PRESIDENT'S DAY IN SALEM
The Line of March and Parade Mapped Out.
A LARGE ATTENDANCE EXPECTED.
Governor Pennoyer Will Take Part in the Exercise--Program Arranged.
A well attended business meeting of the several committees on presidential reception was held yesterday afternoon. The male members met in the council chambers and the ladies assembled at Gov. Moody's, but sent a delegation consisting of Mrs. England, Mrs. Judge Lord and Mrs. Burnett, to report to the other committees and ascertain further arrangements.
The sub-committee on line of march and program presented a report, which was modified in some particulars and adopted as follows, with possibilities of further modification as facts develop:
The president's train will be met at State street crossing and the procession formed in the following order:
LINE OF MARCH AND PROGRAM.
1—Chief marshal Geo. H. Burnett and aids.
2—Second Regiment band.
3—Escort of members of Sedgwick post, G. A. R.
4—Carriage with President and Mrs. Harrison, Governor Pennoyer and Mayor P. H. D'Arcy.
5—Carriage with Postmaster-General Wanamaker, Hon. A. N. Gilbert, ex-Gov. Z. F. Moody and State Treasurer Phil. Metcahan.
6—Carriage with Hon. Secretary Rosk, ex-Gov. S. F. Chadwick, State Supt. E. B. McElroy and ex-Mayor George Williams.
7—Carriage containing justices of the Oregon supreme court.
8—Carriage containing Mr. and Mrs. Russell Harrison, Mrs. McKee and Mrs. Z. F. Moody.
9—Carriage containing Mrs. Dimick, Mrs. Boyd, Mrs. B. F. Boutam and Mrs. Wm. England.
10—Carriages with members of the Salem city council.
11—Carriages with members of reception committees and other visitors.
12—Mt. Angel band, officers and students.
13—Battalion of Oregon National Guard.
14—Willamette university band.
15—Students of Willamette university and other educational institutions.
16—Harrison Institute Indian band.
17—Officers and students of Harrison Institute.
Arriving at the capitol, the president and party, together with specially invited guests, will be escorted to the west portico, where seats will be provided and the assemblage will listen to the following program:
PROGRAM:
Address of welcome by Mayor P. H. D'Arcy.
Address by Governor Pennoyer.
Response by President Harrison.
Addresses by other members of the presidential party.
NOT SUFFICIENT TIME.
The ladies of the decorative and reception committee had intended, if sufficient time could have been obtained for the visit here, to ask Mrs. Gov. Moody for the use of her parlors to which to take the ladies of the party during the formal exercises at the state house, and there hold a reception for Mrs. Harrison on the part of the ladies of the city, but as the instructions are positive for only an hour, that part was reluctantly abandoned and it was decided that while the formal introduction and short speech making are in progress on the portico, the ladies will be invited into the senate chamber and a levee held, to which only ladies shall be admitted.
CARRIAGES.
It will be seen by the foregoing that a large number of carriages will be required, and the sub-committee, now consisting of C. B. Moores and Frank Davey, Mr. Dugan being called to Portland on business which prevents his attention to this matter, earnestly request that those who will contribute their private conveyances send in word as soon as possible, that the number to be hired may be ascertained.
THE SCHOOL CHILDREN.
To make the rising generation as found in our excellent schools, public and private, the grandest feature of the reception, it is desired that all meet at their respective school houses at 8 o'clock in the morning, and thence march under the guidance of their teachers to the court house square, around which they will be marshaled in glad array to see the president and party and be seen by them. Promptness and good order in this feature will insure pleasure to the young folks and pride to their elders.
DECORATIONS.
The ladies who were appointed for this work have placed the matter under the special charge of a sub-committee consisting of Mrs. Judge Lord, Mrs. Judge Bonham, Mrs. England and Mrs. Burnett, the taste and skill of whom leave no doubt that it will be well done.
GENERAL MATTERS.
Secretary Hodgkin was requested to write Manager Koehler, of the railroad, asking information as to whether the presidential train

would be halted at State street, and whether accommodations could be had to take the Second Regiment band from here to Portland after the reception here, besides other minor matters necessary to be known in advance.
The committee on reception would like to go as far as Albany to meet the visitors, but they as yet know of no way of getting back here.
The committee on arrangements by unanimous vote request all banks, offices and other business houses to close on that day from 8 o'clock a. m., until after the reception is over, that the clerks and other work hands may have an opportunity of enjoying the occasion. It is hoped the wish thus expressed may be met with cordially.
GOV. PENNOYER'S LETTER.
A letter was read from G. V. Pennoyer to Chairman Waite, in which the governor expressed himself in the same substance he was reported in Wednesday's JOURNAL and those present heartily applauded the cordiality with which his excellency enters into the welcoming reception of the capital city.
FINANCE.
O. M. Smith, of this important committee, made an excellent report, but there are many who have not yet signed the list who should do so. There will be money needed for hacks, carriages, horses for marshals, for men to carry flowers and other decorative material to the ladies, for telegraph dispatches, for printing invitations, for badges, and for numerous other expenses which cannot be avoided. The committees will be as economic as possible and if any money is left over it can be turned into the 4th of July fund, so not a cent will be wasted.
SUPREME COURT ADJOURNED.
A Long Term of Court Ended--Convenes in Pendleton.
Monday
The judges of the Oregon supreme court met at the state house Thursday and completed the business in the court for the March term. It will convene in Salem again the 3rd of June, and in the meantime a session will be held in Pendleton, where the court opens next Monday. The following are the opinions submitted at the closing of the term:

State Ins. Co., app. vs. O. R. & N. Co., resp.; appeal from Multnomah county. Judgment of the lower court affirmed. Opinion by Lord, J.
Miller vs. S. P. R. Co. and Guthrie vs. S. P. R. Co.; motion for rehearing denied and remanded to the court below with directions to sustain motion for non-suit. [This is the case of damages for the killing of Engineer Jack Miller, familiarly known as "Big Jack," and military known as Guthrie, in the accident at Albany nearly two years ago. The court holds the company was not responsible for the accident, as the track had been tampered with. The ruling of Judge Boise was not sustained. The fact precludes the possibility of the widow or heirs of the dead man getting anything from the railroad company.]
Ordered that the court stand adjourned till June 3d, 1901.

MORE ABOUT PAVING.
Opinions on Portland Paving--What The Committee Learned When in the Metropolis.
The JOURNAL reporters have been accused of using the force pump in getting information. They endeavor to be enterprising and get the news whether it comes by means of the force pump or the artesian flow. A reporter made a second attempt to get some information in regard to the investigations of the committee who went to Portland to see the streets there. Mr. Brown, who is chairman, was reticent and little information was gained, further than that Portland had plenty of bad streets. Some fair macadamized streets were found in the residence part of the city, but none in the business portion. He being chairman of the committee preferred not to commit himself until he reported to the council. Mr. Lafore said in his opinion brick was the paving. An opinion could not be obtained from Mr. Gray.
Some of the men of Portland claim that many of their bad streets are due to the fact that the consent of one-third of the property owners must be obtained to put down any kind of paving. This has caused two or more kinds of paving on the same block. One prominent man, of Portland, made the remark to the committee: "If we had such an ordinance as you would have good streets, and it would cost no more than it does now."
C. B. Moores went down to Portland with the committee and was freer to express his opinion on what he saw. He says the prevailing opinion in Portland is in favor of vitrified brick. He further says that cost has been greatly exaggerated. In Portland none of their contracts for Belgian blocks have cost more than \$2 a yard. A contract had just been closed in Vancouver for cedar blocks for \$1.24 a yard. It is claimed the brick is as durable and less expensive than Belgian blocks.
PREPARE THE FLOWERS.
The Ladies' Committee Want all to Participate With Them in the Grand Flower Display.
The committee on floral decorations desire, as a part of the tribute of flowers on the President's day, that every family shall gather flowers and make up hand bouquets for all the children and those who will take part in the review or parade. Flowers that cannot be used in this way should be cut the day before and sent to the head quarters at Mrs. Governor Moody's, and they will be made use of. In this way all can contribute in the floral display. Wild flowers and flowering shrubs are especially desired.
Mrs. Moody, Chairman Com.
CONDITION OF THE STREETS.
The streets of this city are again getting in a fair condition. The few days of clear weather has dried up the mud which was several inches deep a few days ago. By the time the president comes to Salem the streets will be in a fine condition, should no more rain fall in the mean time. The streets being in a good condition is an important point to the success, or at least to the pleasantness of the occasion. The committee appointed by the council to visit Portland and investigate the macadamized roads about that city refuse to give any information on the subject until they report to the council. The next council meeting will be held on Tuesday night of next week.
HORSE BEATEN.—A balky horse in North Salem was cruelly beaten this morning, and two neighbor women threaten to lodge complaint through the humane society. The owner of the horse was seen by a JOURNAL reporter and says the animal is a very stubborn and aggravating one. He feels bad about the matter and says it shall not occur again.

DON'T BUY A LOT IN YEW PARK Unless you want to build on it. **YEW PARK IS IN THE CITY.** The city water mains are laid through it. It is so near the Depot, University, Postoffice and business portion of the city that it is not necessary to ride, although the street cars run through it and leave every twenty minutes for Commercial street, North and East Salem. YOU CAN'T SPECULATE IN YEW PARK PROPERTY—the proprietors will attend to that; but you can buy a better home site there than in any other portion of the city for the same money. You will have no dust in summer and no mud in winter. Its perfect drainage insures its healthfulness. The lots are large and many of them beautifully shaded with yew, fir, ash and oak. If you want to buy blocks of lots on speculation, and let them lie unimproved and let adjoining property make them valuable, don't patronize Yew Park.
It is not Built That Way If you want to speculate on options or blocks of eight or ten lots, go out in the country, NORTH, SOUTH, EAST or WEST, or to the suburbs of Portland, Astoria or on the Sound, and invest in a paper town, or, what is better, buy a ticket in the Louisiana lottery, but keep away from Yew Park.
