A DOCTOR'S RECIPE. Immensely More Mischief than is Generally Suspected.

Dr. King, the eminent medical writer, in a learned dissertation on our national complaint, constipation, says—

The great quality of cathartic pills, etc., which are taken by the people of this country are productive of immensely more mischief than is generally suspected. True, the physic subdues the bowels, but its action is that, instead of removing costiveness, it aggravates it, leaving the bowels in a more torpid condition.

Dr. King's Vegetable Sarsaparilla was designed to fill just such a contingency as the doctor's arrangement anticipates, viz: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, it so certain a relief in constipation that it has been given away to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect safety.
