THE INDIAN WAR.

Biggest Battle in History to be Fought.

GENERAL MILES REPORTED KILLED.

An Attack on Pine Ridge Agency Momentarially Expected.

AN ATTACK EXPECTED.

OMAHA, Neb., Jan. 5.—The Omaha daily Bee has the following: Bee's correspondent at Pine Ridge telegraphs "All is one long continued round of excitement here, and an attack from the Indians is almost momentarily expected. As to the situation here, considered in its entirity, the indications that the greatest battle in the Indian history is almost at hand, are increasing. Reports of every arriving scout add new and strong support to the indications that were only emphasized by the bloody affair on Wounded Knee.

GENERAL MILES IN DANGER.

General Miles believes exactly this and has said so in strong words, without desiring to make the situation a particle darker than it is, for God knows the truth is bad enough. Everything constrains me to say that the danger in which PineRidge agency's white populace stands at this hour, and must remain until this crisis is all over, is one of the most

FEARFUL PERIL

that can well be imagined,and I say this not for a moment forgetting and knowing perfectly well just what military protection we have. Ever since Gen. Miles arrived he has recieved most urgent admonition from the admin'stration at Washington, to avoid any further bloodshed. Further bloodshed cannot be avoided.

HAS THE FATE OF CUSTER OVERTAKEN MILES.

CHICAGO, Jan. 5.—A special dispatch from St. Paul to the morning papers says a telegram has been received in that city which reports General Miles killed in a battle with the Indians. Captain Huggins, acting assistant-adjutant general in charge of the army headquarters in this city, has heard no news regarding the killing of General Miles. He does not credit the report. A dispatch from Gordon, Neb., received this morning says there is a rumor current there that General Miles has been killed, but the report is unfounded.

AT WASHINGTON.—Nothing has been received at the war department about the rumor of General Miles having been killed by the Indians, and the report is discredited.

OKLAHOMA AND TEXAS SETTLERS ANXIOUS.

WICHITA, Kan., Jan. 5.—The orders telegraphed from military headquarter to Capt. Woods of the 5th cavalry, to disarm the Indians of the Cheyenne and Arapaho country, have created great anxiety among the settlers of Oklahoma and on the borders of Texas. The Indians are peaceable enough, but taking away their arms will, it is feared, have the effect of rousing a spirit of resistance that is now dormant.

IN BATTLE.

OMAHA, Jan. 5.—A disastrous battle is reported as in progress, within three miles of Pine Ridge. Nothing can be definitely learned yet.

A BATTLE IN EARNEST.

OMAHA, Neb., Jan. 5.—A special from Rushville says heavy cannonading is going on north of there this morning, but news of the battle is not yet received. The Omaha Guards, who volunteered their services have been ordered to hold themselves ready to move to the front.

MISCELLANY.

SALT LAKE, Utah, Jan. 5.—Edwin Solomon, youngest brother of the late chief of police, killed himself accidently to-day. He was carrying a gun, catridges were in it without his knowledge, and his children had tied a string to the triggers. Solomon's foot caught in the string while his wife was holding the gun and it was discharged, blowing his brains out.

PORTLAND, Or., Jan. 5.—J. Williams, a colored barber, died this morning from effects of a dose of morphine, taken with suicidal intent.

Emma Abbott, the great Opera singer is reported to have died at Salt Lake.

Col. Forsythe has been relieved by Gen. Miles of the Command of the 7th Cavalry.

Wheat is steady in Chicago to-day at 91¾; San Francisco. $1.43¾ per cental.

In the senate the committee on Privilliges and Elections recommend that Dubois's credentials be placed on file and it was so ordered. The oath of office was administered to McConnell.

The president has transmitted to the house further correspondence on the subject of Behring sea controversy.

Wm. B. Dunnington, the steward at The Willamette hotel, has opened a very neat barber shop under The Willamette hotel and will deserve the large trade which he will have through the legislature, as he employs only the best workmen.

THE BRITISH PRESS.

Comments Upon Various American Affairs.

THEY WOULD NOT HAVE THEIR FLAG INSULTED.

Generally Hostile Tone of the British Press.

NEWS BY CABLE.

LONDON, Jan. 5.—The Standard to-day, referring to Behring sea dispute, says it wears a very unpleasant aspect. America may count upon receiving a full measure of courtesy, patience and firmness which England has already displayed, but Blaine will do well to bear in mind that firmness will be commensurated, should the moment arrive for its exercise, with patience and courtesy. He seems extravagantly anxious to put himself wrong.

WARNING TO LINCOLN.

Lincoln cannot too soon on his return devote himself to ascertaining the resolutions of the foreign office and communicating them to his government.

There is not a person in England but would hear it proposed with profound regret that shots should be exchanged between British and American vessels, except in courtesy, but it would excite great regret to hear of the flag being insulted and national honor not being vindicated by prompt reprisals. But we can never believe that the American people will suffer its public servants to force a conflict by wanton outrages upon our flag. We will gladly bow to a tribunal of international law, but do not propose to heed Blaine. We trust he will not persist in a menace which is certain to be resented and resisted.

THE ST. JAMES GAZETTE

says there is no reason for alarm to anticipate a rupture. The Blaine political party is at low-water mark and resorts to its old device of "Twisting the British Lion's Tail."

THE PALL MALL GAZETTE

says the case for arbitration in the Behring Sea dispute is so clear, Lord Salisbury's offer is so ample, and the feelings in America in favor of arbitration is so general and strong that it seems necessary to look for Blaine's motives for his warlike attitude elsewhere than in the merits of the case. It is clear Blaine speaks not for the nation but for his party, and that he means to bluff and plays to the anti-English gallery.

LONDON TIMES ON THE FARMERS' ALLIANCE.

The Times, in its criticisms on American finances and the program of the Farmers' Alliance, says it is probable that old party ties in America will, for some time to come, prevent any distinct emergency of a third darty with a program such as that of the Farmers' Alliance, but the new party will make its influence felt in both older organizations. It is a mistake to underrate the significance of the movement.

A Michigan Central Railroad Employe Wins His Case, After Seven Years' Contest.

While employed as agent of the Michigan Central railroad company at Augusta, Mich., my kidneys became diseased, and from an impoverished and impure state of the blood, my general health was undermined. I consulted the leading physicians of this city and Ann Arbor, and all pronounced my case Bright's disease. In Oct. last I began taking Hibbard's Rheumatic Syrup, and am to-day a well man. It affords me pleasure to render suffering humanity any good that I can, and I wish to say that I think it the greatest blood, kidney and liver medicine in the world.

PAUNCEFORT'S APOLOGY.

Britain's Minister Rebuked by Germany.

MY LORD MADE TO KNOW HIS PLACE.

Victoria's Plenipotentiary Receives a Deserved Reprimand.

A MINISTER OUT OF PLACE.

NEW YORK, N. Y., Jan. 5.—A Washington special says: "It is an iron bound rule of international custom among diplomats that on state occasions they shall take rank according to seniority of service. At the White House reception Thursday, when the diplomats of all the great nations met in the red room, preparatory to paying their respects to the President, Sir Julian Pauncefort, the British minister, got a place in the line in advance of Count Arco, the German minister and the Chevalier Tavera, envoy of the Austrian government. After the reception Count Arco and Chevalie Tavera addressed a communication to Baron Fava, dean of the diplomatic corps, protesting against such a breach on the part of Sir Julian. Baron Fava thereupon sent a note to Sir Julian Pouncefort, informing him of the protest, and adding that he awaited his reply. It was promptly forthcoming in the shape of an apology from representative of Her Magesty's government and intimations that there would be no occasion for a repetition of the reprimand.

POLITICAL.

CALIFORNIA LEGISLATURE.

SIX FEET OF WATRR.—The Willamette river registered above low wate mark this morning. The Manzamillo was here again this morning, having brought a raft of two hundred cottonwood logs down and anchored them while she dropped n for supplies. She went on down the river headed for the Oregon City paper mills, where she will arrive to-morrow afternoon. She will be back to Salem Wednesday. The O. P. boats have not yet made their appearance at this city, though they are expected here at any time.

Physicians Have Found Out

That a contamination and foreign element in blood, developed by indigestion, is the cause of rheumatism. This settles upon the sensitive sub cutaneous covering of the muscles and ligaments of the joints, causing constant and shifting pain and aggregating as a calcareous, chalky deposit which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive use checks the formidable and atrocious diseases, nor is it less positively established than it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malarial fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

SCROFULA

is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
