ARMY OFFICER DEAD.

VANCOUVER, Mar. 10.—Capt. S. E. Mason, troop "E," fourth Cavalry, aged 38, died here last night of Bright's disease. The remains will be taken to California for interment.

SITE SELECTED.

NEW ORLEANS, Mar. 10.—The committee appointed to select a site for a dry dock near the gulf of Mexico has decided on the south pass of the Mississippi river near New Orleans, on the Algiers side near the Southern Pacific ferry.

FRAUDULENT USE OF THE MAILS.

WASHINGTON, Mar. 10.—The postoffice department yesterday was advised of the arrest of M. Solomon, at San Francisco, for using mails in sending circulars advertising German and Austrian premium bonds. Solomon is said to be a confederate of E. Horner, of New York. Two men have been arrested at St. Louis charged with being confederates of Horner.

R. J. M'CALLEY, DEAD.

WALLA WALLA, Mar. 10.—Robert J. McCalley, receiver of the United States land office, died yesterday afternoon, after a brief illness.

AN AGED DEFAULTER.

LANSING, Mich., Mar. 10.—Thos. M. Wilson was appointed chief clerk in Auditor Grant's office in 1874, but had to give up his office this year when the democrats came into power. The state owns a business block in this city and yesterday it transpired that Wilson had collected the rentals, given receipts and put the money in his own pocket. Attorney General Ellis had experts examine his books and found a shortage of $1600. Wilson was arrested and waived examination, offering to make good the shortage if given five hours. Wilson is 72 years old, but is said to have an extravagant young wife.

STEAMER BUCKEYE SAFE.

SEATTLE, Mar. 10.—The report that steamer Buckeye had been lost near Edmonds, with 20 passengers aboard was disproved this morning by the arrival of the steamer safe and sound. The non-arrival of the vessel when she was due and the washing ashore of a quantity of vegetables with which she was loaded, gave rise to the report. It now transpires that when the storm arose the Buckeye put back to Apple Tree cove and did not make the return trip until yesterday morning.

HIGH WATER.

ARKANSAS CITY, Ark., Mar. 10.—The river has risen over two feet in the past 24 hours, while the levees can only stand two feet more of water. The outlook is not encouraging.

FLOOD IN GEORGIA.

AUGUSTA, Mar. 10.—The great portion of the city between the canal and river is under water, all business is suspended. The water is receding and no damage done to property.

A HORRIBLE REVELATION.

TACOMA, Mar. 10.—A prominent Tacoma physician has made a horrible and startling revelation. He alleges that he was called about two months ago to the deathbed of a poor Swede living in the sixth addition of this city, named Lars Pederson. He told the physician he wish his dying confession written, and it was as follows:

"He had worked in Armour's pork house, Chicago, until 1888 and then went to Sioux City, in Siberhorn's packing house. He worked there until the spring of 1889, when he killed a man named Lars Harstrum, who worked on the night shift with him, cleaning the floors in the killing room. He killed Hartrum with a large knife he found lying in the runway from the hog-scraper. He stabbed him many times, and his lifeblood flowed down the gutter to the fertilizer, mixing with the blood of the swine killed that day. He then put him into the chute and ran his body in among the 10,000 carcasses killed that day. Near morning he took the body to the chopping blocks, cut it in pieces, covered it with salt and ran them to the freezing rooms among the piles of pork left there for months. He then burned the clothes in the furnace."

Nothing more was heard of the matter, and there is no doubt that this human flesh was packed as pork and distributed throughout the country. Pederson lived in Sioux City for two months after the murder then came here. He says, if the body is not packed, they will find in the northeast corner of the cooling room all the remains of Hartsrum. The physician is anxious that Siberhorn's packing company make an examination of the cooling room.

CRIMINAL.

TRAIN ROBBERS CAPTURED.

BROWNSVILLE, Tex., Mar. 9.—The whole particulars of the plot which resulted in the robbery of the train on the Rio Grande January 29 and the loss of $25,000 have come to light. The instigator, Juan Benits, a rich rancher and merchant at Elsanz ranch, in jail here, has confessed. Chief of Police Rand went to the ranch and scared the blacksmith and carpenter who made the crowsfoot which they used to ditch the train, and through their confession secured Benits, and several other members of the gang. The leader of the party is a well known smuggler named Simon Garsio. The night after the robbery he stole three horses and left for Mexico, he being pursued by Mexican cavalry. A portion of the stolen money was recovered, and all the robbers will probably be captured. They are all ranchers living in this country. One gang got $4000, while the rest only got $1500 each. There was a disagreement, and one of the bandits, named Angel Cortinez, was shot and killed by the leader.

MURDERED WITH A NEEDLE.

PARIS, Mar. 10.—The police are in a fair way to bring to justice the murderer of the German, Leiderman, whose body was found near Monte Carlo. It appears that Leiderman, who formerly resided in Manchester England, took apartments in December last, in the National hotel at San Remo. He frequently visited Monte Carlo. One day in December, two Germans, one man and a woman, joined him at the hotel and they all started off by rail. This was on December 24th. In the evening the Germans returned without Leiderman. They accounted for his absence by saying he went insane by losses at Monte Carlo and had been placed in an asylum at Nice. That night the two Germans departed clandestinely. The body when found had the spine broken and was punctured about the region of the heart by a pin like those used for pricking cards at Monte Carlo. This showed the murderers wished to convey the idea of suicide after being ruined at cards. The pockets were rifled and the evidences of murder were plain. The police sent a photograph of the deceased to Monte Carlo. There it was remembered that a man of that discription had gambled there in company with a reputed Polish countess and her German paramour. These two have been arrested and sent to San Remo. It is supposed the countess decoyed Leiderman, but it is uncertain as to whether the man, her paramour, was aided in the killing. It is believed that a large gang is operating in this way.

POOL ROOMS LAWFUL.

LOUISVILLE, Ky., March 10.—Judge Thompson has decided that pool rooms could not be closed as they are doing a lawful business.

POLITICAL.

ALLIANCE MEN AT WAR.

ST. LOUIS, Mar. 10.—Dispatches from Texas announce that the farmers' alliance is demoralized. Dr. G. W. McClune, the alliance leader, is in Dallas. His presence has created surprise, for many members of the alliance had threatened to mob him if he entered the state. There are two factions there, one the remnant of the old grange organization. The other wing, headed by the Mercury, wants commissioners elected and the state funds to be invested in railway bonds. It is understood that McClune is here to patch up peace between the factions. Coleman, the editor of the Mercury, says "a majority of the democrats of Texas belong to the farmers' alliance and propose to have something to say."

REPUBLICAN NOMINATIONS.

PROVIDENCE, R. I., Mar. 10.—The republican state convention today made the following nominations: For governor, H. W. Ladd; lieutenant governor, Herman B. Goff.

CALIFORNIA'S SENATOR.

SACRAMENTO, Mar. 10.—The legislature in separate session voted today for U. S. senator to succeed the late Senator Hearst. In the senate the vote resulted as follows: Estee, 12, Felton 7, DeYoung 4, Blanchard 3, Johnston 2, Ostrom (dem.) 10, scattering 2, no choice. In the house the vote was: Estee 13, DeYoung 18, Felton 6, Blanchard 9, Johnston 2, Ostrom 15, scattering 9, no choice.

NO CHANCE FOR STREETER.

SPRINGFIELD, Ill., Mar. 10.—There seems to be no longer any possibility of the election of A. J. Streeter for U. S. senator, as Moore and Cockrell, F. M. B. A. have decided to vote tomorrow for Gen. Palmer. Republicans this afternoon are discussing the advisability of voting for Representative Moore as the only means to prevent the election of Palmer.

STATE.

FOR AN OPEN RIVER.

PORTLAND, March, 10.—At a meeting of the chamber of commerce last night, the following resolutions were adopted:

Whereas, The state legislature at its session failed to pass any law that would insure the opening of the Columbia river from Celilo to The Dalles and,

Whereas, Believing it to be of paramount interest not only to the retention of the commercial supremacy of Portland as the metropolis of the state, but to the interest of the entire state of Oregon as well, and of equal interest to those sections of Washington and Idaho that border upon the great waterway of the Columbia and Snake rivers, therefore be it

Resolved, That a special committee of twelve be appointed for the purpose of consultation and conference with the representatives of these sections of the state which would be most quickly and permanently benefitted by the opening of the river, with the object of ascertaining if some method cannot be devised for the speedy and permanent opening of the river traffic of the Columbia and its tributary streams.

KOCH'S LYMPH.

PORTLAND, Mar. 9.—The first experiment in this city with Dr. Koch's lymph was made at St. Vincent's hospital yesterday. The article was brought here by Dr. Marcus Field, recently from New York. Those present were Drs. McKenzie, Fried, Williams, Jones, Bell, of the hospital staff, and Dr. Houck, who recorded the symptoms; Dr. Mackay, who made microscopic examinations; Dr. Koehler, the house physician; and J. H. Hageney, of Skidmore's, who reduced the material to the required consistency.

The subject was a Mrs. Kauffman, suffering from a tubercular of the spine.

Of course, at present nothing can be said regarding the result of this test, but the experiment will closely be watched by the entire local medical fraternity.

COLONY FOR OREGON.

PORTLAND, Mar. 10.—The Telegram says: The Nebraska refugees, who are fleeing from the drouths, cyclones, grasshoppers and mortgages, have turned their faces toward Oregon. They are apparently weary of drouths and hot winds in the summer, and blizzards and deep snow in the winter, and are desperately anxious for the even climate of the northwest. With a view to improving the condition of certain settlements of people of Nebraska, E. G. Carlson and C. J. Olsen, of that state, are in Portland, looking over the situation. "We are thoroughly tired of our home state," said Mr. Olsen to a reporter, "and we are determined to find a location that will be more agreeable in every sense of the word. Mr. Carlson and I represent a large settlement of Scandinavians and Danes in Phelps and Kearney counties, and if the people there do not get away pretty soon they will be unable ever to do so. It has been so long since we have had a good crop, that we would hardly know one should we see it. In 13 counties of Nebraska, there are nearly 200,000 people, comparatively destitute of provisions or money and though they are possessed of a section of land each, they are virtually paupers. The settlement which we represent, however, is in good circumstances, but they have the westward fever, and will not be satisfied until they can settle down within the shadows of the beautiful Cascades. The Willamette valley is the place for them, so far as I can learn, and no doubt we will find a settlement there. All of our people are in a position to xpender the country a benefit by coming. They are industrious and honest and that is all any man can be. I think we can bring a party out within 90 days.

SCHOOL DIRECTORS.

PORTLAND, Mar. 10.—C. M. Reby and Richard Williams were elected school directors at the election yesterday.

STOUT'S HOTEL BURNED.

ASTORIA, Mar. 10.—Stout's hotel, at Seaview, was burned to the ground on Sunday. The fire spread rapidly and nothing could be saved. Total loss, ten thousand dollars; insurance about half. A defective flue is supposed to have been the cause of the fire.

FOREIGN.

WIGGINS AGAIN.

OTTAWA, Mar. 10.—Prof. Wiggins the weather prophet says: "There is at this moment on the North Atlantic and approaching American coast a greater storm than any that will happen during the remainder of this year or any during the year 1892.

THE IRISH POTATO CROP.

DUBLIN, Mar. 10.—The Irish local government board has issued a report on the failure of potato crop and condition in congested districts. The districts in which disease appears comprise about half of Ireland and is due to planting old champion seed. In light dry soils the crop in some places is excellent. In cold, wet lands and mountain districts failure everywhere is serious. In other resources farmers are about up to the average. The distress is aggravated by the reluctance of local shop keepers to grant credit. Relief applications are confined to congested districts of the west, and to laboring and fishing classes of the south. It is expected the pressure will become more general between now and April."

EX-EMPRESS EUGENIE.

LONDON, Mar. 10.—The ex-Empress Eugenie is reported to be in very poor condition physically and little more than a wreck mentally. Some say it is insanity, but her unfriendly reception in Paris, when she was at first mistaken for Empress Frederick, and afterward insulted as soon as her identity became known, was a great shock to her. She has lost all traces of her former attractions, and has ceased to even cover the ravages of time with cosmetics. To the better class of Frenchmen she is an object of pity, if not sympathy, but the nabobs lose no opportunity to show their hatred.

THE BLIZZARD IN ENGLAND.

LONDON, Eng., Mar. 10.—The blizzard in the south of England continues although the weather in London is milder. Railroad trains are blockaded and the neighboring country is covered with snow which has been piled in drifts of great depth by the hurricane accompanying the storm. The passengers on blocked trains suffered greatly from cold. The blizzard prevailed from St. George's Channel to the North Sea. The mail service is completely stopped and many towns are shut off from outside communication. There is an immense loss of cattle and sheep. In addition to the damage done by the storm itself, the Thames commenced to rise in a dangerously rapid manner and has already inundated the low lying district from Richmond down. Green grocers are suffering from dearth of vegetables, etc. All wagons coming in from the country are snowed up along the road. At Lydd a small sea port town of Kent, while the coast guard life boat was going to rescue the crew of an endangered vessel, the life boat capsized and several occupants were drowned near Hastings, Sussex county. Five fishing smacks were wrecked and three fishermen drowned.

EXPLOSION IN GLASGOW.

GLASGOW, Scotland, Mar. 10.—A condenser, used in the manufacture of ammonia at the Dixon Iron works exploded today. Three mangled bodies were recovered and four other bodies including that of the manager of the works are still buried in the debris.

A Miracle of the Nineteenth Century.

Owing to a bad state of the blood, I have been afflicted with rheumatism for twenty years, and have used crutches for ten years. I have expended large sums for remedies recommended to me, and from using powerful liniments to get a little sleep, my hip and knee had lost nearly all strength. When I commenced to use Hiboard's Rheumatic Syrup I could not take one step without the aid of a cane, or turn myself in bed without assistance. I can now move with perfect ease, and walk without my cane from my house to my office every day. I am received from a terrible affliction, and wish I might herald to all afflicted with rheumatism and other blood diseases, the merits of this wonderful medicine. S. S. Conover, Past North western Mutual Life Insurance Co., Manistee, Mich.

Used it for Five Years.

Dr. E. S. Holden: I have sold your Ethereal Cough Syrup for the past five years, and have used it in my own family, and know it to be the best cough syrup I have ever used or sold. FRED. M. WEST, Stockton. Large size $1.00, small 50c. For sale by all druggists.

SCROFULA

is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrotula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.

Are Some People Always Wishing?

They never look ahead nor think. People have been known to wait till planting season, run to the garden, look at their seeds, and then repent over it for 12 months, rather than stop and think what they will want for the garden.

VICK'S SEEDS never disappoint, is the verdict from the millions who have planted them. If a dealer offers you Flower or Vegetable Seeds, Plants, Bulbs, or anything in our line, *MAKE NO MISTAKE*, this year, but send 10 cents for *Vick's Floral Guide*, deduct the 10 cents from first order, it *costs nothing*. This pictorial catalogue contains three colored plates, *Grandest Novelties* ever offered, $200 in cash premiums to those who form club orders. $1000 cash prizes at one of the Great Fall Fairs. Grand offer, chance for all. Made in different from ever before; 100 pages 8½ x 10½ inches.

LOOK AT THE RECORD OF THE CAPITAL JOURNAL.

During the recent session of the legislature it was the only paper in the state that attacked success-fully the Portland dictatorship in Oregon politics. It successfully opposed all dictoring the Australian ballot law in the interests of political bosses. It advocated the law (that passed) giving the Oregon railroad commission power to fix just and reasonable rates of freights and power to enforce its decisions. It successfully advocated retention of the old railroad commission as best qualified to enforce the law. It labored for all measures to open rivers and thus secure to the people the right to free and unrestricted use of the waterways.

ITS PLATFORM.

THE CAPITAL JOURNAL favors a reform in national finances, to the end that the present expensive monopoly system of supplying an inadequate currency may be supplanted by the government issuing direct to the people an adequate supply of legal tender money, with such basis sufficient to conform to sound banking principles. It favors election of all officials who legislate for, or are directly responsible to the people, by direct vote of the people. It favors raising all state revenues by a tax upon the gross earnings of corporations, both foreign and home, and that all opening all waterways to the sea and control of all common carriers to the end that the producer shall secure to his labor the largest net returns.

It will favor retaining all powers possible in the hands of the people and government in the interests of the people, circulate this paper. For terms, see elsewhere.
