GROVER CLEVELAND'S TALK.

MISCELLANY.

THE STRICKEN HERO.

General Sherman Gives Encouraging Symptoms.

NEW YORK, Feb. 12.—The flitting lights and shadows in the death chamber of General W. T. Sherman were eagerly watched. Last night the general was for the first time in his life, on the retreat. His last march was begun, battling with that grim warrior who knows no defeat; now retreating, now advancing, with the courage of one wont to conquer. The general has never regained a coign of vantage, but is slowly being driven back to the last trench. His base of supplies, his strength and vitality, are cut off, and annihilation is deferred but a little while. At noon a bulletin was issued saying he is still alive. But there are no encouraging symptoms.

At 2 o'clock this afternoon Sherman showed signs of improvement. He had risen from his bed and walking across the floor, sat down in a chair. The physicians regard this as a very hopeful indication. They do not now fear erysipelas so much. Their chief fears are of pneumonia because of the accumulation of mucus in the general's lungs.

GENERAL MILES' TALK.

CHICAGO, Feb. 12.—General Miles when asked to-day whether he had anything to say regarding Forsythe's reinstatiment, said, "I know nothing about what has taken place at Washington, I do not care to make any statement in regard to it, nor do I care to review the case. What I did I would do again under the same circumstances."

INSURANCE APPOINTMENT.

SAN FRANCISCO, Feb. 12.—J. J. McDonald, who has for some time past been general Pacific coast manager, of the Continental Insurance Co., has resigned to take the position of manager of the western department of the company of Chicago. He will, in all probability, be succeeded by D. B. Wilson.

CRIMINAL.

TWO BROTHERS KILLED.

ANNGER, Texas, Feb. 12.—Six weeks ago J. A. Hale, a contractor at a quarry, killed a Mexican in self defense. Yesterday the dead Mexican's brother passed through here on a hunt for Hale. He found him to-day near Canyon switch and attacked him with a knife. Hale shot him dead. A crowd of twenty men left here tonight for the scene of the shooting. Hale's whereabouts are unknown.

KILLED BY HIS SON.

PINEVILLE KY., Feb. 12.—Judge Willson Lewis, who has been active in the prosecution of desperadoes in this region, was shot and killed last night by his own son Sidney Lewis. The Judge had put his son under bonds as one of the unlawful gang.

A SLICK SWINDLE.

PITTSBURG, Feb. 12.—Several weeks ago a man named Williams, advertised extensively throughout the papers for a farm. He received some 300 replies, and in each case notified the seller that his particular farm in every way answered the purpose, but that it would be necessary to send car fare for the buyer and agent to defray the expenses of a trip to inspect the property before purchasing. He succeeded in getting several thousand dollars from his victims and last week departed for parts unknown. Letters containing money and drafts still continue to come in for Williams, but they will be returned to the writers by the police authorities. Williams' departure was hastened by a request from Inspector McAleese to call upon him and explain his method of doing business.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. SHALL IT BE THE PARTY OF THE PEOPLE OR OF THE CORPORATIONS IN OREGON?

The republican party in Oregon is upon the verge of a great crisis. The situation is this: The lower house of the legislature, feeling and knowing the sentiment of the masses, elected a farmer speaker, made up its committees to pass those measures that the people are most interested in, and has proceeded fairly, rapidly and almost unanimously to do so. It has secured the passage of a clean Australian ballot law. It has passed two railroad bills. It has before it the portage railway bill. It is considering the selection of a proper railroad commission.

The house has performed its duty by the ballot law, and by the railroad bills. It has still to make a record of justice toward open rivers. In the senate the situation is different. It passed a clean ballot law only when forced to do so. It has passed two bills for open rivers, one of $60,000 for a state portage railway, another of $400,000 for political purposes. It has balanced off a good bill with a bad one. On railway legislation the senate has shown only a weak inclination to serve the corporations. The corporation members, with the democrats, have united to deprive the people of what protection they have, by seeking to abolish the commission, and defeat all consideration of the house bills to compel fair rates and give the commission power to enforce them. If the senate can have its way the people will be stripped of all protection, and an effort will be made to pass a maximum rate law, throwing every citizen and business man upon the tender mercies of the courts and involving endless litigation to secure for shippers those rights which are obtained much more cheaply, effectively and speedily in nearly all other states by giving the same powers to a commission. This plan of the senate is to cripple the shipper and strengthen the corporations.

This indifference to public interests on the part of the senate. Its president is a corporation lawyer, trained all his life to corporation theories. Its railroad committee is headed by a Portland millionaire, clerked by a corporation receiver, and utterly incompetent to know what the masses of farmers and business men of Oregon want. A senate so composed on this important matter will not of its own accord pass measures of interest to the people. It is not expected, however, that it will endeavor to make a record that shall strengthen the republican party with the people.

Whether this senate shall be allowed to strangle all just railroad legislation; whether this senate shall be the cause that the republican legislature shall go back to the people of Oregon with a corporation record; whether the railroad commission shall be either abolished or made up anew of self-seeking politicians ignorant of the duties they are to perform; whether any or all these blemishes shall attach to Oregon republicanism by the action of a senate majority, truculent to corporation interests, remains to be seen.

There is no doubt but the democrats in the senate are under skillful leadership, and to all appearances have combined to make a political record to capture the state in 1892. The democratic bill appropriating $400,000 for opening the Columbia is a card well played. The democratic senators have undoubtedly united with the corporation members to put the republican party on the defensive.

Just now the republican party is in dire need of wise counsel and honest leadership. A conference should be held to secure these ends. If allowed to drift, the party will be unable to secure to the people the good measures which have passed the house and will go before them at the next election handicapped by a good record for big appropriations and a bad record for good people's measures. The party in power should realize the situation and protect itself against the dangers involved.

No Show on Earth.

"Give me a room," said the tired-looking citizen as he walked into the hotel corridor a few centuries after the present date.

"Front!" shouted the clerk, "take this gentleman out, put him in the balloon and give him nice apartments on Saturn."

"I'd like to stay on the Earth, if it's just the same to you."

"I'm very sorry, but everything on this earth is occupied."

STATE NOTES.

LEGISLATIVE REVIEW.

JOURNAL Editorial Headquarters, Legislative Assembly.

The house cut the senate appropriation for completion of the capitol from $91,000 to $80,000. It is proposed to complete the dome with steel and glass. This can be done for $50,000, and when completed will be much more durable than a wooden dome as contemplated by the original plans which are now somewhat antediluvian.

***

The governor has not yet signed the Australian ballot bill.

***

The railroad fight will be on in the senate next week.

***

The portage railway bill at the Cascades is an assured fact.

***

The governor has signed the primary election bill.

***

Senator Moore's bill protecting laborers in timber and logging camps is a good one and should pass the house.

***

Wait's bill authorizing the appointment of guardian by will of the mother is a good measure and we hope to see it pass the senate, when it will become a law as it has already passed the house.

***

Raley's bill fixing the state usury law upon the same basis as the federal law governing national banks, passed the senate Wednesday, and will no doubt pass the house.

***

In legislative parlance Wednesday evening will be remembered as appropriation night. Nearly $200,000 of the people's money was appropriated.

***

The senate appropriated $49,090 Wednesday night for wagon roads.

***

The portage railway bill for road at Cascades, $60,000 appropriation, only lacks the governor's signature when it will become a law.

***

Shall Oregon legislate in favor of Oregon producers and shippers, or shall Oregon continue to be discriminated against by two hostile foreign corporations? The senate shall answer.

***

The house has passed two railway bills that will save millions to Oregon shippers and producers. Will the senate obey its two corporation receivers, or obey the expressed will of the people?

***

Senate bill No 218 is the measure that proposes to change the control of the Oregon state penitentiary, to conform to the management of the state asylum for the insane. It creates a board of trustees composed of the governor, secretary of state and treasurer of state, who shall appoint a superintendent, and on his nomination, a warden and assistant warden. The superintendent shall appoint all overseers, guards and other employes prescribed or authorized by the board and may remove them at pleasure. He shall report the purchase of all supplies, and the board shall in June and December advertise for bids for such supplies. The bill is almost identical in purpose with the present law regulating control of the asylum.

***

Chose ye this day whom ye will serve, gentlemen of the senate, corporations or the people of of Oregon.

***

A report has been circulated on the floors of both houses, that a mutiny nearly took place at the Oregon penitentiary the other day. Nearly one hundred men are said to have marched from the foundry to the prison and demanded more food, and got it. Is there any truth in this or is it done for political effect?

There is Catarrh in all sections of the country, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, but constantly failed to cure with local treatment. This has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. For circulars and testimonials. Address. F. J CHENEY &Co., Toledo, O. Sold by Druggists, 75c.

Through the Weary Hours

Of many a night, the rheumatic sufferer tosses to and fro on his sleepless couch, praying for that rest which only comes by fits and starts. His malady is one which ordinary medicine too often fails to relieve, but there is evidence to prove that the efficient blood depurent, Hostetter's Stomach Bitters, affords the rheumatic a reliable means of relief. Check the malady in its incipient stages, with this agreeable medicine. Whatever be the rationale of the active influence of the Bitters upon this malady, no evidence is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, it deserves a protracted, systematic trial, and should not be abandoned because not at once remedial. It is equally efficacious in dyspepsia, indigestion and kidney diseases.

The Problem Solved.—An Unrivaled Blood Purifier.

Found at last in Hibbard's Rheumatic Syrup—A remedy which expels all poisonous matter from the blood, A well known citizen of West Lebanon, Ind., testifies to its value:

It affords me pleasure to state that my wife has received greater benefit from Hibbard's Rheumatic Syrup than from any medicine she has ever taken. We find it to be the best family remedy and the greatest blood purifier that we have ever used. It is truly all it is claimed to be by its founder. You cannot recommend it too highly.

Richard Halsey, of Baxter Springs, Kan., called on his wife, from whom he had been separated for some time, and after a short interview, shot her and then shot himself. She will recover, but the man died.

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may well be termed "perfection."

No one knows better than those who have used Carter's Little Liver Pills what relief they have given when taken for dyspepsia, dizziness, pain in the side, constipation, and disordered stomach.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

Wonderful Results often follow the use of Hood's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating complaints of the kidneys and liver, agonizing itch and pain of salt rheum, disagreeable cases of catarrh, and aches and pains of rheumatism, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial. **Results**

General Debility

"For four years my wife suffered with large tumor bunches on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result: She has gained in weight

From 84 to 111 Pounds

and is stronger and in better health than she has been for years. The bunches under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time." J. J. NORCROSS 226 Commercial Street, Boston, Mass.
