ABSOLUTELY PURE

A Historical Event.
The pioneer minister, Dr. H. K. Hines, preached his discourse on Sunday morning at the Methodist church with a number of facts of historic interest. He read a subscription paper, yellow with age, for building the Methodist church house, at the Willamette Falls, the identical one in which he was now conducting farwell services, in the handwriting of Father Waller, which was dated, December 21, 1842. The total subscribed was \$757 and five days' work. He said that as far as he knew every one of the subscribers, except J. L. Parrish, had "passed over on the other side." He said that when he began his ministry here he was but 25 years old and that he looked with great embarrassment into the faces of his congregation, which contained men of keen intellect and world-wide experience. But, after the delivery of a sermon, George Abernethy, who sat over there, to the left, came to him and took him by the hand. He encouraged him. Brother Johnson, he said, was often at the organ in those early days. The speaker read as the Scripture lesson the 48th Psalm, the same which was read by Rev. Mr. Baker on opening the conference in this church in 1853, and took as the text for his discourse D. S. 2, 1st Samuel 7: Psalm 137: 8.—Oregon City Courier.

Weekly Financial Bulletin.
Henry Clews & Co., of New York, who are influential, have the following to say on the financial condition: The past week's course of all the Wall Street shows no very striking change from that of the week previous. What change has occurred, however, has been distinctly in the direction of recovery. At the Stock Exchange, although the transactions have been comparatively liberal in amount, yet they have been largely confined to the "iron traders," the "outside element" doing very little on speculative account. Although still buying for investment. Prices of stocks have been almost entirely at the mercy of professional operators; but with this difference, as compared with the previous week—that a solid bottom is generally admitted to have been reached, and consequently the "bears," instead of being such continuous, are becoming "bull and bear."

In banking circles, there has been a perceptible recovery of tone, and the ability of the banks to meet the demands of borrowers is extending; but the embarrassments and failures among commercial firms is felt to justify the continuance of strict caution and discrimination.

So far as confidence may be dependent upon the local supply of money, we may congratulate ourselves upon an improvement in the situation. It is true that little present importance is attached to the first, because such measures could not give the immediate relief which is the crying want, and, next, because Wall Street is more and more inclining to the view that the main thing needed is less "more money" than fewer facilities to use what we have, and a remedy of the crippling legal restraints upon banking.

Many of the students went away Thursday and Friday. The school will not open again till the Monday after New Year.

Miss Cunningham gave the younger pupils of the grammar school a pleasant surprise on Friday in the way of presents and a kind of Xmas tree that was highly enjoyed by them.
Dr. Stratton gave the students some kind and very appropriate remarks at chapel at the close of school for holidays, relative to their visits and enjoyments, and in behalf of the faculty gave all a wish for Merry Xmas and happy New Year.

The societies will give a joint session on the 20th of Dec. An interesting program is being prepared.
Many of the students here are sorry to learn of the probability of the school going to Portland, but hope that it will always be as it has been here—A means of qualifications for good to a 1 who will attend where ever it may be located.

Annie Abbott at Reel's opera house, Wednesday, Dec. 24.
Engagement of the world's greatest mystery. Mrs. Abbott, of Georgia. The magnetic marvel will appear as above and give a practical demonstration of his phenomenal and inexplicable force or power.

By placing her fingers on their heads she will raise two men from the floor.
Standing on one foot it will be impossible for two men to throw her off her balance.
Lifts a whole base ball nine at once.
Challenges the strongest athletes to raise her from the floor. Mrs. Abbott, by resting the palms of her mighty hands into those of a 10-year-old boy, transfers the mystic force to him, and no two men can lift him from the floor.
