NEW YORK, Mar. 23.-The police have uncarthed an almost unparalleled case of moral depravity and wretchedness. In a tenement house at 891 First avenue they found two little girls, Maggie McNally, twelve years old, and Mary McKenna eight years, lying ou the floor of ouc of the rooms, dead drunk. In an adjoining room were Mary McKenna's father and four women in the same condition. On a rickety bed was the McNally's girl's father, in the last stages of consumption and starvation. The sick man was taken to the hospital. McKenna and the four women were committed, and the girls given in charge of the Gerry Society.

Deplorable State of Affairs in the Garden City-Grotesque Objections to the Eight Hour Work Day-Velvet and Bugs on Fifth Avenue.

The trouble over the construction of Chicago's World's fair buildings presents The sheriff and his deputies are several peculiar and conflicting questions, more or less interesting to labor and labor organizations. Speculation doninated the contest for the selection of a miner at Franklin, fell down a slope town; it delayed for months the choosing of the site in Chicago; it is running, and will continue to run, through the affairs of the show even to the minutest details.

Therefore, the talk of President Gage that "the fair is an American institution. and it would be inconsistent to recognize only the organized portion of labor," is buncombe.
