Clearing Timber Land.

A JOURNAL REPORTER on Wednesday accompanied E. F. Willis, general agent; Henry Schomaker, local agent, and Abe Purrier, machine manipulator for Staver & Walker, to Geo. E. Allen's farm east of the city, to witness the workings of the Hawkeye Grub and Stump machine, handled by these gentlemen, and was surprised to see the easy facility for clearing land provided by this machine. With the power of one horse on a capstan the most stubborn stumps are yanked out in a jiffy.

The "O. K." was a little unfortunate in its exhibition and after seeing it the farmers were better satisfied with the Hawkeye than ever. It is no use to proceed with a eulogy of this machine; the following testimonial, signed on the spot by farmers who witnessed the performance, and they are all solid men, speaks much more eloquently than any newspaper article. One thing ought to be said, however, and that is that Abe Purrier is a trump at handling machinery.

TESTIMONIAL. EAST SALEM, Or., Nov. 12, 1890. We, the undersigned farmers of Marion county, Oregon, who have this day witnessed the workings of the Hawkeye Grub and Stump machine, on the farm of Geo. E. Allen, take pleasure in saying that its power far surpassed our expectations and that we fully believe it will do all that is claimed for it; that the circumstances were unfavorable for it as a test work, the ground being so dry and hard, but that it successfully mastered those difficult cuttings and performed unexpected work with entire satisfaction. We have no hesitancy in recommending it.

We fully agree with the above and in further testimonial of the same have this day each purchased one of the Hawkeye machines. GEO. E. ALLEN. DAVID EARLY & SONS.

DEMOREST—SHREVE.—At Dallas, Polk county, Wednesday, November 12, 1890, Dr. Q. F. Demorest, of Medford and Miss Betta Shreve, of Dallas, Rev. Fulton, officiating.

Dr. Demorest is a successful dentist at Medford, and was a former pupil of Dr. I. T. Mason, of this city, Miss Shreve has been one of the most charming of the society belles of Dallas.

That Little Tickling. In your throat, which makes you cough once in a while and keeps you constantly clearing your throat, arises from catarrh, and as catarrh is a constitutional disease the ordinary cough medicines all fail to hit the spot. What you need is a constitutional remedy like Hood's Sarsaparilla. Many people who have taken this medicine for scrofula, dyspepsia, loss of appetite, and other troubles, have been surprised that it should cure this troublesome cough. But to know the actual cause of the cough is to solve the mystery. Many cases of consumption can be traced back to the neglect of some slight affection as this. Consumption can be prevented by the use of Hood's Sarsaparilla in purifying the blood, building up the general health, and expelling the scrofulous taint which is the cause of catarrh and consumption, has resorted to perfect health many persons on whom this dreaded disease seemed to have a firm hold.

NORTH PACIFIC NEWS NOTES.

OREGON. The proprietor of this paper was robbed out of \$10 the other day for city license. The city council should abolish that ordinance at once.—Baker City Revelle.

The "Advocate," published at Arlington, Gilliam county is the latest plunge into Journalism. We welcome it among our exchanges. The foreign shipment of flour, grain and salmon from the Columbia river, as reported in the custom house clearances for the past thirty days, have amounted to \$850,217. This sum is three times greater than the value of all the wheat, lumber and coal, that has been shipped from Seattle, Tacoma and all other Sound points during that period. This vast amount of Oregon products was carried foreign by eleven vessels.—Astoria Columbian.

Albany once boasted of a female band, in years gone by, and it is a fact that time considered one of the finest bands in the state. Mack McIntosh, now of Spokane Falls, was the leader, and several of the lady musicians are in this city yet.—Albany Herald.

John R. Butts, of Poe valley, brought in a report of his grain yield this morning and it would greatly assist us in proving the agricultural superiority of Klamath if others would do likewise. From eight acres of measured barley he gathered 700 bushels, the crop averaging 87 1/2 bushels to the acre. From thirty-six acres of wheat, oats and barley he gathered 1512 bushels, that crop averaging forty-two bushels to the acre.—Klamath Star.

The days are cool and sunny, with light morning frosts and scarcity of eggs in the market. The wind, coming quite steadily from the south and west, has seemingly discouraged incubation and kept butter rather stiff at 25 cents a pound. This is written for the convenience of the weather bureau at San Francisco, where all the meteorological changes of the Northwest are being reported by Lieutenant Fuley, U. S. A.—Klamath Star.

Oroville, California, has a new band, and you will smile when you hear the rest. The band is composed of young ladies and they are learning to play on real big brass horns, such as the men have. Indeed, the new band is quite a fall with the girls, and many are the applications which are received to join it. The band is under the leadership of Prof. Lockwood, of Tuernallito.—Oroville Mercury.

Mr. W. A. Walker, of Bly, visited our office to-day. He is one of the parties deputed to arrest Josh Buckmaster and O. Sylvester. He says that when Deputy Sheriff Bob Young captured Josh in a close field he rode rapidly up to him and shouted, "Throw up your hands!" "Yes, I will," replied Josh, with a sneer of contempt, as he reached for his gun, but Young was a little too soon, though very little.

Bang! went Young's six shooter, the forty-four bullet crashing through the bones of Buckmaster's right wrist. Josh betrayed no lack of courage, though Sylvester was a little "skinned". Bill Shook searched Josh's bloody clothing and then turned to arrest Sylvester. "Get away and wash your bloody hands before you go through my dud," exclaimed Sylvester. But Bill's hands walked right through the criminal's pants, coat and vest and wiped themselves off on his necktie. Buckmaster's wrist is in a very bad condition, Mr. Walker says, and he objects to amputation.—Klamath Star.

WASHINGTON. The mayor of Seattle was held up by foot pads Monday evening, but when they saw who it was they turned and ran.

Judge Hanford, in the United States District Court on Monday rendered a decision that damages cannot be recovered in an action against election officers.

The Oregon winter apple is the best on earth, and the whole earth will be its market. Farmers of Klamath, the planting of rows of winter apple trees is the wisdom of preparing fruit for the nicest, cleanest, sweetest and most profitable market on this earth.—Klamath Star.
