TO IMPROVE THE ROADS.
Salem Driving Association to Become a Permanent Organization.
In pursuance to the call in the JOURNAL last evening a large number of persons met at the office of the city recorder last night to take steps toward effecting a permanent organization of the Salem driving association. Napoleon Davis was chosen chairman and C. B. Irvine secretary of the meeting.
Mr. Davis stated that the object of the meeting was to have all those interested in having a piece of road near this city in good repair at all times, to associate themselves together to accomplish that object. By motion, Dr. J. M. Keene, Wm. England and E. P. McCracken were appointed a committee to make a selection of some road and estimate the probable cost of putting it in good order and keeping it sprinkled during the summer. G. H. Burnett, C. B. Irvine and C. S. Riley were appointed a committee to draw up a constitution and by-laws. Both committees were instructed to be prepared to report to the meeting to be held in the recorder's office tomorrow night.

COURT IN SESSION
Judge Waldo and the County Commissioners held Court—
Sheriff's Report.
The county court convened yesterday afternoon in the April term. A number of bills against the county were ordered paid, and numerous petitions read and disposed of. The following is the first day's business. In the petition of Robt. Reid and others, for a change in the county road, leading from Silver Creek Falls to Mehana, the report of viewers was read first and second time, and the road established.
The petition asking for the vacation of Hyde and Claude streets in Brooklyn addition to Salem, was allowed. The supervisor of road districts No. 20 and 23, were each allowed 500 pounds of powder to be used in improving the roads in their districts.
The petition for a new road from the donation land claim of R. Edgar, near Turner, to the home of Mrs. McKinney, near Sublimity. The same was ordered established.
The petition of D. Boyer and others, for a county road to be built near Woodburn, was allowed.
F. Nuber was appointed supervisor in road district No. 35, Mr. F. Thornberry having resigned. E. Rase was appointed supervisor of district No. 63, A. J. Cooley having resigned.

SHERIFF'S REPORT.
Sheriff E. M. Croson presented his annual report to the court for examination. The amount of taxes due from the county, as shown by the tax roll is, \$162,697.78; of that \$144,039.02 has been paid to the county treasurer. The following is a summary of the report:
Tax roll for 1890.....\$ 162,697.78
Sheriff's assets..... 1,930.95
To balance.....\$164,628.73
Paid to treasurer.....\$ 144,039.02
Errors and rebate..... 2,743.29
Delinquent taxes roll..... 17,846.42
To balance.....\$ 164,628.73

STOLEN WATCH.—Chas. Cobbin was arrested yesterday afternoon on a charge of stealing a silver watch and a rolled gold chain from the pocket of Chas. Morrison, who was in a drunken stupor in the rear of the Arcade saloon. Cobbin was given a hearing before Recorder Goodell this morning, when he waived examination and was held over to await the action of the grand jury. His bonds were fixed at \$150. He went to jail, but will probably be out by tomorrow, as he says he can furnish the bonds. Cobbin does not have the appearance of a thief, though there were several who saw him take the watch.

NOT THE HOP LOUSE.—The insect found on some prairie twigs and over which the Dallas papers made much comment, supposing them to be eggs of hop lice turns out to be the eggs of clover mites, (bryobia pratensis.) Mr. R. S. Wallace, of Salem, sent a specimen to Prof. Riley at Washington and he so defines it.

CROSSING WANTED.—There is no crossing over the S. P. track south of State street. People from South Salem or Turner are compelled to go north to State before being able to cross either way. The council should act upon this matter, for at present it is a source of great inconvenience.

"H" COMPANY.—This new militia company has secured enough members to form, and at the meeting tonight at the armory at 8 o'clock sharp, there will be an organization effected. Salem young men who are not already enlisted should step to the front and join the ranks.

Pure Clydesdales.
Owing to a previous misunderstanding, many are under the impression that my horse, Danmore and Scotchman's Pride, are Shires, while the pedigrees now in my possession show them to be pure Irish-bred. Can be seen at Huffman's barn at rear of Willamette hotel, Salem.
dwell. D. S. BENTLEY, Prop.

The total decrease in national bank note circulation since Feb. 23, 1890, is \$18,585,229.

PAINT MINE IN SALEM.
Red Ochre in an Abundance in This City—Fire Clay Discovered.
The men who are making the ditch for the Salem Water company reported this morning that they had discovered a material in the hill south of the covered bridge, which had much the appearance of the paint brought to Salem from the Lebanon mines. The attention of a number of persons has been called to the material today, and many of them seem to think there is something in the report that a mine has been discovered in Salem. The ditch is about three feet deep where the ochre is found. A small vein is seen near the bottom of the ditch. How much there is of the material is not yet known, but indications are for an abundance. A pioneer who lives on the hill a short distance beyond the place where the men are at work, says when he dug his well years ago he passed through several feet of just such material not knowing that it was of any value. A sample of the ochre was left at this office today. It has very much the appearance of the true article. It shows plainly the oxide of iron, but possibly not a sufficient per cent to make it a valuable article for paint. There is no doubt but the material can be found in large quantities. The only question that remains, is it of the right quality. The people in South Salem are greatly excited over the new discovery, and think they will soon be in the heart of a mining district.
Another discovery was also made a short distance below the ochre. This was an excellent fire clay. There is no doubt about this, for it has been known to be there in a small quantity for years. The digging of the ditch indicates that the foot of the hill is made of this clay after a few feet of the surface of the ground is taken off. There was an outcrop at one place from which several loads of clay have been hauled and found to be a fine clay for fire brick.
The ochre seems to be on the south side of the summit of the hill, while the clay is on the north.

FILED.—Nelson James, Henry Blackman and George W. Swagart filed articles of incorporation with the secretary of state today for Hesper Park association; capital stock, \$5000. The Union Power company, of Portland, was incorporated by J. B. Hammond, P. F. Morcy, C. F. Swigert, Geo. B. Markee, D. F. Sheiann and H. C. Campbell; capital stock, \$50,000.

MARRIED.
KITCHEN—REED.—At the home of the bride's parents, 445 High street, at 8 p. m., April 8, 1891, Mr. John Kitchen and Miss Maud Reed, Dr. L. L. Rowland officiating.

PALMER-AITKEN.—At the home of Mr. and Mrs. James Aitken, on High street, at 8 o'clock last evening, April 8, 1891, Mr. C. B. Palmer and Miss Agnes Aitken, Prof. Thos. VanSooy officiating.
The relatives and a few intimate friends were present to witness the ceremony, which was an impressive one. The bride is the eldest daughter of Mr. and Mrs. James Aitken, and is an estimable young lady. During the past few years she has taught school and during vacations has kept books in her father's store. The groom is a highly respected young man of Mt. Angel, where he is engaged in the general merchandise business. The newly married couple went down to that burg today, where they will make their future home.

The World Enriched.
The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited, and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring-time or, in fact, at any time, and the better it is known the more popular it becomes.

PERSONAL AND LOCAL.
Keep your eye on Englewood and see it grow.
Mr. O. G. Savage is a victim of a gripe.
Miss Ada Calvert is among the list of disabled with the gripe.
Rhubarb (pie plant) sells at the stores for 10 cent a pound, or 3 lbs for 25 cents.
Geo. Parser, of Wade & Co., is in Albany, invoicing a stock of hardware at that point.
During the month of March there were 201 cases of eggs shipped to Portland from Newberg, Oregon.
Mr. Woodworth, of Howell Prairie, is a passenger on the 11 o'clock train. He is on his way to Eugene.
Capt. Pratt is holding out well for his first week at his old place in the county clerk's office, after his long illness.
R. J. Maybell, manager of the Wright, Barrett & Stillwell paper manufacturers of Portland, was in Salem today.
South Salem has not only beauty in her favor but has struck a point mine that will enable her to paint the town red.
Rev. L. Brosseau, of Gervais, came up to Salem last night to attend the Catholic mission, now in session in this city.
Chas. de Leon and family are gone to Gervais, where Mr. de Leon will conduct a grand ball given by the Gervais Hall association.
Mr. J. A. Hershey, who has been confined to his room with a gripe for several weeks, is improving and will soon be on the streets again.
Several young Salem gentlemen who are inquirers will take notice that corsets are more in vogue than ever among the dudes of the East for lawn parties.
Misses Grace and Josie Parrish, who have been visiting in Salem, for a week, returned to Tacoma yesterday to resume their studies in the Annie Wright seminary.
Five young men were arrested in Corvallis last week for disturbing the peace of that city late at night with a "horse riddle." Three of them plead guilty and were fined \$5 each. The other two stood trial and were acquitted.
Lillian F. Smith, the female rifle shot, who was in Salem last fall, writes from New York that she is going to return to Oregon to hunt, then have a boat built and go down the Columbia river to the Pacific ocean and then to San Francisco. She will then take the boat to the world's fair and put it on exhibition. At the same time she will be ready to arrange a match to shoot against any one in the world with the rifle.

COLE'S CRITIC.
EDITOR JOURNAL: The farmer who dissected Mr. Cole's lecture without mercy, and reported the same to the Statesman, of April 7th, has been in Salem, trying to borrow some money to pay for that seed grain, and finds how it is himself. He had to give \$3 worth of his best real estate, under a quickest mortgage to get \$1, and when he got home his neighbors would not take it as money, saying it was only second-class evidence of an old debt owed by the government ever since the late war, and not a legal tender between man and man.
