THE CAPITAL JOURNAL.

Canital Journal Publishing Company.

(Incorporated.)

oe, Commercial Street, in P. O. Building tered at the postoffice at Salem, Or., as second-class matter.

THE NEW YEAR'S JOURNAL.

The extra New Year edition o the JOURNAL will be valuable to everyone interested in the upbuilding of Salem and this section. The sole object of the publishers will be to condense into that issue a correct and complete record of the actual improvements made at Salem durstatements and creations of the reporter's fancy, or mistatements by others are vigorously excluded from our columns when known, and this special edition will attempt to record actual growth and actual expenditure made for the year 1890.

The matter in this extra edition will be entirely new and will an. swer to the thousands of questions that will be asked this coming year about Salem and future prospects of prospect of getting some good books the capital city of Oregon. All that Salem has done in 1890, is now doing and also the prospects for the year 1891, will be fully and carefully given in a manner to mislead no one, yet calculated to awaken further interest in our city. This edition will be so printed as to be useful during the entire coming year of 1891. HOFER BROS., EDS.

MUST BE BROUGHT NEARER TO THE PEOPLE.

The JOURNAL has contended from ment that should embrace all the people of all the counties of Oregon. It has urged that this enterprise to set forth to the world the industries and resources of our state should brought as near as possible to them

The following letter is a sample of in from all parts of the state. They cannot be ignored by intelligent men and will be felt when the legis-The talk at the capitol and among leading men is very plain and strong

that a \$250,000 appropriation can never be obtained on the plan started on. If any appropriation is obtained it will be a small one. The Portland management is not broad enough to cover the whole state and all its in-

Sa- tised medicines are harmful in the watisfaution if it is put in this shape. the centre of this great park, and it We can hope for success but if the needs but little to be added in the wire pulling that is going on in favor way of motor line railways to make From Salem to the sea should be

the watchword of all lovers of the beautiful. Along the great Pacific cean are lovely bays at intervals reaching into this great evergrees park of western parks. The touris with body footsore and weary longs ble method of visiting these bays will be by electric motor lines from salem, first to Tillamook and Nehalem, and on to Astoria next by way of King's Valley to Newport op Yaquina Bay; then by way of Dallas to Siletz Bay due west; then a branch line from the Summit at head of King's Valley, by way of

law river, and across the Siuslaw river by the most feasible route along moutain divides to head of tide ou Smith river, thence down Smith river to Umpqua Bay, and from thence along the ocean to Cook

Bay, crossing Coos Bay at or near Marshfield and ou South by Empire City and Bandon to Port Orford. The writer has traversed the mos prisoners are almost without read- of this route during the past two years afoot back and forth along the Lake creek, Siusiaw, North Umpous and Coquille and its three branches and down the Sixes river lowd to subscribe for any paper from to Port Orford, and a gradual feelsion in the words from Salem to the

sea will intrude until the hope is strong that very soon indeed will a motor line be built and conforming improvement of the prisoners the to the standard guage of railways as business grows can be gradually changed in equipment to heavier engines and cars. The fact of this Lone lake and Smith river route be ing within the heavy green fir for erts such road would have an immediate profit in carrying out ward them from this office to the the benefits will be the joy it would prison officials, who will see that bring to the isolated settlements all the men get them under prope, along the beautiful streams and high regulations for their best use. The rolling divides, and thus the usual blessings denied the proneer settler will be granted them. Why not then organize a railway motor line company to build all these lines from Salem to the sea, and especially the one from Salem by way of All readers of the JOURNAL to Smith river to Port Orford either as make a personal effort and gather up such books, back numbers of the proposed King's valley line to Newport. Why not the name magazines and good newspapers Pacific Coast & Eastern Railway company be a good name to be and bring them to the JOURNAL known by. Far in the dim future one

> What say you, friends? Tourist. Quack Medicines and Specialists. Orange Judd Farmer: The whole class of medicines and doctors and specialists which are so freely advertised in the papers, in circulars, in almanacs, in flaming bills, in gaudily labeled bottles and packages in the drug and other stores,

are humbugs in the very nature of the case. Two-tuirds of all the suppos human diseases are imaginary. The quank dectors, and the quack medical advertisements, in various forms work upon the imagination. Long work upon the imagination.
lists of "symptoms" are set forth in tomed to having things done for as far as possible. We ask pastors them in that way. This dissent is of churches and all others to aid us effects of improper food taken in an improperly prepared condition. in an undue quantity, has a disordered imagination, and is in jus that condition to be caught by these specious displays of "sympto The medicine is bought and taken. It stimulates perhaps at first (many of this class do); the consumer who only needed rest to his body and stomach or mind, imagines himself better, and goes on taking it, all the while injuring his or her health. The "positive cures" announce (where the cure is not wholly aginative), are in nine cases out of cloth, no matter how definite, even to the pretended name, place, street

and number of the "cured" persons. That "What is one man's meat is another's poison" is very true in regard to most medicines taken by the self-prescriber. There is only one positive "specific medicine" --- a sure oure for a specific trouble-to wit, sulphur rightly applied will suvarible is a true case of itch .- It is a very safe rule to set down as an unreli able quack, every "doctor" or "physician" who advertises himself or his medicines, or his Institution or the Calapuoia range on the south as having special and exclusive knowl At least nine-tenths of these gently and reasonably, and to curb their imaginations, the days of medicine would be well nigh past, or so soon as inherited defects should be
