JEWELS AND LACES.

"Oh, girl with the jewelled fingers,
Oh, girl with the laces rare!"

What are your jewels and what are your laces worth to you if, from undergoing the trying ordeals which fashionable society imposes on its devotees, enough to test the physical strength and endurance of the most robust, you break down, lose your health and become a physical wreck, as thousands do from such cause?

Under such circumstances you would willingly give all your jewels and all your laces to regain lost health. This you can do if you will but resort to the use of that great restorative known as Dr. Pierce's Favorite Prescription. Thousands of grateful women have the day it was made known to them.

For all derangements, irregularities and weaknesses peculiar to women, it is the only remedy sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

As invigorating tonic, it imparts strength to the whole system. For feeble women generally Dr. Pierce's Favorite Prescription is the greatest earthly boon.

Dr. Pierce's Pellets regulate and cleanse the liver, stomach and bowels. One a dose. Sold by druggists. 25 cents a vial.

Official Report of the Marion County Grange.

ED. JOURNAL: The Marion Co. Pomona grange at a meeting held on the 15th at Salem, had under discussion the report of the committee on legislation as made by the Oregon State grange last May and after amendment adopted the report in the following form:

We recommend the enactment into a law of a bill prepared by the Ballot Reform league of Oregon, establishing the Australian system of voting.

We recommend precinct assessors over the taxation of all property wherever found, without the deduction of indebtedness except where such debts are taxable credits and are recorded.

We recommend that the laws be so amended as to provide that all the regents of the Agricultural college shall be practical farmers or mechanics.

We recommend the free coinage of silver and that it be made a full legal tender.

We favor an amendment to the constitution of the United States providing for the election of United States senators by a direct vote of the people of the states.

We recommend that the laws be so amended as to provide for the election of the railroad commissioners of this state by the direct vote of the people.

We recommend that no more laws be passed creating non-taxable bonds of any kind.

We recommend the continuance of the mortgage tax law.

The discussion was confined mostly to the taxation question and indicated that many persons are not posted as to the effect of our present mortgage tax laws and taxation digging in general.

Many persons do not know that a note payable to a national bank is exempt from taxation. Those who are up to tricks that are vain deposit their note payable to a national bank and leaves it there until after the assessor passes and thus escapes taxation. Hence if we do not exempt debts that are non-taxable credits in the holders hands the national banks cannot screen taxpayers from their just share of public expenses. Personal property of non-residents in form of cattle beeves, merchandise, etc., is taxable in the county where found, since it is held that such property carries profit where located and should be taxed there. Then why should not mortgages be taxed where located and where they earn interest and profit. Repeal the mortgage tax law and you exempt all foreign capital loaned in this state, because the assessor will be unable to find it. The mortgage tax law only uncovers the notes and assists the assessor to find the assessable property. Those who favor its repeal are those who want credits exempt from taxation. The subjects embodied in the report as adopted are not new to the Grange of Oregon, but have been under consideration for some time and the Grange has not been hasty in accepting them as its settled policy.

If the mortgage tax law drives capital from Oregon, why is interest lower in Oregon than in Washington, where notes are taxed? The Oregonian says the law gives home lenders a monopoly and the O. is in favor of the high tariff to protect home manufacturers. Then why not protect home lenders as it claims, but which we deny that the mortgage tax law does, or that it protects anyone who comes up and is willing to contribute their just share of public expenses.

Next meeting of Pomona grange will be held at Salem on December 2nd.

WM. HILLEARY,
Sec'y pro tem.

"Once More into the Breach."

Even good in this world cannot be done without a struggle, for we urge ourselves often into doing what is best for health and comfort, when we could do the best even without effort. To convince others and to persuade them, we should use the arguments which influence our own judgment. For example: the ills of suffering humanity should be relieved promptly and permanently. There is but one way of doing so, and that is by procuring the surest remedy. Some remedies are good, others are better, but long experience and undoubted proof point to only one as the best. There is no questioning this fact in the treatment of pains and aches, and when the advertisements of St. Jacobs Oil, which have commenced for the season their appearance in the columns of this paper, catch the eye, the best certainly stands revealed. The great remedy for pain holds the confidence of the public, and has done so these many, many years, and it is truly worthy of it.

LONDON SOCIETY.—William Jackson Armstrong's second lecture on London Society in the University chapel on Saturday evening was listened to by a full house. The lecturer gave vivid descriptions of the various phases of London society in high life and told numerous stories of amusing incidents which were well received and sent his hearers away in a good humor. Mr. Armstrong announced that, at the request of many citizens of Salem, he would remain over during a part of the present week and give in the opera house his celebrated lecture on the Russian Nihilists and the Horrors of Siberia. This is the lecture which was given at the request of the U. S. congress and which sent George Kennan to Siberia. The date of the lecture in the opera house will probably be Wednesday evening, of this week.

LODGED IN JAIL.—Sheriff Cresap, of Grant county, was in Salem a few days ago and gave Sheriff Croisan a description of a man who was wanted in his county. He had reason to believe his man was in this part of the state. The sheriff and his deputies here have been on the look out for him since. Sunday evening the sheriff found his man. He had been taking whisky a little too freely and became bold and put in his appearance on the streets. The man's name is Wm. George. His brother was convicted of being an accomplice in the crime and was sentenced to six months imprisonment. The sheriff of Grant county has been notified that his man is here and ready for him.

Foolish Martyrs.

There are martyrs and martyrs. Some were wise in the loftiest, some are silly in the most improvident case. The word improvident exactly applies to the latter class, since they neglect to provide against threatened danger. We commiserate, but we can not respect them. Among the fittest are martyrs to rheumatism, who might have prevented daily and nightly recurring torture by the early use of Hostetter's Stomach Bitters, a blood deponent more efficient in removing the virus of this complaint from the circulation than any thus far brought to the notice of the community and the medical profession. It promotes greater activity of the kidneys. The channel through which blood impurities, productive of rheumatism, gout and dropsy are principally expelled and it imparts a degree of vigor to digestion and assimilation which has a most favorable bearing on the general health.
