

Royal Baking Powder

ABSOLUTELY PURE

UNIVERSITY NOTES.

Miss Kelly, a teacher from Hayesville, entered school this week.

An addition of a number of useful volumes were made to the library lately.

Prof. Arnold's class in Botany are gathering and analyzing specimens of flowers each day for the collection of specimens that are required for the herbarium.

The graduating class of the conservatory is somewhat broken up by Miss Manda Counts being called away to her home at Princeton on account of sickness, but it is to be hoped she will be back soon to resume the remainder of the year's work.

The Jubilee quartet went to Jefferson last night to give one of their popular concerts.

There has been no decided falling off in the attendance at the conservatory this term as new ones have come in supplying the places of the few who were compelled to leave.

The college rhetoricals were very interesting Wednesday and the band gave some choice selections, also a solo by Mr. Ginn with orchestra accompaniment was well rendered.

PERSONAL.—Hon. Edward F. Parkhurst, of Sheldon, Iowa, has been in Salem, after carefully looking over the whole Pacific coast country. Mr. Parkhurst and family are located at 307 Front street, where Iowa and other friends can find them. Mr. E. C. Davidson, president of the State bank of Hull, writes to the editor of the JOURNAL: "We take pleasure in introducing him as one with whom our relations have been very pleasant and who will be a substantial, reliable citizen, a good neighbor and a faithful friend."

VALUABLE PAPERS FOUND.—The Albany Democrat says: A month or two ago the particulars were given of the robbery of the safe in Fisher's mill at Corvallis, in which some valuable notes and county warrants were stolen, several hundred dollars in money being left behind, and only a few dollars taken. Yesterday while harrowing on the farm of Mr. Stewart, in Linn county, opposite Corvallis, a man turned some papers up which proved to be the lost warrants and notes in a good condition. The thief had buried them, seeing that it would not be safe to dispose of them.

CONDUCTOR ARRESTED.—A few days ago a young man named Dodge perched himself on the cowcatcher of the Lebanon express and rode from that place to this city. On reaching Albany he was discovered by Conductor Edward Huston, who assisted him off his perch. The young man swore out a warrant for the arrest of the conductor on a charge of assault. The case came up before Justice Humphrey yesterday and was very properly dismissed.—Albany Herald.

NOTICE.—Having retired from the blacksmith business, the undersigned wishes to request all who are indebted to him to call at once on R. P. Bole Jr., at 68 Court street, and settle. Also parties having claims against him can leave same there for settlement.

—J. H. HOLM

Nearly Frantic.

It has been my misfortune to be brought into frequent contact with a person extremely nervous. If you think you are aware of this, you will be glad to know that I have a remedy for this condition. It is a simple, natural, and effective cure. It is called "Eupesey" and it is sold by all druggists.

—J. H. HOLM

A Michigan Central Railroad Employee

While employed as agent of the Michigan Central Railroad Company, at Augusta, Mich., my kidneys became diseased, and from an impoverished and impure state of the blood, my general health was entirely undermined. I consulted the leading physicians of this city and Ann Arbor, and all pronounced me incurable. In October last, I began taking Hibbard's Rheumatic Syrup, and am today a well man. It affords me pleasure to state that I can, and I wish to say that it is the greatest blood, kidney and liver medicine in the world.

E. LAZARUS, Agent M. C. R. R.

Sold by Smith & Stetson.

Spring Medicine.

Dr. Ginn's Improved Liver Pills on account of their mild action are especially adapted for correcting spring disorders such as indigestion, flatulency, and biliousness, and when used with a laxative, they will cure all liver troubles. They are sold by all druggists.
