IS HE PAOR BROTHER, OR WHAT? The Gervais Star has a little chapter relating to Farmer Jones, and before quoting it the JOURNAL will say it has some information which leads to the belief that the troublesome man in the case is the woman's husband.

A YOUNG MAN'S DISAPPEARANCE.—The Albany Democrat has this sensational item: Mr. Eugene Fisher, a son of E. T. Fisher, county surveyor, and brother of Ralph Fisher, of this city, left Albany on Sept. 13th on a trip through the East, in order to see something of the United States, having spent ten or twelve years in hard labor on his father's farm.

SHOOTING THE PIER.—The Salem bridge pier is like the old justice of the peace who said that whether in session or not his court was always an object of contempt.

MUTUAL SYMPATHY.—The Newberg Graphic thus soliloquizes: "The editor of the Woodburn Independent has gone East for recreation after a hard summer's work trying to reform politics in Marion county."

WANTED.—One or two car loads of late fall and winter apples. Must be choicest. Extra price will be paid for first-class apples. Salem Land Co., Postoffice block. 11-14f.

THE PIAT GOES FORTH.

Order Made for the Patching of the Bridge Pier—Judge Waldo Does not Sign It.

County Judge Stouffer and Commissioner Simpson, of Polk county, Commissioners Grimm and Watson, for this county, in conference assembled, yesterday evening formulated, signed and issued the following order:

"In the matter of re-building or repairing of the bridge across the Willamette river at Salem, between the counties of Marion and Polk: 'Now at this time it appearing to the court, upon the report of W. A. Grondahl, engineer of the counties of Marion and Polk hereto, it is necessary to reduce the height of the present piers to a point seventeen feet above the grillage of each of said piers and that said piers be reconstructed above said points in accordance with the plan of said engineer, W. A. Grondahl, submitted hereto, marked 'Plan C,' it is there fore ordered by the court that said 'Plan C' be and the same is hereby adopted and that said piers be reconstructed in accordance therewith."

CITIZENS' MEETING. There is strong talk among many of the solid business men of the city of calling a mass meeting and discussing the matter, with a view to protesting against the use of the city's \$20,000 in the putting up of such a monument.

INDIGNATION GROWING. The streets of Salem are full of citizens to-day who are expressing indignation at the order of the joint courts that has been issued. The general expression is that all money expended under this proceeding will be lost and there will not result a good bridge when the work is done.

THE PEOPLE want a good bridge for their money and they are entitled to have it and not be trifled with any longer by orphan-aid schemes for going ahead at any rate, so you blow in the money. They want assurances that no more money will be blown into, and irresponsible jobbery stopped.

PROCEEDING UPON AN ORPHAN PLAN. The feeling is that the courts are proceeding upon an orphan plan. The scheme is fatherless and motherless. The examination made by order of Engineer Lederle, who was requested to make it by the county courts, has been submitted to Engineer Lederle and the people want report thereon.

SHOOTING THE PIER.—The Salem bridge pier is like the old justice of the peace who said that whether in session or not his court was always an object of contempt.

MUTUAL SYMPATHY.—The Newberg Graphic thus soliloquizes: "The editor of the Woodburn Independent has gone East for recreation after a hard summer's work trying to reform politics in Marion county."

WANTED.—One or two car loads of late fall and winter apples. Must be choicest. Extra price will be paid for first-class apples. Salem Land Co., Postoffice block. 11-14f.

refusing to sign the above joint order of the courts. He has a right to know that the proposed plan of procedure is vouched for as a safe and proper plan by some un-questioned independent engineering authority before he sanctions spending another dollar of the people's money. He is right in that position, and will be upheld in sticking to it.

RAKE UP THE LEAVES.—This fine weather is a splendid time to rake up the leaves and get them off the sidewalks and streets. This dry weather they burn very readily, and those who have no gardens to use them on, or those who do not care to use them there should not allow this opportunity to pass without destroying them.

LITIGATION.—In Justice Bateholer's court to-day a civil action was in process of adjudication between two Silverton parties, R. D. Arnett, plaintiff, and G. A. Webb, defendant, it being a suit for the recovery of \$45 claimed to be due on a loan of \$30 made to said Webb.

"ISSUE CLOTHING DEALER."—The Oregonian yesterday probably referred to a clothing dealer who had lost his sanity, but put it under the above heading. There is no insanity involved in selling goods at low prices, but if there were there is a firm in Salem that would be perfectly willing to be sent to the asylum six days in the week, and that is Johnson, Boothby & Co. dt.

THE MIST CLEARING.—The Oregonist, published at St. Helens, comes this week bearing the name of J. H. Stine at its masthead and his impress all over the paper. Mr. Stine has been connected with more newspapers in this valley than any other man in it, but he never hangs to the helm long at a time.

NUMBER TWO.—The second number of the Willamette Collegian for the current year has made its appearance. It contains a wide range of productions, principally from the students of the University.

NEW SHOP.—Herman Pohle is fitting up a new blacksmith and wagon repairing shop, corner State and Front streets. He has a three-year lease and will have a commodious shop 80 feet deep.

A CLEAN SHAVE.—Is indispensable to a decent appearance no matter how well dressed. That's the kind of a shave DeLinn always gives.

SOCIAL.—If you are going out to dine tomorrow your foot-wear should be of the most approved order. This can be secured by consulting Klein, the old reliable shoe dealer.

FINE VEGETABLES.—Mr. R. W. Sayre, of North prairie, left a fine sample of potatoes and turnips at the JOURNAL office this morning.

A TWO POUNDER.—Wm. Murphy, of Howell prairie, favored this office with a two pound Gloria Mund apple Saturday.

WANTED.—A good fresh milk cow. T. H. Barnes, Salem Land company. 10-27-1f.

FOR DENTISTRY.—Newest process and best work guaranteed, at T. C. Smith's old dental bureau. 4-11

Stockholders' Meeting. A meeting of the stockholders of the Capital City Railway company is hereby called, at the company's office, head of State street, on Tuesday Nov. 4th, 1890, at nine o'clock a. m., for important business. By order of the board of directors. P. S. KNIGHT, President.

THE WEEK'S SOCIETY DOINGS.

Clara Morris—Dance by the Salem Band—Coming Social and Dinner and Other Events.

SOMETHING EXTRA FINE. Theatrical experiences in Salem have been varied, at least, during the past few years. Reed's opera house has had presentations of the sublime and the ridiculous in their way at different times, and amusement has been furnished in this way to theater goers off and on, occasionally with genuine satisfaction to a limited audience, and other times with full satisfaction to the performers, but of only limited gratification to the good audience in attendance.

UNITY CLUB AND CARNIVAL. Unity Club met in full attendance at the residence of Mr. Stapleton on Center street, Tuesday evening. Papers on Dickens as man and author were read. His place in literature and the value of his novels and their effect were discussed and it was the universal opinion of the club that his power lay in his fidelity to what is manifestly the fundamental principle of his life.

A LITERARY FEAST. The Alka-Hesperian society will this evening discuss Darwinism upon this proposition: Resolved that the Darwinian theory of the origin of man is detrimental to moral progress. Able debaters are arranged on both sides and an interesting time is expected.

SWELL DINNER AND SOCIAL. The committee in whose hands is the management of the social and dinner to be given at the Willamette Friday evening, the 21st inst., express confidence that it will be a crowning success in point of numbers in attendance, this being the only matter upon which there could be any doubt—that the arrangements and provisions for genuine enjoyment will be a success in a foregone conclusion.

MATRIMONIAL CIRCLES. The month just closed has been one unexcelled in the matrimonial line. During the twenty-seven legal work days of the month, twenty-seven marriage licenses have been issued by the clerk of Marion county, and two ceremonies have been pronounced in the county for which the licenses were granted in other counties.

Y. P. S. C. E. SOCIAL. Last Wednesday evening about fifty of Salem's young people spent several hours very pleasantly at the residence of Mr. J. W. Crawford, the occasion being a social given by the Christian Endeavor society of the First Presbyterian church.

THE LARGEST SEEN.—The Sheridan Courier has this potato item: Last Saturday R. A. Porter, of Mill creek, brought to this office some samples of potatoes that bent any thing we have ever seen. There were seven in number and they weighed 30 pounds; one of the number weighing 5 pounds. Mr. Porter raised 200 bushels of fine potatoes this season and will ship the greater part of them East. He is going to try his luck for some specimens to take to the World's Fair, and will be glad to have the Union can equal her soil for vegetable production.

very pleasant affair in all particulars. The floor was nicely convulsed and the best of music was discoursed by the orchestra, whose composition was given in this paper a few days ago. The order of dancing was printed on tasty beveled and gilt edged cards and consisted of fifteen numbers, including waltzes, quadrilles, polkas, schottisches, lancers, York, etc., in which the participants exhibited much grace and skill.
