NOT SO HAPPY.—The old convict who was released from the penitentiary yesterday and who was reported by the Statesman to have left on the south bound train for California, by way of Yakima, evidently took the wrong train; for he landed last night in the city cooler, and was given a hearing before Recorder M. E. Goodell this morning on a charge of being drunk. It has been a dry time for "Jimmy" during the past three years and he partook a little too freely last night for his health. Considerable of his life has been spent behind prison bars. It is said he has served over twenty years in prison on his several sentences. This was his second term in the Oregon prison. The first sentence was under the name of Jimmy O'Neal, and the last was with the name of Phillip McHugh. He answered this morning to the name of O'Neal. When he has served a few days in jail he will be taken to the train and told to bid good-bye to Oregon.

ACCIDENT ON THE RIVER.—The steamer N. S. Bentley had the misfortune to stick on a bar near Wheatland while on her way down yesterday. The steamer Salem went to her rescue and lightened her so she could get off. She was loaded with wheat. The boat was not damaged and will continue her traffic on the river. The river just about holds its own, standing from five to seven feet above low water mark. The people here, especially those interested in the Capital lumbering mills would like to see a rise of six or eight feet more in the river in order that the million or more feet of logs now lying in the Luckiamute could be brought down to the mills. The mills not only need these, but the building interest of the city also badly needs the lumber from the logs.

MISBEHAVING YOUTHS.—Byron Sharp and Earl Grider, two lads about 17 years old, who have been attending school in this city, had some trouble some weeks ago in which they indulged in a fight. It seems that young Sharp was worsted in the affray and took revenge by having Grider arrested for assault. Grider hearing that he was to be arrested, left the city and went home at Skippoon, near Astoria. Deputy Sheriff Wain went down and brought him back yesterday, when he pleaded guilty to the charge and was fined \$25. He went to jail.

BURNED TO DEATH.—The little six-year-old son of Patrick Mullin, who lives at St. Paul, in the north end of this county, was burned to death last Saturday. The little fellow poured some kerosene into a cup and threw it into the fire when the flames were transmitted to the oil he had split on his clothing and in a moment he was enveloped in flames and horribly burned. He lived about twenty hours, suffering untold agony. There was no one in the room when the sad accident occurred.

BOOTS COIN.—A great deal of counterfeit money has been floated in Oregon and Washington lately and now it is announced that a great many counterfeit five dollar pieces are in circulation. They are a pretty good imitation of the original, bearing date 1890. They are nearly full weight, but the edges are slightly worn and they have a greasy feeling. As there are a great many 1890 coins in circulation it is best to be on the lookout.

NO HENS FEATHERS.—Fathers are something, one knows too much about. There has a fine line, all sampled. Don't buy a pig in a poke.

Look out for the program of the Jubilee Singers in to-morrow's paper.

Holmeson's dress goods sale is making many buyers happy. Cash saved on every gown.

Go and hear the comic solo and chorus at the Chapel Saturday night, entitled Auld Lang Syne.
