N EFFICIENT COMMISSION WITH POWER TO ENFORCE ITS DE-CISIONS IS WHAT THE

PEOPLE WANT. As strong as the demand for balot reform, comes from all parts of the state, and from all parties, the demand that the Oregon railway commission be given that power and efficiency which legislatures in against the bill. other states unhesitatingly bestow upon it, or that it be abolished. The postpone. demand that it be able to render the people some actual benefits is not a wild one. It is a rational demand and should be heeded by the legislature. The vast interests of producers and shippers all over the state cannot be left to the tender mercies of high-handed empirical managers serving distant masters. As has other states, reductions of local rates, tho' always resisted by managers, have always been followed by largely increased volume of business and increased earnings, With the vast interests of the people of Oregon practically at the mercy of a Wall street pool headed by Jay Gould, it is absurd to continue a weak or inefficient commission.
