facts are that out of the multitudes of colleges and universities projected in this country a few have grown to great eminence and a larger number are on their way to that position. The great majority of these are found to be under denominational control. And adopting Spencer's axiom of the "Survival of the fittest" institutions founded and controlled by the great religious bodies of the country are the most vigorous. There are several reasons for this. Christian people will make large sacrifices for their cause.

These sacrifices are required especially in the earlier years of almost all colleges. Some friends must give liberally, others must teach for meager salary. In process of time circumstances improve, denominational lines are relaxed, the institution seeks the best in every department, and is able to get the best. Such has been the history of denominational schools elsewhere, and will be of Willamette university. If we should not retain it another would take its place, but that would be under the auspices of some church. These suggestions imply the wisdom of a liberal policy on the part of the institution.

And we understand this to have been pursued—that students are recommended to attend the church of their parents, and that no church distinctions are recognized in the administration of the school. They also imply the wisdom of a liberal spirit on the part of our citizens. All Boston churches must take an honest pride in Harvard and Boston universities; all Princeton churches in that famous seat of learning. Should Willamette university remain here as we think it should and will, all the churches will profit by its contributions to the culture of the community as well as to the general thrift, and all congregations will be larger by the presence of a large church going student body.

PRACTICAL TESTS.

An Astonishing Offer—Some of the Replies.

The San Francisco papers of recent date contained the following offer: "As an evidence of the ability of Joy's Vegetable Sarsaparilla to prevent sick headaches, we will give to the first twelve responsible persons who will apply at our office a bottle free if they will agree that after they have been cured that they will admit the fact over their signatures." This offer so startlingly asserted the efficiency of the remedy that many accepted, and the letters of the parties, nearly all of whom responded, are probably the most convincing attestations that any remedy ever received. The following is a sample of those received:—

I have been subject to bilious headaches and constipation for several years past; in fact, have been compelled to take a physic every other night or else I would have a headache and feel as if I were dying. I have taken that bottle of Joy's Vegetable Sarsaparilla and have derived great benefit from it, and intend continuing it. After my own experience I can heartily advise those troubled with biliousness and constipation to try it. Yours, CHAR. E. ELKINGTON, 128 Locust Avenue, San Francisco.
