AN AWFUL CRIME.

An Old Resident of the Waldo Hills Charged With a Nameless Crime.

The father of a young girl who lives near Silver Creek falls, is charged with both incest and rape, a crime perpetrated a little less than a year ago.

The trial was held with closed doors, only the witnesses and the representatives of the press being present. Ford asked permission to interview Minnie Herrick, the chief prosecuting witness, before the trial began, this was objected to by the attorney for the state but was granted by the court.

Mrs. Lang was the first witness called to the stand by the prosecution. She testified that on the 16th of November she was called to attend the unfortunate girl, and during her stay there that night the father told her that such should not happen again.

Minnie Herrick was called to the stand and gave testimony that contradicted all that had been given. She claimed that while gathering little blue winter flowers in the last of March she was accosted by an unknown man who wore blue overalls and had his coat on wrong side out.

The judge showed her the paper containing her acknowledgment and she said that it was her signature. L. R. Hughes was next called and sworn but his testimony did not bring out any new facts.

Mr. C. R. Fletcher was then sworn and his testimony corroborated that of Mrs. Lang and Mrs. Fraiser. He also had heard the girl say that the child was her father's.

Mr. Knight, of Knight postoffice, testified that the public feeling was very strong against the accused in that neighborhood, and that some had talked of taking the law into their own hands, but some of the more conservative had urged them to let justice take its course.

At two o'clock all the witnesses on the part of the state had been heard and the court adjourned until 3:15, to give all an opportunity to get their dinner.

Mrs. D. B. Gray, of Portland, came up to spend Sunday with old Congregational friends and will remain about a week.

Dr. C. C. Stratton, of the Willamette university, preached the dedicatory sermon at Albany Sunday night at the dedication of the M. E. church in that place.

The general impression was that the accused would be held over to await the action of the grand jury. This morning warrants were out for the arrest of Mr. Fraiser, one of the witnesses in the above case on a charge of kidnapping. It was claimed that he and his wife and Mrs. Lang had induced the girl to leave her home against her own and her father's will.

The affair is to be regretted, on account of the disgrace unavoidably thrown on the children, two of whom reside in this city, a son and a married daughter, both highly respected young people.

SUNDAY'S NEWS.

How the People of the Capital City Spend Their Sabbaths.

Sunday was a damp day, though very little rain fell. The streets are muddy to a depth of from one to four inches and for vehicles driving is comparatively unpleasant.

The day was not unpleasant, and the churches were well filled. In the nine churches in which morning services were held, probably more than two thousand people were in attendance, while half as many children received instruction in the Sunday schools.

Among the subjects discussed at the churches were "The New Way Before Us," by Pastor Hollinger, at the Evangelical church. At the Unitarian, Pastor Brown discussed the topic, "Unity of Spirit." Pastor Whitaker, of the Baptist church discussed "The Relation of the Church to Reformatory Movements." Pastor Johnson, of the Christian church talked on the subject, "A Good Fight," and Pastor Chue, of the M. E. church, on "The Imagination."

The funeral of Mr. J. T. Brown, of California, who was buried in the I. O. O. F. cemetery, Sunday morning, was a solemn affair. It had more the appearance of a military funeral than any which has been held in this city for some time.

The ceremonies were under the auspices of the I. O. O. F. and A. O. U. W. lodges, of this city, and sejourning members of the orders. There were no ladies present, and the long procession of the sturdy men, receded to many of them the days on the battlefield when they laid in the graves their comrades.

While Sunday was not a sunny day, hundreds of people were on the new bridge. There was a crowd coming and going from it all the afternoon, and from a score to half a hundred might have been seen on the structure at one time.

The workmen, who are hastening the completion of the Salem bridge, worked on that structure all day Sunday. While the crowd of curious spectators were looking on, a score of mechanics kept plying their tools. Some were wheeling the timber from this side to the Polk county approach, while others were putting it in position.

The man at the bridge were not the only ones who worked in the city on Sunday. Street cars passed and repassed about every twenty minutes, on five of the principal streets from 7 in the morning until 9:30 in the evening.

Mr. C. R. Fletcher was then sworn and his testimony corroborated that of Mrs. Lang and Mrs. Fraiser. He also had heard the girl say that the child was her father's.

TIME TO QUIT FOOLING THE PEOPLE.

The fact that there is a demand for so many boats shows that the traffic tributary to the Willamette river is rapidly growing, and it is now assuming such proportions as to demand an open river the entire year.
