LOCAL MARKET: Wheat, net 72 cents per bu. Hops, active; 28 to 35 cents per lb.
WESTACOTT & IRWIN.
A TWO MONTHS' TOUR.—W. W. Skinner, agent for the Southern Pacific company, wife and little son, will leave on the overland train this evening for a two months' tour through the South and East. They go from here to San Francisco, where they will be joined by their daughter, Miss Lura. From there they will go to El Paso, thence to New Orleans. Then they head for Montgomery, Ala.; Atlanta, Ga.; Richmond, Va., and Washington, D. C. From the national capital they go to Philadelphia, New York, Niagara Falls, Buffalo, Detroit, Cleveland, Chicago, Omaha, Portland, Oregon. At each of the above named cities they are entitled to a lay over of five days. In addition to those they will visit Salt Lake, St. Louis and some other points of interest. To make the trip will require two months. Mr. Skinner has been in the employ of the company for 25 years. His first work was on the west side in getting up the subscription to build the road. He has been agent in Salem for 17 years. This is his first vacation of extended length he has had in all that time, and is one well earned. Geo. Bassett will take his place in the passenger depot during his absence. Harvey Bond will hold Mr. Bassett's position as freight agent during the same time.
RIVER NEWS.—Three river steamers were at Salem this morning, the Hop, Bentley and Three Sisters. The Bentley passed down from above with a load of grain, and the other two boats lay at this city last night. Their loads consisted of grain and general freight. The Bentley is about five feet above low water mark. The company intends to run its boats all summer if possible, though it is very probable a lay-off of a couple of months will be necessary. The boats are doing a good business and could find work all summer. When the river gets low one boat will be engaged in dredging on the bars, while the other two will make their regular trips. M. C. Starr assumed charge of the wharf this morning as agent for the Oregon Pacific company. He will devote his entire time to the shipping interest, which will afford a better accommodation to the public.
THE RIGHT THING.—A friend of improvement in Salem hands in the following good suggestion: "Can the citizens of Salem reasonably expect to see outside capital come here to invest when the principal investment of the city is in such an unprofitable appearance? Capital never seeks investment in a dead town. If we want the Chicago syndicate to improve the street car service in our city let us take the initiative by paving and improving our streets. A fine street car service with such beautiful streets would look out of place. Let us meet our outside friends at least half way."
DEATH WITH A GOPHER GUN.—Daniel Schulerger, who lives on the Salem prairie, near the red barn, had two flags on his left hand badly injured Sunday by the explosion of a gopher gun. He had the instrument set in a hole to kill a gopher which had been disturbing his garden. From some cause the gun did not work to suit him, so he hit his hand into the hole to fix it, when the gun was discharged with the above results. Dr. Jessup dressed the wound and thinks the flags can be saved, though they are badly lacerated.
THE BUILDING BOOM.—That is what Salem has just now, and contractors and others should be sure to order their lime, cement, etc., of Farley & Co., at once.
FRIDAY.—You cannot afford to miss the entertainment in the M. E. church, Friday evening. A good program has been arranged.

THE MASS MEETING.
Numerous Committees Appointed—The President's Reception—Fourth of July Matters.
In answer to the call of the mayor a large number of citizens met in the council chamber Monday night to make arrangements to receive and properly entertain the president and his party while in the capital city. The meeting was attended with considerable enthusiasm. The following committees were appointed to carry out the plans for the reception.
COMMITTEE ON RECEPTION.
Mayor P. H. D'Arcy, Gen. W. H. Odell, President Board of Trade J. G. Wright, Post Master A. N. Gilbert, Hon. A. Bush, W. N. Ladue, Wm. England, C. B. Moore, ex-Gov. Moody, ex-Gov. Chadwick. The three chief officers of the state, the governor, secretary and treasurer and the judges of the supreme court were made special guests on the reception committee.
COMMITTEE ON ARRANGEMENTS.
Hon. E. M. White, D. C. Sherman, Frank Davey, E. Hofer, editor JOURNAL, R. J. Hendricks, editor Statesman, Maj. F. E. Hodgkin, W. M. Dugan. This committee was instructed to begin their work at once and see that nothing was lacking to make the occasion a complete success. The committee is composed of active men who will not stop short of accomplishing the designs of the meeting.
FOR FLORAL DECORATIONS.
Twelve ladies were appointed on a committee on reception and floral decorations. The committee is composed of the following representative ladies of Salem: Mrs. ex-Gov. Moody, Mrs. Wm. England, Mrs. Dr. J. N. Smith, Mrs. W. N. Ladue, Mrs. Judge W. P. Lord, Mrs. Edward Hirsch, Mrs. T. McF. Patton, Miss Sallie Bush, Mrs. R. S. Wallace, Mrs. Geo. H. Burnett, Mrs. J. J. Murphy, Mrs. F. E. Hodgkin.
THE FINANCE COMMITTEE is composed of five young men of business ability as follows: H. S. Simon, M. E. Goodell, J. L. Mitchell, Jap Minto, O. M. Smith.
THE PLAN OF WORK.
The stay of the President in this city being short will necessitate the plans concise and with few formalities. Invitations were extended to the Grand Army of the Republic, Oregon National Guard, Sons of Veterans and the school children to take part in the parade; a similar invitation was extended to the Second Regiment band. It is proposed that the parade starts from the depot and be made through the business part of the city, then all retire to the capitol building where the program will be completed. The floral committee will have the halls of that structure decorated with a profusion of flowers.
FOR THE FOURTH OF JULY.
Steps were taken last night to celebrate the Fourth of July in Salem. The success attending the celebration of last year makes it a much easier matter for Salem to have a grand time this year. It is a fact, and the committee on arrangements had to contend with last year, that Salem has not had a celebration of any importance for several years until last year. An effort is being made to have the state militia to come to Salem to participate in the exercises. To accomplish that end and to raise the necessary funds for the Fourth, Maj. F. E. Hodgkin, Hon. Geo. H. Burnett and Hon. C. B. Moore were appointed the committee on finance.
MONDAY NIGHT'S BANQUET.
Mr. Pease Entertains the Real Estate Men at the Willamette—The Paving Movement—Other Enterprises.
The Salem real estate missionaries who are doing so much to help people to a better land, last evening received a foretaste of that sure reward for all good deeds, and right royally did they enjoy it. During the day Mr. V. S. Pease, who is in the city representing the Chicago syndicate in their proposed purchase of our horse car line and other property, informally asked all the real estate dealers to break bread with him at the Willamette at 7:30 o'clock p. m. To this generous impulse about thirty responded, and in real Salem fashion did justice to the event. Mr. Pease is from Nashville, Tenn., and in the course of the evening displayed that genial affability of the real Southern. After the festivities, which were no small matter, by the way, the host made some very generous and agreeable remarks about Salem and her people, winding up by calling for remarks from all present, and requesting Mr. J. H. Albert to lead off and act as toast master. The latter made a few interesting statements about Salem's ancient history, and some happy allusions to her present prosperity and progress. One after another of "the boys" had their say, all winding up as a grand love feast, all of which must result in great good for our growing city. Resolutions were unanimously adopted endorsing the action of the city council on the paving question, when all departed to meet with citizens at the board of trade rooms this morning for further action.
THIS MORNING'S MEETING.
An enthusiastic meeting was held in the board of trade rooms this morning, in which the paving movement was warmly discussed. Those favoring the plans as laid out by the city council were in the majority and earnest in their work. A petition is being circulated, and receiving many signatures, which en-

dorses the action of the city council. The petition reads as follows: "To the mayor and common council of the city of Salem: We, the undersigned citizens of Salem, heartily endorse your recent action inaugurating street paving, and here, by pledge you our united support in the prompt prosecution of this important improvement."
A VIEW OF SALEM.
Mr. V. S. Pease Gives Some Information Worth Observing—Salem Has a Bright Future.
The JOURNAL reporter found Mr. Pease, the representative of the Chicago syndicate, at the office of Cook & Minthorn this morning and applied the force pum to him in about the following manner: "If it is not too impertinent I would like to ask you, for the information of the readers of the JOURNAL, what your people propose to do with the horse car line."
"I am not informed about the future plans of the gentlemen in Chicago. Personally, I have not determined whether I shall be interested in the purchase or not, but if I join in the enterprise I shall favor greatly improving the horse car service for the present. Your readers will understand that few lines of street cars in small cities like Salem are paying dividends. One thing I can safely say—our people are men of good business ability, and they will probably do the very best thing with the property when they get it."
"But, Mr. Pease, cannot you give something more definite, for example tell the exact date when your people will begin to change the road from a horse line to an electric line."
"As I said before, I am not informed. I came here unexpectedly to close the trade, with no consultation with Chicago parties as to future plans, and barely time enough to get instructions about detail of trade. I think, however, the Chicago gentlemen will give your people perfectly satisfactory service."
The reporter then asked Mr. Pease if he thought Salem could have electric service on the old line as soon as Commercial street is paved.
"The improvement of your streets is very much needed, in fact is a greater necessity than improved street car service. If your people start on these public improvements of course it would stimulate our people to do something. I would not be surprised if you would see electric cars running the length of Commercial street as soon as that street is paved. Remember I am not informed of the future plans of my people in Chicago."
"Well, how do you like Salem?"
"Salem is the best and most substantial city of its size that I know of. Beautiful (except her streets), surrounded by very beautiful scenery. It has immense resources and can become a city of 40,000 people easier than any other place I know of."
"What does the city most need right now?"
"Well, that is a leading question for a modest man to answer. Undoubtedly your people had best stick to the street business until that is settled. Then take up a line of systematic advertising. Have meetings of citizens and have speeches, get up enthusiasm and pass resolutions declaring that Salem shall become a city; then go out and act in accordance with the action of the meeting. Excursions will be very much in order this fall, after your city has a more presentable appearance. Lots of things can be done to set Salem growing very rapidly, after a little. Let me tell you that this city has a good set of real estate men, and if the people will support them Salem will boom."
THE STRONGEST SAFE IN OREGON.—Ladd & Bush, bankers have entered into a contract with the Hall Lock & Safe company, of Cincinnati, Ohio, for one of their heaviest weight Bessemer chrome steel burglar proof vaults with all the modern appliances. The safe will be furnished with two sets of burglar proof doors and automatic door doors. The bolt work and locks will be covered with plate glass to prevent the possibility of any one meddling with them, and to protect the steel work from rusting. The doors are guarded by double duplex time locks. The doors are also tenon and groove with dove-tail, fitting so closely that they will cut a piece of thin paper into before shutting. The doors are carried in position in shutting in a straight movement instead of a swing, this is done by means of a patent worm and gearing device. The vault will be further guarded by a two foot brick wall, the strongest safe and vault in Oregon and equal to any in California or Washington.
SUE CONTINUES.—The damage suit of S. M. Leonard vs the S. P. Co., is still receiving the attention of the circuit court. The following witnesses were examined to-day: A. Goblet, J. Davy, S. Cooper, S. C. Lovell, Henry Rogers, J. J. Macey, J. H. Albert, John Gray, T. J. Miller, J. Rapp, S. M. Leonard, Mrs. Adair, Mrs. Gliman, Mrs. Miller, H. P. Minto, for plaintiff and J. W. Mantle and Mr. Cherry for the defense.
NEW LINE.—Rare and delicately flavored shells of the Pacific coast, souvenirs made from the big trees of California, view albums, etc., at Geo. F. Smith's, 307 Commercial. Call and see them!

THE FRUIT GROWERS.
Time Fixed for Next Meeting, Saturday, May 16.
The Marion County Fruit Growers' association met in the ordinary of The Willamette hotel Tuesday at 10 a. m., President Babcock in the chair.
A strawberry show was discussed and on motion the chair appointed a committee to draw up rules governing an exhibit and to prepare a circular offering prizes for displays of strawberries at a date to be fixed in the future. Committee, E. Hofer, H. N. Ragan, W. M. Wirt.
R. D. Allen moved to amend constitution so that executive committee is to prepare program four weeks before time of meeting and have same published. To be acted upon at next regular meeting.
On motion the society voted to hold an adjourned meeting on Saturday, May 16.
PROGRAM.
The following topics were suggested for program at next meeting:
1. Berry packages—what are best and most economical—samples to be shown. Mr. Keyes to lead.
2. Fruit Dryers and Fruit Drying. Good and weak points of dryers to be shown up. Mr. Jory to lead.
3. Final arrangements for berry show to be announced, and discussion.
On motion next meeting was to be held at court house. Adjourned to meet May 16, at 10 a. m.
PERSONAL MENTION.
Grover P. Terrell is down from Melama, "by the daily Salem stage."
R. Archibald, Will Prunk, Mrs. Nettie Ashby and others, from Whiteaker, were in the city Tuesday of this week.
Mrs. L. N. Roney, of Eugene, who has been visiting her sister Mrs. Bonham, returned to Eugene today, accompanied by Mrs. Bonham.
Mr. E. B. Campbell, a prominent merchant and farmer of Emmet county, Iowa, is in the city, the guest of his old friend and neighbor, Frank Davey. Mr. C. came out to Portland with his son-in-law and daughter, who will reside there in future. He is delighted with this country and may conclude to come hither with the remainder of his family in time.
LOCAL BRIEFS.
Hon. Tilmon Ford is confined to his room.
Prest. David Simpson, of the Electric, is down with a gripe.
The furniture of S. Ernst has been attached by the sheriff to satisfy a note held against Mr. Ernst by Frank Schaubel.
Judge E. C. Brounagh, attorney for the Southern Pacific company is sick at his home in Portland. N. B. Knight is conducting the damage suit in his stead.
The Hotel Willamette has just put in a thousand pound refrigerator to keep sweet its sweets and meats.
The Scotch entertainment to be given next Friday evening in the M. E. church promises to be a good thing. Mrs. Grubbe and Miss Scriber will read Scotch recitations.
A letter from a friend in central Nebraska reports ice freezing over an inch thick on the third of this month, and the wind blowing "strong enough to blow a man out of a furrow." In the meantime Oregon peaches were in bloom and no more plowing to do.
School hats for 25 cts. at Calvert's.
FOR SALE.—Two good mares, well broken for all work. Both with foal. Inquire of J. M. Payne, State street, 810-14f.
ART EXHIBITION.—Look out for the art exhibition at the Singer manufacturing company's office, 327 Commercial street, commencing April 16th. 4-10-1f
An Opportunity in Real Estate
FOR SALE FOR 30 DAYS.—What is known as the "Marble Corner," corner of Court and Liberty streets. Also 1 1/2 blocks across the street north of the East Salem school house. This property will be for sale for the next 30 days. Inquire of 312 1/2 M. L. CHAMBERLAIN.
Sun hats for 25 cts. at Calvert's.
A new thing—No slight on quality—At the Salem Cash Grocery.

SCROFULA
Is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful runnings sores on the arms, legs, or feet; develops glcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of scaples, cancerous growths, or the many other manifestations usually ascribed to "Humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases of affections, for very few persons are entirely free from it.
How Can CURED
It Be
By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, after when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.
"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was so mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ACHERTON, Passaic City, N. J.
Hood's Sarsaparilla
Sold everywhere, 50 cts. per bottle. Prepared by T. J. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

DON'T
Buy a lot in
YEW PARK
Unless you want to build on it.
YEW PARK IS IN THE CITY.
The city water mains are laid through it. It is so near the Depot, University, Postoffice and business portion of the city that it is not necessary to ride, although the street cars run through it and leave every twenty minutes for Commercial street, North and East Salem. YOU CAN'T SPECULATE IN YEW PARK PROPERTY—the proprietors will attend to that; but you can buy a better home site there than in any other portion of the city for the same money. You will have no dust in Summer and no mud in winter. Its perfect drainage insures its healthfulness. The lots are large and many of them beautifully shaded with yew, fir, ash and oak. If you want to buy blocks of lots on speculation, and let them lie unimproved and let adjoining property make them valuable, don't patronize Yew Park.
It is not Built That Way
If you want to speculate on options or blocks of eight or ten lots, go out in the country, NORTH, SOUTH, EAST or WEST, or to the suburbs of Portland, Astoria or the Sound, and invest in a paper town, or, what is better, buy a ticket in the Louisiana lottery, but keep away from Yew Park.
Lots sold at low prices on long time and easy terms to home seekers.
